#1 NEW YORK TIMES AND USA TODAY BESTSELLING AUTHOR "Take my word for it, James Reece is one rowdy motherf***er. Get ready!"—Chris Pratt, all around great guy and star of The Terminal List, coming to Amazon Prime A Navy SEAL has nothing left to live for and everything to kill for after he discovers that the American government is behind the deaths of his team in this ripped-from-the-headlines political thriller that is "so powerful, so pulse-pounding, so well-written—rarely do you read a debut novel this damn good" (Brad Thor, #1 New York Times bestselling author). On his last combat deployment, Lieutenant Commander James Reece's entire team was killed in a catastrophic ambush. But when those dearest to him are murdered on the day of his homecoming, Reece discovers that this was not an act of war by a foreign enemy but a conspiracy that runs to the highest levels of government. Now, with no family and free from the military's command structure, Reece applies the lessons that he's learned in over a decade of constant warfare toward avenging the deaths of his family and teammates. With breathless pacing and relentless suspense, Reece ruthlessly targets his enemies in the upper echelons of power without regard for the laws of combat or the rule of law. "Told with a deft hand and a keen eye for detail, The Terminal List...is explosive and riveting" (Kevin Maurer, coauthor of No East Day) and is perfect for fans of Vince Flynn, Brad Thor, Stephen Hunter, and Nelson DeMille.

This is a book for cinephiles, pure and simple. Author and filmmaker, Jim Piper, shares his vast knowledge of film and analyzes the most striking components of the best movies ever made. From directing to cinematography, from editing and music to symbolism and plot development, The Film Appreciation Book covers hundreds of the greatest works in cinema, combining history, technical knowledge, and the art of enjoyment to explain why some movies have become the most treasured and entertaining works ever available to the public, and why these movies continue to amaze viewers after decades of notoriety. Read about such classic cinematic masterpieces as Citizen Kane, Gandhi, Midnight Cowboy, Easy Rider, True Grit, Gone With the Wind, and The Wizard of Oz, as well as more recent accomplishments in feature films, such as Requiem for a Dream, Munich, The King's Speech, and The Hurt Locker. Piper breaks down his analysis for you and points out aspects of production that movie-lovers (even the devoted ones) would never recognize on their own. This book will endlessly fascinate, and by the time you get to the last chapter, you're ready to start all over again. In-depth analysis and thoughtful and wide-ranging film choices from every period of cinema history will ensure that you never tire of this reading companion to film. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. A poor art student living in New York stumbles on a bag of diamonds . . . but they come at a price in this unforgettable novel from "America's #1 storyteller" (Forbes). Matthew Bannon, a poor art student living in New York City, finds a duffel bag filled with diamonds during a chaotic attack at Grand Central Station. Plans for a worry-free life with his stunning girlfriend Katherine fill his thoughts-until he realizes that he is being hunted, and that whoever is after him won't stop until they have reclaimed the diamonds and exacted their revenge. Trailing him is the Ghost, the world's greatest assassin, who has just pulled off his most high-profile hit: killing Walter Zeltas, a top member of the international Diamond Syndicate. There's only one small problem: the diamonds he was supposed to retrieve from Zeltas are missing. Now, the Ghost is on Bannon's trail-but so is a rival assassin who would like nothing more than to make the Ghost disappear forever. From the world's #1 writer comes a high-speed thrill ride of adrenaline-fueled suspense you'll never forget.

Jack Reacher's Rules is the ultimate fan's guide to the World of Reacher! Featuring selections

from all seventeen electrifying Jack Reacher novels and an introduction from Lee Child himself, this one-of-a-kind book compiles timeless advice from maverick former army cop Jack Reacher, the hero of Lee Child's blockbuster thrillers and now the star of a major motion picture. My name is Jack Reacher. No middle name, no address. I've got a rule: People mess with me at their own risk. You don't have to break the rules if you make the rules. Case in point: Jack Reacher, the two-fisted, quick-witted, "current poster-boy of American crime fiction" (Los Angeles Times). The brainchild of #1 New York Times bestselling author Lee Child, Reacher is a freelance troubleshooter with a mysterious past—and a serious passion for justice. Now the hard-won knowledge and hard-hitting strategies of fiction's toughest tough guy are within every thriller reader's reach—in a rapid-fire rundown of the trade secrets, tried-and-true tricks, and time-honored tactics that separate the man in the street from the man to beat. Rule 1. When in doubt, drink coffee. Rule 2. Never volunteer for anything. Rule 3. Don't break the furniture. Rule 4. Only one woman at a time. Rule 5. Show them what they're messing with. Please note: Jack Reacher's Rules is a compilation of advice, wisdom, and facts from the Jack Reacher series of novels by #1 New York Times bestselling author Lee Child. It features an introduction by Lee Child, but is not a Jack Reacher novel.

