documentary film of all
time, the 18-year-old
Canadian pop star dubbed
"Super Boy" on Rolling

Stone's recent cover has
countless fans who hang on
his every word. But is
there more to this pop
idol's startling success
than his legendary haircut
and unusual talent? "The
success I've achieved
comes ... from God,"
Bieber says "I feel I have
an obligation to plant
little seeds with my fans.
I'm not going to tell
them, 'You need Jesus,'
but I will say at the end
of my show, 'God loves

you.'” The bold yet humble
faith that grounds
Bieber's worldview may
just be the key to his
extraordinary appeal.

Recognizing that music and
film are the language of
this new generation,
author and religion
journalist Cathleen
Falsani's hope is that
this book will encourage
faith leaders as well as
parents to engage with
popular culture in a
different way so they can
better talk to their kids
about what matters most.
See the debate on abortion
from a new perspective as

a young conservative
discusses the effects that
modern culture and
politics have had on both
sides of the argument.
Danielle D'Souza Gill, in
a pathbreaking new book,
blows the lid off the
abortion debate, which is
radically different than
it was when the Supreme
Court issued its landmark
ruling of *Roe v. Wade* in
1973. Technology has
transformed the landscape
and allowed people to see
development in the womb.
Ultrasound has rendered
many old assumptions about
abortion obsolete. The

*Democratic Left has become
radicalized on abortion.*

*It is no longer a
necessary evil, but a
positive good.*

*Consequently, the Left has
legitimized a form of mass
killing in this country
that dwarfs the deaths
caused by cancer, smoking,
homicide, terrorism, and
war. Writing with
freshness, intelligence,
and insight, Danielle
explores the contours of
the debate, taking into
account new ideas, new
technology, and new laws
and putting forth a new
vision for a life-*

*affirming society. In
Socratic style, Danielle
builds her case in*

*response to the strongest
contentions of the pro-
choice camp. She engages
their most powerful
arguments head-on,
carefully examines them,
and then dismantles them.
The result is a pro-life
argument so persuasive
that it will reach into
the heart of the most
hardened opponent. While
it is a heartbreaking
book, it is in the end
inspiring. No matter what
you believe about
abortion, this book will*

For all who yearn to travel to the home of the sagas, a beautifully illustrated companion to the terrain of Iceland—from puffins to ponies, glaciers and volcanoes to legendary trolls.

Described by William Morris as “ most unimaginably strange, ” the landscape of Iceland has fascinated and inspired travelers, scientists, artists, and writers throughout history. This book provides a contemporary understanding of the landscape as a whole, not only its iconic glaciers and volcanoes, but also its deserts, canyons, plants, and animals. The book examines historic and modern scientific studies of the landscape and animals, as well as accounts of early visitors to the land. These were captivating people, some eccentric but

through the online world of fans, stans, and boybands. Along the way we meet girls who damage their lungs from screaming too loud, fans rallying together to manipulate chart numbers using complex digital subversion, and an underworld of inside jokes and shared memories surrounding band members' allergies, internet typos, and hairstyles. In the process, Tiffany makes a convincing, and often moving, argument that fangirls, in their ingenuity and collaboration, created the social internet we know today. “ Before most people were using the internet for anything, ” Tiffany writes, “ fans were using it for everything. ” With humor, empathy, and an insider ’ s eye, *Everything I Need I Get from You* reclaims internet history for young women, establishing fandom

not as the territory of hysterical girls but as an incubator for digital innovation, art, and community. From alarming, fandom-splitting conspiracy theories about secret love and fake children, to the interplays between high and low culture and capitalism, Tiffany ' s book is a riotous chronicle of the movement that changed the internet forever.

Alan Krueger, a former chairman of the president's Council of Economic Advisers, uses the music industry, from superstar artists to music executives, from managers to promoters, as a way in to explain key principles of economics, and the forces shaping our economic lives. The music industry is a leading indicator of today's economy; it is among the first to be disrupted by the latest wave of technology, and examining

Square Wall Calendar By
Bravado With Foil Stamped
Cover Music Pop Singer

the ins and outs of how musicians create and sell new songs and plan concert tours offers valuable lessons for what is in store for businesses and employees in other industries that are struggling to adapt. Drawing on interviews with leading band members, music executives, managers, promoters, and using the latest data on revenues, royalties, streaming tour dates, and merchandise sales, Rockonomics takes readers backstage to show how the music industry really works--who makes money and how much, and how the economics of the music industry has undergone a radical transformation during recent decades. Before digitalization and the ability to stream music over the Internet, rock stars made much of their income from record sales.

