Once upon no time there was a Little Soul . . . And this Little Soul wanted to understand forgiveness. Except the Little Soul didn't just want to understand forgiveness--the Little Soul wanted to experience forgiveness and know what it felt like to forgive another. So God helped in the best of all possible ways: by putting the Little Soul in the body of Meghan, a newborn baby just beginning to explore all the magic the world had to offer. But God never sends any Little Soul to Earth all alone. God sent along Melvin, a guardian angel, and a promise that God would always be there--even if the Little Soul forgot from time to time. Experience the world through the eyes of the Little Soul in her first few moments on Earth as Meghan meets her mommy and daddy, learns about love, and begins to figure out what it means--and how it feels--to be human. The Little Soul and the Earth is a delightful, vividly told and illustrated tale from the team that created The Little Soul and the Sun. The first of a new series of Little Soul adventures, it exemplifies the vital truth that God is with us always, no matter where our own adventures lead and no matter how many times we may forget that truth. Gently reminding us that beauty and love are all around, the world of the joyous Little Soul is a place your child will want to visit again and again.

A free-and-easy style of performance is appropriate for this extremely popular cantata-musical about Jonah and the whale. The score is for unison voices, narrator and piano (with chord symbols). There are opportunities for a suitable group of jazz instrumentalists to use the piano score as the basis for improvisation, and there's even hand clapping and finger clicking for the singers!

Three little bears set out, on a dark night, to explore a mysterious hollow tree and, once inside, make surprising discovery after surprising discovery.

Everyday Songbook

Antonia Lucia Labella has two secrets: at fifteen, she's still waiting

for her first kiss, and she wants to be a saint. An official one. Seem strange? Well, to Antonia, saints are royalty, and she wants her chance at being a princess. All her life she's kept company with these kings and queens of small favors, knowing exactly whom to pray to on every occasion. Unfortunately, the two events Antonia's prayed for seem equally unlikely to happen. It's not for lack of trying. For how long has she been hoping to gain the attention of the love of her life – the tall, dark, and so good-looking Andy Rotellini? Too long to mention. And every month for the last eight years, Antonia has sent a petition to the Vatican proposing a new patron saint and bravely offering herself for the post. So what if she's not dead? But as Antonia learns, in matters of the heart and sainthood, things are about as straightforward as wound-up linguini, and sometimes you need to recognize the signs.

Thompson's works, presented chronologically and given RT numbers, are described based on information gleaned from correspondence, diaries, personal interviews with his family, friend, and colleagues, newspaper reviews, the composer's own program notes, recordings, and assorted other sources. Extensive performance histories on the more important works are provided, and every known performance which Thompson himself conducted or attended is cited. In addition, conductors who particularly championed Thompson's works are given emphasis in the commentary and lists of performances--Back cover.

Material from Classical Music (Eyewitness Companion) with updates.
This book is a guide to every aspect of the long and ongoing story of Western classical music. It reveals in a stimulating and lively way the exceptionally gifted individuals who have shaped the musical landscape over a millennia, from the chanting monks of the middle ages to the bold exponents of minimalism of the last 100 years. Personal and creative profiles of composers, both major and minor, form the heart of the book and offer rich insights into the qualities of their music and an ideal introduction to the range and diversity of the Classical repertoire.

'A powerful and gripping piece of writing from a born storyteller.' Joseph O'Connor

'The narrative is just like his singing voice, full of powerful strength and

compassion.' Michael Harding 'Lucid, lovingly-written and lyrical.' Professor

Christine Kinealy 1846. County Cork. On the barren outskirts of Macroom, Pádraig and Cáit ua Buachalla face a perilous winter after the comprehensive failure of their blighted crop – the final episode in a whole history threatening to push them over the edge. From his shop at the centre of town, pawnbroker Cornelius Creed sees the poor in their darkest hour, his premises often being their last stop on the way to

the workhouse. Perfectly placed at the juncture between the classes, through Creed we also follow the wider political events that inform local government decisions and their impact on those struggling to survive. Their stories, and those of many others, weave into a powerful account of the Great Famine's grip on a single Irish town. At once epic and intimate, this meticulously researched, multilayered work from one of Ireland's best-loved singer-songwriters delivers a rich, lyrical debut that resonates powerfully with our own troubled times.

Action songs, feel-good songs, rhythmic songs and funny songs -- Eileen Diamond's Everyday Songbook is a bright collection of 29 catchy melodies. The songs cover everyday topics appropriate to the age groups, and have been carefully designed to stimulate language development, creativity, coordination, memory, rhythmic responses and concentration. No musical knowledge is required as demonstration and fun backing tracks are provided on the two CDs included. (Alternatively, piano accompaniments are available to download.) Actions and follow-up activities are also included, as well as simple percussion parts to some of the songs. The Everyday Songbook is ideal for use at home, nursery and elementary school.

This is a magnificent new resource for promoting good singing in schools and choirs. Packed with songs and ideas, the book and double CD will inspire any choir and make singing fun.