#1 NEW YORK TIMES BESTSELLER • Jack Reacher comes to the aid of an elderly couple . . . and confronts his most dangerous opponents yet. "Jack Reacher is today's James Bond, a thriller hero we can't get enough of."—Ken Follett "This is a random universe," Reacher says. "Once in a blue moon things turn out just right." This isn't one of those times. Reacher is on a Greyhound bus, minding his own business, with no particular place to go, and all the time in the world to get there. Then he steps off the bus to help an old man who is obviously just a victim waiting to happen. But you know what they say about good deeds. Now Reacher wants to make it right. An elderly couple have made a few well-meaning mistakes, and now they owe big money to some very bad people. One brazen move leads to another, and suddenly Reacher finds himself a wanted man in the middle of a brutal turf war between rival Ukrainian and Albanian gangs. Reacher has to stay one step ahead of the loan sharks, the thugs, and the assassins. He teams up with a fed-up waitress who knows a little more than she's letting on, and sets out to take down the powerful and make the greedy pay. It's a long shot. The odds are against him. But Reacher believes in a certain kind of justice . . . the kind that comes along once in a blue moon. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY EVENING STANDARD

Instant #1 New York Times bestseller In James Patterson's white-hot Western thriller, a Texas Ranger fights for his life, his freedom, and the town he loves as he investigates his ex-wife's murder. Across the ranchlands and cities of his home state, Rory Yates's discipline and law-enforcement skills have carried him far: from local highway patrolman to the honorable rank of Texas Ranger. He arrives in his hometown to find a horrifying crime scene and a scathing accusation: he is named a suspect in the murder of his ex-wife, Anne, a devoted teacher whose only controversial act was ending her marriage to a Ranger. In search of the killer, Yates plunges into the inferno of the most twisted and violent minds he's ever encountered, vowing to never surrender. That code just might bring him out alive.

**** A DESPERATE PLEA FOR HELP The middle of the night. Sam Dryden takes a call from an old friend from his days in the military. She needs his help. Urgently. There's no further explanation. A RACE AGAINST TIME Two hours later, Dryden and his former teammate smash their way in to a remote desert shack. Inside they discover four young girls, caged and threatened with death by their abductor. Dryden acts. AN IMPOSSIBLE SECRET But how had Dryden's friend known what about to unfold? Why was it so important that they flee the scene before the police arrive? Only one thing is certain: Dryden is now facing a ruthless enemy that always seems to be one step ahead . . . Praise for Patrick Lee: 'Audacious and terrifying - uncannily believable' Lee Child 'Pure adrenaline rush . . . an action-packed novel brimming with complex characters as well as genuine heart. Not to be missed' Lisa Gardner 'Patrick Lee is in a word: Brilliant. Less a novel, than an adventure, it left me breathless and awed. It's explosive, innovative and ultimately mind-blowing. Pure exhilaration from the first page to the last' James Rollins 'An amazing, high speed, hi-octane novel than moves faster than most people can read. Rarely is a story both plot driven and character driven, but Runner does this and more' Nelson DeMille 'I'm going to sue Patrick Lee for giving me whiplash: that's how furiously paced this book is. A terrific cast of characters, unrelenting action - strap in and enjoy the ride' Jesse Kellerman 'A thriller done right. It literally begs to be read in one sitting . . . Patrick Lee is the real deal' Steve Berry 'WOW! Double Wow! Starkly original . . . mind-blowing' Stephen Coonts*

Want to Play? is the first book in P.J. Tracy's bestselling Twin Cities series. The slaying of an old couple in small town America looks like one-off act of brutal retribution. But at the same time, in Minneapolis, teams of detectives scramble to stop a sickeningly inventive serial killer striking again in a city paralysed by fear. When the two separate investigations converge on an isolated catholic boarding school, decades old secrets begin to fall away. It seems an old killer has resurfaced. Yet still the killer's real identity remains dangerously out of reach . . . Want to Play? introduces P.J. Tracy's cult thriller characters Grace MacBride and Detectives Gino and Magozzi. Follow their journeys in the rest of the series: Live Bait, Dead Run, Snow Blind, Play to Kill and Two Evils. Praise for P.J. Tracy: 'The thriller debut of the year' Harlan Coben 'Fast paced . . . a gripping read' Guardian

