

Kingdom Of The Soap Queen The Story Of Balaji Telefilms

Do you know what is the advantage of natural handmade soaps and why more and more people create organic handmade soap at home with their own hands? First of all, it is a creative product, with a piece of your heart and soul. Soap crafting is an occupation for your soul and it brings joy and pleasure for those people who are engaged in this process. Soap produced in large volumes, in chemical industries, cleans so well, that it washes, along with dust and dirt, all the protective oils from our skin. And we end up with dry, prematurely aging skin. Our book with handmade soap recipes will teach you how to create the best handmade soap - a soap that contains natural oils and organic additives - honey, oats, calendula flowers, chocolate and more. Homemade soap is enriched with oils such as olive, sea buckthorn, peach, wheat germ oil and many more oils that have a moisturizing, rejuvenating and anti-cellulite effect. Easy natural homemade soap is a great and original gift, which hardly anyone could remain indifferent about. Natural ingredients, the basis of which skin handmade soap is created, have a beneficial effect on the skin. Natural handmade soap is devoid of drawbacks. Cleansing the skin with organic soap, you can get rid of peeling and dryness. By experimenting with different oils, you can create a soap that is suitable for your skin. Scrub effect, moisturizing effect, vitaminizing effect, anti-cellulite effect-all this is achieved by simply adding an ingredient. The aesthetic side is also important. With our recipes for homemade soap, you will find out how to create any shape: heart, flower, oval, car and so on. In addition, mixing colored masses, adding dry flower petals, using other methods of decoration, you can create a truly unique soap that will delight others and will be a real decoration of your bathroom. Homemade soap can be a powerful means of aromatherapy, because it often includes natural essential oils. Now it will not be difficult to create a soap with your favorite smell. Vanilla and lavender, Lily of the valley and lilac - the smell of soap made with your own hands, will be totally unlike the "chemical" smells of soap made industrially. So once again the advantages of natural handmade soap include: 1. Clear skin; 2. Hydration and nutrition, thanks to natural oils; 3. Aromatherapy while using soap; 4. Aesthetic pleasure; 5. Making your own choices in creating handmade soap, you are able to choose an eco-friendly product. If you are looking for the best recipes for handmade soap, for a soap making book with step by step instructions for the cold soap making process, how to design, wrap and store homemade soap, and of course how to choose the best natural ingredients and lye, You ARE AT THE RIGHT PLACE! Just one-click and you will get the full info for soapmaking from a professional! The riveting true story of mother-and-daughter queens Catherine de' Medici and Marguerite de Valois, whose wildly divergent personalities and turbulent relationship changed the shape of their tempestuous and dangerous century. Set in

magnificent Renaissance France, this is the story of two remarkable women, a mother and daughter driven into opposition by a terrible betrayal that threatened to destroy the realm. Catherine de' Medici was a ruthless pragmatist and powerbroker who dominated the throne for thirty years. Her youngest daughter Marguerite, the glamorous "Queen Margot," was a passionate free spirit, the only adversary whom her mother could neither intimidate nor control. When Catherine forces the Catholic Marguerite to marry her Protestant cousin Henry of Navarre against her will, and then uses her opulent Parisian wedding as a means of luring his followers to their deaths, she creates not only savage conflict within France but also a potent rival within her own family. Rich in detail and vivid prose, Goldstone's narrative unfolds as a thrilling historical epic. Treacherous court politics, poisonings, inter-national espionage, and adultery form the background to a story that includes such celebrated figures as Elizabeth I, Mary, Queen of Scots, and Nostradamus. The Rival Queens is a dangerous tale of love, betrayal, ambition, and the true nature of courage, the echoes of which still resonate.