Square Wall Calendar By
Bravado With Foil Stamped
Cover Music Pop Singer
Songwriter Celebrity

Today, income from selling songs has plummeted, even for superstars like James Taylor and Taylor Swift. The real money nowadays is derived from concert sales. In 2017, for example, Billy Joel earned \$27.4 million from his live performances, and less than \$2 million from record sales and streaming. Even Paul McCartney, who has written and recorded more number one songs than anyone in music history, today, earns 80 percent of his income from live concerts. Krueger tackles commonly asked questions: How does a song become popular? And how does a new artist break out in today's winner-take-all economy? How can musicians and everyday workers earn a living in the digital economy?

maintaining, and contesting
identity and belonging.

"This book brings performance
and flight together in
conversation as a means to
explore the ways in which human
heavier-than-air aviation and
space travel have been
fundamentally connected to
images, gestures, narrative
tropes, and performative acts.
Performance has shaped the
enterprise of flight in public
perception and consciousness
and in many cases has
guaranteed its success as
modes of entertainment, travel,
research, and warfare. From the
early professional aerial

entertainers known as barnstormers, whose name was drawn from the itinerant theatre troupes of the nineteenth century, to the emerging industry of space tourism, which now uses performative means to cement its importance as both manifest destiny and an escape route from a failed planet, performance and flight have been inextricably linked in ways that have heretofore been underexamined"--

**How YouTube shook up TV
and created a new
generation of stars**

Though K-pop has spread globally, a lot of English language discussion about it is dominated by American media. This led me to write this book to add the South Asian perspective in the discourse on this global music phenomenon. What's in the book? 1. Delineation of all kinds of K-pop fans; from the creative ones to the crazies. 2. Analysis of K-pop Stan culture vis-a-vis Korean Idol industries' marketing strategies. Who can read it? 1. People who have stumbled upon K-pop and are completely lost right now. 2. Those who are veterans of the mess that's K-pop Stan's life and want to take a step back to critically look at the politics and dynamics of K-pop fandom.

60th anniversary with the 2018 edition! Users will find everything worth knowing and celebrating for each day of the year: 12,500 holidays, historical milestones, famous birthdays, festivals, sporting events and much more. "One of the most impressive reference volumes in the world."--Publishers Weekly.

The online environment has emerged as a continuous and unfettered source of interpersonal criminal activity beyond physical boundaries. Cyberpredators commit their crimes by employing the Internet and online services—social network platforms, online groups and organizations, smart phone apps, bulletin board systems, online forums, websites, internet relay chat channels—to locate and harm victims of all ages through attacking, exploiting, humiliating,

*bullying, harassing, threatening,
defrauding, and exhorting.*

*Cyberpredators and Their Prey describes
non-sexual and sexual interpersonal*

*crimes—online romance scam, swatting,
trolling, stalking, bullying, harassment,
minor sexting, sexual trafficking, child
sexual abuse material, sextortion, and
image-based sexual abuse offenses.*

*Each chapter contains: crime definition
and relevant issues; typical
cyberpredator, motives, and methods;
typical victims and behaviors that make
them targets; current criminal laws for
prosecuting cybercrimes and assessment
of their applicability and effectiveness
as deterrents; the crime's impact on
individual victims and society in general;
and cybersecurity prevention and
intervention strategies. Also covered are*

and policing of masculinity in pop music as a starting point for grasping the broad complexity of gender and its politics in the early twenty-first century. Drawing together perspectives from critical musicology, gender studies, and adjacent scholarly fields, the book presents extended case studies of five well-known artists: Zayn, Lil Nas X, Justin Bieber, The Weeknd, and Take That. By directing particular attention to the ambiguities and contradictions that arise from these artists' representations of masculinity, Hansen argues that pop performances tend to operate in ways that simultaneously reinforce and challenge gender norms and social inequalities. Providing a rich exploration of these murky waters, Hansen merges the interpretation of recorded song and

Nowhere But Up

There is an urgent focus on education around the world, and this book is pushing directly into this territory. It will appeal to a wide range of readers – to anyone who is passionate about art and or education – and will have a strong international appeal as the contributors have international profiles and the book is poised to address global issues concerning contemporary art, education, and independent practice. In this collection of original essays, the writers engage with the work of the artists who took part in Art School. Each contribution provides a lens through which each

Square Wall Calendar By
Brevardo With Foil Stamped
Cover Music Pop Singer
Songwriter & Author

writer can focus on specific moments within the evolution of Art School, working outwards to explore how these moments resonate with the wider fields of art-in-education and radical pedagogies. These texts respond to a widespread concern with art and its place in education, while retaining a committed and informed engagement with the phenomena they assess. Art School takes place as a series of independent projects, exhibitions, workshop and residency programmes, bringing active contemporary artists into educational systems to inspire and expand their teachings. Responding to a growing desire to rethink art education at all levels, it is for those committed to new forms of social imagination and social engagement in contemporary art. This book is for curators, schoolteachers

and other educators, and also for artists and art students who wish to extend their practice beyond the gallery. Less a manifesto or a declaration of doctrine than an emergent set of experiments, Curriculum considers the school as a zone of artistic and curatorial practice, foregrounding the potential of contemporary art (understood in wide terms) to stimulate students' creativity in original and open ways. Although the book focuses on a specific project in Ireland, that project exemplifies trends in art and education that are happening around the world and includes contributions from an international group of scholars all well-known in their field. Contributors: Clare Butcher, Gerard Byrne, Juan Canela, Helen Carey, Daniela Cascella, Fiona Gannon, Jennie Guy, Andrew Hunt,

sites of education. This publication was funded by the Arts Council of Ireland and the Arts Office of Wicklow County Council.