Adventure abounds when a toy comes to life in this classic novel! It's Omri's birthday, but all he gets from his best friend, Patrick, is a little plastic warrior figure. Trying to hide his disappointment, Omri puts his present in a metal cupboard and locks the door with a mysterious skeleton key that once belonged to his great-grandmother. Little does Omri know that by turning the key, he will transform his ordinary plastic toy into a real live man from an altogether different time and place! Omri and the tiny warrior called Little Bear could hardly be more different, yet soon the two forge a very special friendship. Will Omri be able to keep Little Bear without anyone finding out and taking his new friend away?

You can still owe the dead. Hector was the best of the best. A government operative who could bring armies to a halt and nations to their knees. But when his own country betrayed him, he dropped off the grid and picked up the first of many bottles. Natalie can't remember much of her life before her family brought her to the US, but she remembers the cages. And getting taken away to the Project with dozens of other young children to become part of their nightmarish experiments. That's how she ended up with the ghost of a dead secret agent stuck in her head. And Hector owes Natalie's ghost a big favor. Now Hector and Natalie are on the run from an army of killers sent to retrieve her. Because the people behind the Project are willing to risk almost anything to get Natalie back and complete their experiments.

Two great authors, one great collaboration. A gripping second prequel to the critically-acclaimed Nicholas Colt thriller series, and a lightning-paced addition to the phenomenal Jacqueline "Jack" Daniels mystery series! What do Lt. Jacqueline "Jack" Daniels and private investigator Nicholas Colt have in common? Billiards, bourbon, bad jokes... And murder. Several, in fact. A homeless woman's remains are found near Chicago twenty-six years after she disappeared. Her daughter-now retired in Florida-suspects foul play, and she hires Colt to fly up there and check it out. A prominent

Chicago physician is slain outside a convenience store, horribly mutilated. A senseless street killing? A robbery gone wrong? Or something much worse? As the homicide cases and those involved converge, it quickly becomes apparent that Jack Daniels and Nicholas Colt are in for the most challenging-and deadly-time of their lives. Filled with humor, suspense, and mystery, LADY 52 is sure to satisfy longtime Daniels and Colt fans, and is a perfect introduction to both series. It's approximately 250 pages long. Konrath and Hardin previously collaborated on the Daniels/Colt short story RACKED.

"A white-knuckle adventure . . . This near-future was crafted by experts, and it shows."—Daniel H. Wilson, New York Times best-selling author of Robocalypse "Fantastic, compelling, and authoritative." —General David Petraeus (US Army, Ret.) An FBI agent hunts a new kind of terrorist through a Washington, DC, of the future in this ground-breaking book—at once a gripping technothriller and a fact-based tour of tomorrow. America is on the brink of a revolution, one both technological and political. After narrowly stopping a bombing at Washington's Union Station, FBI Special Agent Lara Keegan receives a new assignment: to field-test an advanced police robot. As a series of shocking catastrophes unfolds, the two find themselves investigating a conspiracy whose mastermind is using cutting-edge tech to rip the nation apart. With every tech, trend, and scene drawn from real-world research, Burn-In blends a techno-thriller's excitement with nonfiction's insight to illuminate the darkest corners of the world soon to come.

From identifying the biological clocks that govern behavior and physiology to observing the self-regulation of nutrient levels by the body, the cyclical nature of some mental illnesses, and the causes of hopelessness, Curt Richter's wide-ranging discoveries not only influenced the burgeoning field of psychobiology and paved the way for later researchers but also often had implications for the treatment of patients in the clinic. Here, Jay Schulkin presents an engaging portrait of a "laboratory artisan" in the context of his work.