The title begs the question, If soap, like the famed 99.44 percent pure Ivory, isn't natural, then what is? Ittner clarifies the answer in her introductory chapter, explaining that she intended to "avoid all animal and petroleum-based products, synthetic colorants and fragrances." That said, the rest is amazingly easy. Take run-of-the-mill kitchen equipment such as measuring spoons and double boilers, mix, then heat in the stove or microwave; add other techniques, from embedding objects to layering and swirling; and it's soap. She spends many pages detailing the natural materials, colorants, additives, and scents for a good foundation; the next four chapters are devoted to 45 recipes, each with color photographs, lists of materials and tools, and easy-to-follow numbered instructions. Choose among the different soap properties (soft, smooth, exfoliation, cleanse, and luxurious). --Booklist

The pure luxury of soaps made with coconut butter, almond oil, aloe vera, oatmeal, and green tea is one of life's little pleasures. And with the help of author Anne-Marie Faiola, it's easy to make luscious, all-natural soaps right in your own kitchen. This collection of 32 recipes ranges from simple castile bars to intricate swirls, embeds, and marbled and layered looks. Begin with a combination of skin-nourishing oils and then add blueberry puree, dandelion-infused water, almond milk, coffee grounds, mango and avocado butters, black tea, or other delicious ingredients — and then scent your soap with pure essential oils. Step-by-step photography guides you through every stage of cold-process soapmaking.

Return to a time of legend—the days of Guinevere and Arthur and the glory that was to become Camelot On the night of Guinevere's birth, a wise woman declares a prophecy of doom for the child: She will be gwenhwyfar, the white shadow, destined to betray her

king, and be herself betrayed. Years pass, and Guinevere becomes a great beauty, riding free across Northern Wales on her beloved horse. She is entranced by the tales of the valorous Arthur, a courageous warrior who seems to Guinevere no mere man, but a legend. Then she finds herself betrothed to that same famous king, a hero who commands her willing devotion. Just as his knights and all his subjects, she falls under Arthur's spell. At the side of King Arthur, Guinevere reigns strong and true. Yet she soon learns how the dark prophecy will reveal itself. She is unable to conceive. Arthur's only true heir is Mordred, offspring of a cursed encounter with the witch Morgause. Now Guinevere must make a fateful choice: She decides to raise Mordred, teaching him to be a ruler and to honor Camelot. She will love him like a mother. Mordred will be her greatest joy—and the key to her ultimate downfall. "Guinevere comes alive—a strong, resourceful, and compassionate woman, accessible to modern folk . . . The Arthur-Guinevere-Lancelot triangle comes alive as well—believable, poignant, and bearing the seeds of tragedy."—Katherine Kurtz

With the entry of cable television in 1992, the television industry in India was poised for a gigantic leap. All that it needed was a fairy godmother to wave the magic wand. And it found one in Ekta Kapoor and Balaji Telefilms. Kingdom of the Soap Queen is the enchanting narrative of Balaji Telefilms. It is the story of how a laid-back seventeen-year-old became one of the most powerful women in global media, how a project kicked off by a teenager in her father's garage turned into the biggest entertainment provider across India. And like every fairy tale, this too has its share of magic, curses, spells, potions, and pixie dust. With insights from over a hundred television celebrities, Kovid Gupta - who has written for popular television shows Balika Vadhu, Bade Acche Lagte Hain and Chhan Chhan - chronicles the larger-than-life narrative right from the christening of the company in 1994 all the way to its transformation into the most influential production house of 2013. He not only depicts the initial struggles of the media house, but also explores every aspect of its growth - the creation of the iconic Tulsi and Parvati, its K-fixation, how it changed the very demographic of TV viewers in the country, the social impact of its daily soaps, the charges of being regressive that it has consistently battled, and the company's very successful and high-profile foray into cinema. This is the fascinating behind-the-scenes story of the 15,000 hours of television software that have made India laugh and cry for fifteen years.

In this comprehensive guide, Susan Miller Cavitch covers everything you need to know to make your own soaps. Learn the basic techniques for crafting oil-, cream-, and vegetable-based soaps, and then start experimenting with your own personalized scents and effects. Cavitch provides tips for making more than 40 different specialty soaps, showing you how to design colorful marbled bars and expertly blend ingredients to create custom fragrances. You'll soon be making luxurious soaps at a fraction of the cost of boutique products. Important Notice Early printings of this book contain a recipe variation in a sidebar note on page 36. As a result of further testing, author Susan Miller Cavitch and Storey Publishing strongly recommend that you do not try this variation. Adding honey when you are combining the sodium hydroxide and water may result in a stronger reaction with more intense heat. The mixture may bubble up quickly and come out of the pot, posing a potential hazard.