Vocal Warm-ups

What choral conductor or soloist has not looked around for new ideas for warming up the voice? Here are 200 suggestions all at once! And these creative exercises do more than just warm up the voice: they help to relax the body, train the ear and develop an awareness of dynamics and rhythm. "Klaus Heizmann's collection is a wonderful new resource of ideas and techniques: practical, varied, challenging, relaxing and stimulating. I am always looking for new ideas, as I like to use a different set of warm-ups at every rehearsal with my choirs, and I tend to choose specific exercises to suit the repertoire for the day. This collection gives us 200 excellent "tools-of-the-trade"; they are clearly labeled, intelligently set out, well-designed and extremely useful." (Simon Carrington, Director of Choral Activities, New England Conservatory since 2001; Director of Choral Activities, The University of Kansas 1994-2001; Founder and co-director of the King's Singers 1968-1993) Taking a "Sing First, Talk Later" approach, The Singing Book gets students singing from the very first day. Combining a simple introduction to basic vocal technique with confidence-building exercises and imaginative repertoire-with 30 new songs-The Singing Book teaches beginners the vocal skills they need to get started, gives them

exciting music to sing, and provides the tools they need to develop the voice and keep it healthy. A new recordings disc included free with every new book provides the melodies and accompaniments for all 78 songs for practice and performance. On a snowy Friday night in 1979, just hours after making love for the first time, Richard's girlfriend, high school senior Karen Ann McNeil, falls into a coma. Nine months later she gives birth to their daughter, Megan. As Karen sleeps through the next seventeen years, Richard and their circle of friends reside in an emotional purgatory, passing through a variety of careers—modeling, film special effects, medicine, demolition—before finally reuniting on a conspiracy-driven super-natural television series. But real life grows as surreal as their TV show as Richard and his friends await Karen's reawakening . . . and the subsequent apocalypse.

Full of rhythmic fun and regional flavor, this quickly learned folk song from West Central Africa will brighten any concert set. Written in the form of a round, all three vocal parts are within an octave range. Performance and staging options, as well as suggestions for adding movement, are included, and an optional conga part is available for download.

Junior Songscape is the perfect resource for primary school singing, and prepares the way for Lin Marsh's hugely successful Songscape book. This is an invaluable collection of twenty-eight songs covering an exciting range of musical styles, from ethnic music, theater, pop classics and rounds, to Lin Marsh's original pieces. The book is divided into five different sections to provide topic ideas for teachers: seasons, feelings, history, Shakespeare and travel. It also includes Stars, Hide Your Fires from the QCA'S Key Stage 2 Schemes of Work. A tremendous opportunity for bringing confidence into the classroom and for concert singing, with vocal ranges carefully considered for the age group. Several songs have optional additional vocal parts and the keyboard accompaniments are well within the grasp of pianists of moderate ability. The accompanying CD includes complete performances of all the songs; adjusting the balance channel provides piano accompaniments alone.

In this enthralling new novel from the author of The List (a “smartly paced and dishy debut,” Publishers Weekly, starred

review), a young woman working in the high-end art world stumbles upon a rare antique—and an irresistible man with a dark past. After eight years in the American Furniture department at Christie's, twenty-nine-year-old Carolyn Everett is a rising star. But one wrong decision and a scandal leaves her unemployed and broken. Desperate to piece her life back together, Carolyn leaves New York City to work in a tiny antique store in Newport, Rhode Island. One day at a small county auction, she discovers a piece of Middle Eastern pottery, which she purchases for twenty dollars on a hunch. Curiosity sends her on a mission to find its original owner, and she eventually winds up in the town's United States Navy Base—and in a relationship with notorious womanizer Marine Sergeant Tyler Ford, who claims the relic came to him as a gift from his translator during the early days of the Iraq War. From two different worlds, Tyler and Carolyn become obsessed with the mysterious relic—and each other—until the origin of the art comes under intense scrutiny and reveals a darker side of Tyler's past. Carolyn still feels like there's more to the story, but can she risk attaching herself to another scandal—and does she truly know the man she's fallen in love with? *The Price of Inheritance* is a rare find of a novel. Engaging, suspenseful, and full of intrigue, it delves into the elite world of big bucks deals and dangerous black market promises, where one woman must decide whether she's willing to gamble her greatest asset—her heart.

This book discusses the aging voice, one of the interesting issues related to aging. Population aging is an issue in most developed countries, where both physicians and specialists are required to improve clinical and scientific practice for elderly adults. In particular, the need for expertise in the diagnosis and treatment of aging voice pathologies is increasing continually. New developments in regenerative medicine have taken care for the aging voice to new level, and the contributors to this book use their wealth of experience in the field of the aging voice to present the latest advances in this field. This book is a unique resource, providing new perspectives for physicians, clinicians and health care workers who are interested in the aging voice.

The concept of possible selves, first brought to life only a short time ago by Hazel Markus and Paula Nurius (1986) has grown into an exciting stream of research. Scholars have examined possible selves with regard to a host of adolescent outcomes, including academic achievement, school persistence, career expectations, self-esteem, delinquency, identity development and altruistic behaviours. This book represents a sample of the current research being conducted in the area of possible selves. The contributors to the book were chosen to represent a variety of perspectives, and to collectively illustrate some of the different ways that possible selves are being conceptualised, empirically examined and used in interventions.