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

"One of the strongest in Sandford's Prey series."—Entertainment Weekly "Good, dark, perverse, bloody fun."—The Washington Post Book World Theories abound when a Russian gets himself killed on the shore of Lake Superior—shot with fifty-year-old bullets. But when it turns out he had very high government connections, state troubleshooter Lucas Davenport gets the call. Well, Lucas and a mysterious Russian cop with secrets all her own. Together, they'll follow a trail back to another place and another time, and battle the shadows they discover there—shadows that turn out to be both very real and very deadly. "Simplified Signs presents a system of manual sign communication intended for special populations who have had limited success mastering spoken or full sign languages. It is the culmination of over twenty years of research and development by the authors. The Simplified Sign System has been developed and tested for ease of sign comprehension, memorization, and formation by limiting the complexity of the motor skills required to form each sign, and by ensuring that each sign visually resembles the meaning it conveys. Volume 1 outlines the research underpinning and informing the project, and places the Simplified Sign System in a wider context of sign usage, historically and by different populations. Volume 2 presents the lexicon of signs, totalling approximately 1000 signs, each with a clear illustration and a written description of how the sign is formed, as well as a memory aid that connects the sign visually to the meaning that it conveys. While the Simplified Sign System originally was developed to meet the needs of persons with intellectual disabilities, cerebral palsy, autism, or aphasia, it may also assist the communication needs of a wider audience - such as healthcare professionals, aid workers, military personnel, travellers or parents, and children who have not yet mastered spoken language. The system also has been shown to enhance learning for individuals studying a foreign language. Lucid and comprehensive, this work constitutes a valuable resource that will enhance the communicative interactions of many different people, and will be of great interest to researchers and educators alike."--Publisher's website

There are Yeti in Washington State hidden away on the peaks of Mount Olympus. Quiet, intelligent and deadly, they have lived through the centuries in solitude, until now. Directed by a force they do not understand, the Yeti leave their mountaintops to exact vengeance on mankind. Victor Morey leads a group of men intent on capturing one of these legendary creatures and will murder anyone who gets in his way. Chad Gamin and Andrew Bridgeston come out of retirement one final time to investigate, not really believing they will find anything. Caught between violent men and the Yeti, there is no guarantee that both of them will make it off the mountain, and if they do, have they truly escaped or is this just the beginning? Also included is the short story "The Lava Canyon Bigfoot." On a dare, two teenage boys trespass on a farm near Cougar, Washington that is rumored to be haunted. What they find in an old barn is not a ghost, but something that may cost them their lives.

Jack Reacher is about to be murdered. By a man from the future... October 2101 Rock Wahlman... Former Navy Master-At-Arms, Jack Reacher's genetic duplicate-his actual clone, produced from a blood specimen that was drawn over a hundred years ago. Recently recruited by a secret government agency, Wahlman has been sent back in time to protect Reacher from a faction called Topple, a rogue group of time-traveling criminals determined to alter the past in an effort to make the future more profitable for themselves. You might say that Wahlman is extremely motivated. Because if Reacher is killed before the blood that was used to produce Wahlman is drawn, then it's possible that Wahlman will cease to exist. He definitely has his work cut out for him. He knows he's in Germany for a reason, but after being in a coma for three days, he can't remember exactly what that reason is. In fact, he can't even remember his own name. Set in the Reacher Universe by permission of Lee Child

Now complete with daily prompts to reflect on each day of a month-long, alcohol-free plan, the author of This Naked Mind helps readers challenge their thinking, find clarity, and form new habits. Changing your habits can be hard without the right tools. This is especially true for alcohol because habits are, by definition, subconscious thought processes. Through her methodical research of the latest neuroscience and her own journey, Annie Grace has cracked the code on habit change by addressing the specific ways habits form. This unique and unprecedented method has now helped thousands redefine their relationship to drinking painlessly and without misery. In The Alcohol Experiment, Annie offers a judgment-free action plan for anyone who's ever wondered what life without alcohol is like. The rules are simple: Abstain from drinking for 30 days and just see how you feel. Annie arms her readers with the science-backed information to address the cultural and emotional conditioning we experience around alcohol. The result is a mindful approach that puts you back in control and permanently stops cravings. With a chapter and journal prompt devoted to each day of the experiment, Annie presents wisdom, tested strategies, and thought-provoking information to supplement the plan and support your step-by-step success as you learn what feels good for you. It's your body, your mind, and your choice. Oathbringer

