Beginning teen piano players want to sound good right away. Beginning teen piano players also want to sound cool... right away. Unfortunately, most beginning piano music is composed with the developmental abilities of young

children in mind... which means beginning teen piano players will not sound cool anytime soon. But that's about to change! With WunderKeys Rock Repertoire we are revolutionizing piano music for teen beginners. You will not find Twinkle, Twinkle, Little Star, My Bonnie Lies Over The Ocean, or Mary Had A Little Lamb in this book. Instead, you will find rock-infused music written just for teens in their first year of piano lessons. The 14 piano pieces in WunderKeys Rock Repertoire For Teen Beginners are set in the C 5-Finger Scale and are accompanied by full teacher duets to create an inspiring musical experience. If your teen beginners are uninspired with "too young" music or "too boring" music, surprise them with WunderKeys Rock Repertoire. Upcoming releases in the WunderKeys Rock Repertoire book series include: WunderKeys Rock Repertoire For Teen Beginners: Piano Pieces In Middle C Position WunderKeys Rock Repertoire For Teen Beginners: Piano Pieces In The G 5-Finger Scale Creating big sounds over a wide range of the piano keyboard is thrilling for young students, regardless of gender. After completing his book Especially for Boys, Dennis Alexander was inspired to create this late elementary companion volume, Especially for Girls. While girls certainly enjoy playing tender and romantic pieces, just as many enjoy playing pieces with robust sounds and exciting rhythms-this dynamic collection offers all of the above! A great way to

help younger students broaden their musical horizons.

Simply Sensational!, Book 1

This book is for adults who are absolute beginners in music. You don't have to read sheet music or have any kind of musical background. No previous knowledge is necessary. None at all. If you don't know musical notes well, you can PLAY BY LETTER. There are 7 sections and 43 songs. All songs are adapted for beginners and can be played with just one hand. Some songs in this book have several versions, with one of them being more advanced. This will allow you to see how the same melody can be played in different keys. Whatever your age, it is never too late to begin to play the piano (or any keyboard instrument). For middle-aged people, learning a musical instrument can be a great digital detox, and it also can unlock the door to a new interest or forgotten emotions. The second book in the New York Times bestselling series that began with *If You Ever
Want to Bring an Alligator to School, Don't!* is another uproarious cautionary tale about
things that DON'T belong together! If your mom says to get ready to play at the beach,
she means with a boat, or a Frisbee, or a shovel. She is NOT talking about the piano. But
Magnolia is a little girl with a big idea, determination, and one very heavy upright piano
that, she insists, she needs to take with her. What's the worst that can happen? In a
riotous series of mishaps, Magnolia quickly learns that--not surprisingly--a piano doesn't

mix well with sand, sun, and seagulls!

Each book in this new series contains arrangements and original pieces that provide beautiful, rich harmonies, numerous patterns that easily fit the hands and lyrical melodies that speak to the heart. These sophisticated books are the perfect supplement for any adult method book and include a wealth of motivational repertoire. Titles: * Danny Boy (Londonderry Air) * Distant Memories * Downtown Boogie * Lots o' Blues * Midnight Rag * Simple Gifts * Sonata Path é tique (Theme from the 2nd Movement) * Song Without Words * Starbeams * Thinking of You * Valsette

A series of books that meet the challenge of providing students with fun music that makes practicing enjoyable as well as being entertaining for the listener. Three volumes of lyrical waltzes, romantic ballads, lively rags and swinging jazz pieces spanning elementary through intermediate grades.
