Read this if you want to sell more books, make more money as an author, or rank higher in your category. My name is Nick Vulich. The first thing you should know about me is I'm not a writer, and I'm not an expert on self-publishing either. I never worked in the industry, and I don't have any experience working for the big publishers. In fact, the only thing I consider myself an expert in is how to sell on eBay, Amazon, and

Fiverr... So why should you listen to me? Like most indie authors, I came into publishing through the back door. I had a story to tell, and one day I just sat down and let it all come out. What I wrote wasn't pretty, or polished...but, it helped a lot of people sell more stuff on eBay. What I couldn't say with fancy prose, I made up for with enthusiasm. Because of that, my books sold. I'm not going to lie to you. It wasn't easy. I read just about every book available on self-publishing. I studied up on KDP Free days, Countdown Deals, price pulsing...

DAYS Kindle publishing is easy, but at first, it seems hard to most people until they read a book, like this one you're about to read, that clears their minds or get a mentor that knows his/her onion. It's unfortunate it happened, but it's the main reason I decided to reveal the secret to all nonfiction writers on how to craft a top-notch title that will get consistent sales and become a bestseller even without reviews or Amazon ads. I woke one day and said, "I'm going to write another bestseller on a topic I know." I did my keyword search and noticed a profitable niche called memory

With the help of my private template on book formatting, which I'll give you at the end of this book, I got started in writing a book from scratch on memory improvement. The journey was simple and fun and the dream was achieved as usual. Sadly, something unexpected happened and it's what propelled me to write this book and expose my long-hidden secrets on crafting a bestseller, keyword-rich title and outshining other books in that category on Amazon Kindle Store and Book store. At end of this book, I only have one main promise for you and that is: you'll master how to craft THE BEST searchable

Whether you're an aspiring writer, have already written a book or are a trade published author looking for a different publishing direction, there is no better time than now to get your words out there through self-publishing. This is not a motivational book. Instead, this book walks you through the steps of self-publishing; from ideas on how to flex your writing muscles to word processing choices to finally seeing your book sold on Amazon. Write and Publish Your Bestselling Book that Sells on Amazon Hey, Indie Authors-- What if there was a simple plan that you could follow to write and publish the book that you want to write - but make sure it gets seen and bought and read? Imagine writing and publishing a book that you love that generates sales and revenue for you for years to come. It's possible! Bestselling author Cara Gubbins traditionally published her first two books but

took charge of her writing career by self-publishing her third book. Unfortunately, that book languished in the dusty basement halls of Amazon sales for years, ranking at over 1.1 million and selling only a couple of copies each year. Determined to succeed, she applied herself to learning the business of being an authorpreneur. She studied Amazon techniques, read books, took courses, watched videos and tweaked everything she could on the backend of her only self-published book. Gradually, her sales started to grow and then one day (Hallelujah!) her book became a bestseller. Three years later, that book is still generating new sales

code. Successful authors have worked out how to crack that code and write books which are consistent bestsellers. Those books make them an annual 6-figure income in many cases. Most of the rest of Amazon authors run only on ""hope marketing."" They publish a single book and only hope it sells. They never get anywhere near a living income and keep their day job and minimal retirement pensions. They could have real financial freedom from their book royalties. But unsuccessful authors don't know the rules to win the game of publishing. They don't even know most of them. They don't know how to crack the Sales Code that Amazon runs on. The hard work has already been done. Just read it and apply it. All you have to do is to get your copy now.

A Complete Author Marketing Course
If you are self published, have several books available, and you've learned that it's not as easy as they say to make money with Kindle, then chances are that you are spending more and more time marketing than you spend writing, and that's not good. You've probably bought the Publishing Bible books by Tom Corsen Knowles, read John Tighe and his Crush it with kindle, studied Derek Doepker and his Kindle Bestseller Secrets, and maybe read John Locke with his story of selling a million ebooks. They are all very fine books. The idea with becoming a writer is that you build a passive income right? That's possibly why you started writing in the first place. Passive Income should be income where you don't have to spend the rest of your life marketing. When

that happens, you are back to trading time for money, and that's not passive is it. The twist with this series is that it will help you put in place not just passive income, but passive book marketing too. If you get the marketing right first time, then there's little else to do but write more content, and that's what you really need to build that income you deserve. Sure, you will have to do some marketing in the future, but the idea is that you get it right the first time, systematize the marketing, and then move on. So what are your options? Do nothing, continue along as you are now and just keep increasing your marketing workload Learn all of this yourself through trial and error Try this book series and take a shortcut. This book gives you the latest and best advice possible when it comes to book marketing. It will give

This series will walk you, step by step, through a comprehensive author marketing plan that will do just that.