In *Oathbringer*, the third volume of the *New York Times* bestselling *Stormlight Archive*, humanity faces a new Desolation with the return of the Voidbringers, a foe with numbers as great as their thirst for vengeance. Dalinar Kholin's Alethi armies won a fleeting victory at a terrible cost: The enemy Parshendi summoned the violent Everstorm, which now sweeps the world with destruction, and in its passing awakens the once peaceful and subservient parshmen to the horror of their millennia-long enslavement by humans. While on a desperate flight to warn his family of the threat, Kaladin Stormblessed must come to grips with the fact that the newly kindled anger of the parshmen may be wholly justified. Nestled in the mountains high above the storms, in the tower city of Urithiru, Shallan Davar investigates the wonders of the ancient stronghold of the Knights Radiant and unearths dark secrets lurking in its depths. And Dalinar realizes that his holy mission to unite his homeland of Alethkar was too narrow in scope. Unless all the nations of Roshar can put aside Dalinar's blood-soaked past and stand together—and unless Dalinar himself can confront that past—even the restoration of the Knights Radiant will not prevent the end of civilization. It had never been attempted before, and might never be done again. One man watching another man write a novel from beginning to end. On September 1, 2014, in an 11th floor apartment in New York, Lee Child embarked on the twentieth book in his globally successful Jack Reacher series. Andy Martin was there to see him do it, sitting a couple of yards behind him, peering over his shoulder as the writer took another drag of a Camel cigarette and tapped out the first sentence: "Moving a guy as big as Kever was not easy." Miraculously, Child and Martin stuck with it, in tandem, for the next 8 months, right through to the bitter-sweet end and the last word, "needle." *Reacher Said Nothing* is a one-of-a-kind meta-book, an uncompromising account in real time of the genesis, evolution and completion of a single work, *Make Me*. While unveiling the art of writing a thriller Martin also gives us a unique insight into the everyday life of an exemplary writer. From beginning to end, Martin captures all the sublime confidence, stumbling uncertainty, omniscience, cluelessness, ecstasy, despair, and heart-thumping suspense that go into writing a number-one bestseller.

"It is worse, much worse, than you think. If your anxiety about global warming is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible. In California, wildfires now rage year-round, destroying thousands of homes. Across the US, "500-year" storms pummel communities month after month, and floods displace tens of millions annually. This is only a preview of the changes to come. And they are coming fast. Without a revolution in how billions of humans conduct their lives, parts of the Earth could become close to uninhabitable, and other parts horrifically inhospitable, as soon as the end of this century. In his travelogue of our near future, David Wallace-Wells brings into stark relief the climate troubles that await -- food shortages, refugee emergencies, and other crises that will reshape the globe. But the world will be remade by warming in more profound ways as well, transforming our politics, our culture, our relationship to technology, and our sense of history. It will be all-encompassing, shaping and distorting nearly every aspect of human life as it is lived today. Like *An Inconvenient Truth* and *Silent Spring* before it, *The Uninhabitable Earth* is both a meditation on the devastation we have brought upon ourselves and an impassioned call to action. For just as the world was brought to the brink of catastrophe within the span of a lifetime, the responsibility to avoid it now belongs to a single generation"--

Sam Dryden Thriller 2

A mindbending, relentlessly surprising thriller from the author of the bestselling *Wayward Pines* trilogy. "Are you happy with your life?" Those are the last words Jason Dessen hears before the masked abductor knocks him unconscious. Before he awakens to find himself strapped to a gurney, surrounded by strangers in hazmat suits. Before a man Jason's never met smiles down at him and says, "Welcome back, my friend." In this world he's woken up to, Jason's life is not the one he knows. His wife is not his wife. His son was never born. And Jason is not an ordinary college physics professor, but a celebrated genius who has achieved something remarkable. Something impossible. Is it this world or the other that's the dream? And even if the home he remembers is real, how can Jason possibly make it back to the family he loves? The answers lie in a journey more wondrous and horrifying than anything he could've imagined—one that will force him to confront the darkest parts of himself even as he battles a terrifying, seemingly unbeatable foe. *Dark Matter* is a brilliantly plotted tale that is at once sweeping and intimate, mind-bendingly strange and profoundly human—a relentlessly surprising science-fiction thriller about choices, paths not taken, and how far we'll go to claim the lives we dream of.

Named one of the best nonfiction books of the year by *The Washington Post* "Tangled Up in Blue is a wonderfully insightful book that provides a lens to critically analyze urban policing and a road map for how our most

