Zoe Flynn has a secret. She used to live in California, in a big old house -- the best house in the world really -- at 18 Hawk Road. It rambled and creaked and was full of good hiding places. She used to have a best friend named Kellen who lived right down the road, and a dog named Merlin who loved to play with her. But now she lives in a little town in Oregon, and everything has changed. Now, Zoe has to be careful. Careful that she doesn't

tell anyone, not her friends or her teacher or especially that cop who's been watching her, that she doesn't live at 18 Hawk Road anymore. That now her family lives in an old green van that's cramped and dirty and doesn't even work all the time. Zoe's always hoping that someday she'll find her way back home.... Lyrically written by Janet Lee Carey, *The Double Life of Zoe Flynn* is a moving novel about hope, family, friendship, and the true definition of a home.

In *The Outstretched Shadow*, which was named by VOYA as Best Science Fiction, Fantasy, and Horror book for 2003, Mercedes Lackey and James Mallory introduced readers to *The Obsidian Trilogy* and a complex new fantasy world populated by humans, centaurs, elves, talking unicorns, and demons. The Golden City of the Bells, where only humans live, is ruled by the Mage Council, practitioners of High Magic---a powerful magic that is stable and reliable, though rigidly controlled and performed only by men.

Outside the City's walls, humans and magical beings mix freely and call upon Wild Magic---a system sometimes erratic, always driven by desire and need, and performed by both men

and women. Now, in *To Light a Candle*, the Demon Queen sends her forces against her human and elven enemies, sowing distraction and death. In the human City, the Queen's agents work to divide the Council and foment rebellion among the City's citizens. In the countryside, they target the most vulnerable and valuable---the young Elf Prince and the Wild Mages who might be the Demons' most dangerous enemies. To his own surprise, young Kellen, once the disappointing son of the great Mage who leads the City's Mage Council, has become a powerful Knight-Mage. Valued for his bravery and his skills as both wizard and warrior, Kellen joins the Elves' war councils. Yet he cannot convince the City of his birth that it is in terrible danger. Kellen's sister Idalia, a Wild Mage with great healing ability, has pledged her heart to Jermayan, a proud Elven warrior. Someday Idalia will pay a tragic Price for a world-saving work of Wild Magic, but until then, she will claim any joy life can offer her. Jermayan, who has learned much while fighting at Kellen's side and loving the human Idalia, finds that everything changes when he Bonds with a dragon while rescuing the Elf Prince and becomes the first Elven Mage in a thousand years. Then he found the forbidden Books of Wild Magic--or did they find him? The three slim volumes woke Kellen to the wide world outside the City's isolating walls. Their Magic was not dead, strangled by rules and regulations. It felt like a living thing, guided by the hearts and minds of those who practiced it and benefited from it. Questioning everything he has known, Kellen discovers too many of the City's dark secrets. Banished, with the Outlaw Hunt on his heels, Kellen invokes Wild Magic--and finds himself running for his life with a unicorn at his side. Kellen's life changes almost faster than he can understand or accept. Rescued by a unicorn, healed by a female Wild Mage who knows more about Kellen than anyone outside the City should, meeting Elven royalty and Elven warriors, and plunged into a world where the magical beings he has learned about as abstract concepts are flesh and blood creatures--Kellen both revels in and fears his new freedom.

And the one thing all the Mages of the City agreed on was that practicing Wild Magic corrupted a Mage. Turned him into a Demon. Would that be Kellen's fate? Deep in Obsidian Mountain, the Demons are waiting. Since their defeat in the last great War, they've been biding their time, sowing the seeds of distrust and discontent between their human and Elven enemies. Very soon now, when the Demons rise to make war, there will be no alliance between High and Wild Magic to stand against them. And all the world will belong to the Endarkened. I have three deadly problems: 1. I've seriously offended a maniacal killer. 2. I just had a bullet removed from my brain. 3. My new daughter is growing up too fast—and she's in the line of fire. Living on an obscure, technology-free island off California means safety from the murderer who hunts Kellen Adams and her new family—or does it? Family time becomes terror-time, and at last, alone, Kellen faces a killer playing a cruel game. Only one can survive, and Kellen knows who must win—and who must die.

Kellen Wayfield is no hero. When old debts finally catch up with him, he's forced to become one, or die. The long time swindler would rather disappear into the shadows of Darkwell and hatch his next con, but instead he must strike out into the unknown with his old friend, Deagan Wingrat. Entrapped into similar obligations, Deagan leaves his simple life to lend his sword and shield to Kellen's cause. With his knighthood stripped away, he risks everything to protect the city that cast him aside. Devenkai's forces encroach on human lands with the inevitability of nightfall. With two cities remaining, only a man without honor has the power to choose: which one shall he feed to Devenkai first?

Addressing the question of the origins of the Zoroastrian religion, this book argues that the intransigent opposition to the cult of the daēvas, the ancient Indo-Iranian gods, is the root of the development of the two central doctrines of Zoroastrianism: cosmic dualism and eschatology (fate of the soul after death and its passage

to the other world). The daēva cult as it appears in the Gāthās, the oldest part of the Zoroastrian sacred text, the Avesta, had eschatological pretensions. The poet of the Gāthās condemns these as deception. The book critically examines various theories put forward since the 19th century to account for the condemnation of the daēvas. It then turns to the relevant Gāthic passages and analyzes them in detail in order to give a picture of the cult and the reasons for its repudiation. Finally, it examines materials from other sources, especially the Greek accounts of Iranian ritual lore (mainly) in the context of the mystery cults. Classical Greek writers consistently associate the nocturnal ceremony of the magi with the mysteries as belonging to the same religious-cultural category. This shows that Iranian religious lore included a nocturnal rite that aimed at ensuring the soul's journey to the beyond and a desirable afterlife. Challenging the prevalent scholarship of the Greek interpretation of Iranian religious lore and proposing a new analysis of the formation of the Hellenistic concept of "magic," this book is an important resource for students and scholars of History, Religion and Iranian Studies.