LEARN HOW TO MAKE AMAZING SOAPS RIGHT IN YOUR OWN HOME WITH SOAP MAKING FOR BEGINNERS! **INCLUDES 365 RECIPES FOR EVERY DAY OF THE YEAR! If you have ever wanted to learn how to make your own soaps in the comfort of your own home then the time is now to take action and get started. Maybe you just want to begin a new hobby or maybe start a business to make some extra money. These days, the soaps, detergents, and other household cleaning products that you use are often made with unknown chemicals. While they may claim to be safe to use, do you really know what is in them? Can you and your family afford the chance? These products can be especially harmful for anyone who has sensitive skin or other allergies. It is a lot better when you make your own soaps and household cleaners, and guess what it is easy! So let's begin with "365 Days of Soap Making." In this book you will find loads of recipes for every kind of soap. From bar soap to liquid soap to laundry detergent and heaps more.

This is the first book published with recipes, methodology and tips on how to make Melt and Pour Soap from Scratch. It is written from the perspective of a Cosmetic Formulator on the production of the popular cosmetic base known as, Melt and Pour Soap. Whether you are a crafter, hobbyist or business owner this book has everything that you need. This book gives you guidance on how, as a small business, you can follow the regulations, labeling laws and industry standards for selling soap and cosmetics. My entire journey in the cosmetic industry started with Melt and Pour Soap shortly after I discovered aromatherapy. The roots of our business, Essential Soaps, all started in December of 1998. Over the years we moved from our home kitchenette to a 600 square foot space, to a 2,000 square foot building, to a 10,000 square foot space in a bigger building, and from there we have expanded into 30,000 square feet of space. In 2011 our business will be moving to an even larger 58,000 square foot building. As our business expanded we began to offer a variety of cosmetics and personal care products. However, I never lost my curiosity and fascination with Melt and Pour Soap. Our recipe for Melt and Pour Soap changed over the years. At first we sold retail customized Melt and Pour Soaps. We then bought and sold Critter Soaps. Later we sold thousands of pounds worth of wholesale Melt and Pour Soap base and eventually discontinued Melt and Pour Soap because the price kept rising. At the time Melt and Pour Soap was the only cosmetic base we sold that we didn't manufacture ourselves. It simply didn't make sense to wholesale someone else's base when our business model had changed to selling our own products manufactured ourselves. It was at this point in our business that I decided it was time to formulate our own Melt and Pour Soap. It didn't take long to have working formulas, but at that moment we were using up every inch of space in our 30,000 square foot building. We were bursting at the seams and couldn't accommodate the manufacturing and cooling of the Melt and Pour Soap Base. Our manufacturing space was so tight we couldn't possibly cool an 8,000 lb batch of Melt and Pour Soap base into multiple 1 lb, 20 lb and 40 lb batches in bulk. But we got continued requests to manufacture and sell Melt and Pour Soap base. My solution is this book. I decided

basic recipes with you to give you the freedom to make your own Melt and Pour base in the quantities that work best for you. These recipes will teach you the foundational information that you need and give you tips on how to customize your base. Make your own custom-tailored and perfectly formed cold-process soaps! Learn how to use milk jugs and yogurt containers, how coffee, avocado, and even beer can add unique dimensions to your creations. This encouraging introduction to the art of soapmaking makes it simple to master the techniques you need to safely and easily produce your own enticingly fragrant soaps. Are you paying too much for gourmet perfumes, soaps and candles? What if you could create your own designer fragrance for your persona? Sound difficult? It's easier than you think. As you carefully scan each and every word of this page, you will begin to learn a new revolutionary method of designing your own, personal perfumes. Then, learn how to incorporate that scent into personal candles! Isn't it about time you took control and created your very own scents? You can do it quickly and easily with The Board of Trade Journal to Perfume, Soap and Candle Making. Despite what you may have heard, it isn't that hard especially when the information is presented in such an easy to read guide.