dispossessed citizens may better relate to those sworn to protect and serve.” —The Washington Post
“Remarkable . . . Brooks has produced an engaging page-turner that also outlines many broadly applicable lessons and sensible policy reforms.” —Foreign Affairs Journalist and law professor Rosa Brooks goes beyond the “blue wall of silence” in this radical inside examination of American policing In her forties, with two children, a spouse, a dog, a mortgage, and a full-time job as a tenured law professor at Georgetown University, Rosa Brooks decided to become a cop. A liberal academic and journalist with an enduring interest in law's troubled relationship with violence, Brooks wanted the kind of insider experience that would help her understand how police officers make sense of their world—and whether that world can be changed. In 2015, against the advice of everyone she knew, she applied to become a sworn, armed reserve police officer with the Washington, DC, Metropolitan Police Department. Then as now, police violence was constantly in the news. The Black Lives Matter movement was gaining momentum, protests wracked America's cities, and each day brought more stories of cruel, corrupt cops, police violence, and the racial disparities that mar our criminal justice system. Lines were being drawn, and people were taking sides. But as Brooks made her way through the police academy and began work as a patrol officer in the poorest, most crime-ridden neighborhoods of the nation's capital, she found a reality far more complex than the headlines suggested. In *Tangled Up in Blue*, Brooks recounts her experiences inside the usually closed world of policing. From street shootings and domestic violence calls to the behind-the-scenes police work during Donald Trump's 2016 presidential inauguration, Brooks presents a revelatory account of what it's like inside the “blue wall of silence.” She issues an urgent call for new laws and institutions, and argues that in a nation increasingly divided by race, class, ethnicity, geography, and ideology, a truly transformative approach to policing requires us to move beyond sound bites, slogans, and stereotypes. An explosive and groundbreaking investigation, *Tangled Up in Blue* complicates matters rather than simplifies them, and gives pause both to those who think police can do no wrong—and those who think they can do no right.

THE ENDURING MYTH THAT MAKES US HUMAN What makes a hero? Who better to answer that question than Lee Child... 'It's Lee Child. Why would you not read it?' Karin Slaughter 'I don't know another author so skilled at making me turn the page' *The Times*

"It is close to midnight on a Saturday night when Jack Reacher gets off a bus at the Greyhound station in Nashville. Reacher is in no hurry. He has no appointments to keep. No people to see. No scores to settle. Not yet anyway. But in the early morning hours, under particular circumstances, a familiar thought will be snaking through his sharp, instinctual lizard brain: A voice in his head telling him to walk away. Of course, this wouldn't be the first time he listened to his gut instead. Meanwhile, seventy-five miles south and west of Music City is a sleepy little town where a recently-fired guy nurses a grudge that will fester into fury--and a desire for payback. But who is watching him, standing guard over a long-buried secret, ready to strike before it can be revealed? If you don't have a sense of the danger you're in, then it's best to have Reacher"--

A nail-biting new thriller—perfect for fans of Jack Reacher, Alex Cross, and Jason Bourne—about the desperate hunt for a woman who has a secret to kill for . . . Six years ago, the woman Carter Blake loved disappeared and told him not to ever look for her. For six long years, he kept that promise. She was a woman on the run—a woman with a secret many would kill for. It was better that she stay hidden. But now someone else is looking for her. Trenton Gage is a hitman with a talent for finding people—dead or alive. And his next job is to track down the woman Carter Blake once loved, a woman on the run. With both men hunting the same person, the question is: Who will find her first? A riveting new thriller from Mason Cross, ideal for readers of David Baldacci, Linwood Barclay, and Mark Billingham.

Philip Keith's *Blackhorse Riders* is the incredible true story of a brave military unit in Vietnam that risked everything to rescue an outnumbered troop under heavy fire—and the thirty-nine-year odyssey to recognize their bravery. Deep in the jungles of Vietnam, Alpha Troop, 1st Squadron, 11th Armored Cavalry, the famed Blackhorse Regiment, was a specialized cavalry outfit equipped with tanks and armored assault vehicles. On the

morning of March 26, 1970, they began hearing radio calls from an infantry unit four kilometers away that had stumbled into a hidden North Vietnamese Army stronghold. Outnumbered at least six to one, the ninety-man American company was quickly surrounded, pinned down, and fighting for its existence. Helicopters could not penetrate the dense jungle, and artillery and air support could not be targeted effectively. The company was fated to be worn down and eventually all killed or captured. Overhearing the calls for help on his radio, Captain John Poindexter, Alpha Troop's twenty-five-year-old commander, realized that his outfit was the only hope for the trapped company. It just might be possible that they could "bust" enough jungle by nightfall to reach them. Not making the attempt was deemed unacceptable, so he ordered his men to "saddle up." With the courage and determination that makes legends out of ordinary men, they effected a daring rescue and fought a pitched battle—at considerable cost. Many brave deeds were done that day and Captain Poindexter tried to make sure his men were recognized for their actions. Thirty years later Poindexter was made aware that his award recommendations and even the records of the battle had somehow gone missing. Thus began the second phase of this remarkable story: a "battle" to ensure that his brave men's accomplishments would never be forgotten again. The full circle was completed when President Obama stepped to the podium on October 20, 2009, to award the Alpha Troop with the Presidential Unit Citation: the highest combat award that can be given to a military unit.