Founder of the phenomenon social media account PreachersNSneakers tackles how faith, capitalism, consumerism, and (wannabe) celebrity have collided and asks both believers and nonbelievers alike: how much is too much? What started as a joke account on Instagram has turned into a movement. Through this provocative project, the founder of PreachersNSneakers is helping thousands of Jesus followers wrestle with the inevitable dilemmas created by our Western culture obsessed with image and entertainment. In PreachersNSneakers: Authenticity in an Age of For-Profit Faith and (Wannabe) Celebrities, Ben Kirby

Christians' minds, presenting experiences and input from both sides of difficult questions, such as: Should pastors grow wealthy off of religion, and can their churches ever be too large? Do we really believe that divine blessings are monetary, or is that just religious wallpaper to hide our own greed? Is there space in Christendom for celebrities like Kanye and Bieber to exist without distorting the good news? What about this: Is it wrong for someone—even wrong for author Ben Kirby—to call out faith leaders online and leverage “cancel culture” to affect change? PreachersNSneakers will navigate these challenging questions and many more with humor, wit, candor, and a few never-before-published hijinks. Each chapter will

explore the various sides of the debate, holding space for us to make up our own minds. This book is not about finding the perfect, “right” way to do something, but instead learning how to articulate what we believe, why we believe it, and what to do when we want to stand up against cultural norms. This book will doubtlessly become a staple for church small groups, college ministries, and book clubs, emboldening struggling believers who want to live a more genuine faith. After all, the Lord works in mysterious colorways.

This book is written for students who have intermediate proficiency in English, but need to practice conversing on a variety of topics. Each section in the book is designed to intertwine discussion questions with interesting topical facts and opinions in

order to guide students to speak as much as possible within the class period. Students will explore text and visual media to expand their knowledge of essential vocabulary for confident free talking.

This two-volume Handbook provides a major thematic overview of global sexualities, spanning each of the continents, and its study, which is both reflective and prospective, and includes traditional approaches and emerging themes. The Handbook offers a robust theoretical underpinning and critical outlook on current global, glocal, and 'new' sexualities and practices, whilst offering an extensive reflection on current challenges and future directions of the field. The broad coverage of topics engages with a range of theories, and maintains a

This book explores how television series can be understood as a form of literature, bridging the gap between literary and television studies. It goes beyond existing adaptation studies and narratological approaches to television series in both its scope and depth. The respective chapters address literary works, themes, tropes, techniques, values, genres, and movements in relation to a broad variety of television series, while drawing on the theoretical work of a host of scholars from Simone de Beauvoir and Yuri

Lotman to Ted Nannicelli and Jason Mittel, and on critical approaches ranging from narratology and semiotics to empirical sociology and phenomenology. The book fosters new ways of understanding television series and literature and lays the groundwork for future scholarship in a number of fields. By questioning the alleged divide between television series and works of literature, it contributes not only to a better understanding of television series and literary texts themselves, but also to the development of interdisciplinary scholarship in the humanities. Creators and creative industries are struggling to navigate the digital age. Intellectual property rights, including copyrights, trademarks, and patents, offer invaluable tools to help creative industries remain viable and sustainable. But to be fully effective, they must be considered as part of a greater ecosystem. Cultivating Copyright offers a framework for tailoring flexible strategies and adaptive solutions suited to diverse creative industries. Tailored solutions entail change on four

fronts: business models and strategies, legal policies and practices, technological measures, and cultural and normative features. Creating strong creative industries through tailored solutions serves critical functions: promoting richly varied artistic endeavors and supporting democratic flourishing.

This book tells the story of diverse online creators – women, ethnic and racial minorities, queer folk and those from hardscrabble backgrounds – producing low budget, high cultural impact web-series which have disrupted longstanding white male domination of the film and TV industries. Author Guy Healy addresses four burning problems faced by creators in the context

of digital disruption (along with potential solutions), namely: the sustainability of monetizing digital content and the rising possibility of middle-class artistic careers; algorithmic volatility; the difficulty of finding people to share jealously guarded industry knowledge as traditional craft-based mentoring and expertise-sharing mechanisms break down; and the lack of diversity and authenticity in high-profile storytelling. It includes nine case studies, five drawn from a second wave of outstanding YouTube-developed talent, transitioning to longer form narrative, most collaborating with established TV producers working across the divide between online and established television culture, and
