*Daily spiritual practice is the gateway to a satisfying, successful life. Practice builds continuity of mind, thought, and presence. If your life is not as you wish, or you are foundering spiritually, running from heart opening epiphanies, to feeling stuck, it is likely that daily practice is missing from your life. This book takes us through a home study course, exploring the components of a strong daily practice and why it is important to have one. Build a platform for your life.*

*A contemporary envisioning of a nineteenth-century poem pairs artwork by G. Brian Karas with the Henry Wadsworth Longfellow classic. His brow is wet with honest sweat; He earns whate'er he can, And looks the whole world in the face, For he owes not any man. The neighborhood blacksmith is a quiet and unassuming presence, tucked in his smithy under the chestnut tree. Sturdy, generous, and with sadness of his own, he toils through the day, passing on the tools of his trade, and come evening, takes a well-deserved rest. Longfellow's timeless poem is enhanced by G. Brian Karas's thoughtful and contemporary art in this modern retelling of the tender tale of a humble craftsman. An afterword about the tools and the trade of blacksmithing will draw readers curious about this age-honored endeavor, which has seen renewed interest in developed countries and continues to be plied around the world.*

Do you have the sense that you were born to do something more with your life but you don't know what that is? Do you long to step into your power and live a life of passion? Do you wish to be of greater service? Are you willing to follow your soul's desire? Join master teacher, Pagan, and mystic T. Thorn Coyle in activating the magical formula known the Four Powers of the Sphinx. These four powers — To Know, To Will, To Dare, and To Keep Silence — help bring about a profound shift in how we view and move through the world. They will point you toward your highest purpose and show you what to do, both practically and spiritually, once you've found it. They will lead you to a life of magic. Find your soul's work. Follow desire. Live a life that matters. From the introduction: "Working magic means showing up with your demons and your divinity, your sorrow and your joy. Alchemy only happens when we are willing to go through the processes of gathering together, refining, pouring, and solidifying. In the end, we have something fine to hold." In Faery Seership the truths we seek can only be found within ourselves, within nature, and within our relationships to nature. At the center of the Faery Tradition lies the Tree of Enchantment: the symbol for

these relationships and for the threefold life of humanity. At each level of the tree, there are attending spirit forces that vary from beings of light to beings of shadow, from the ancestors of humanity to the architects of form and nature, from the destiny of our planet to the creation forces of the universe. The tree ' s roots grow through the lower world, where all life originates and the dead travel, its trunk and lower branches reach out across the middle world, where elemental forces and the four directions guide us, and its highest branches reach the into the upper world and the Star realm. Weaving together folk tradition and extensive academic research, Orion Foxwood has created an accessible, beautifully written pathway into the Old Religion of Faery Seership. Based on Appalachian traditions, Wiccan studies, Celtic oral traditions, and the Craft from Western and Northern Europe, *The Tree of Enchantment* offers the student of Faery Tradition both introductory and advanced visionary practices and authentic tools to learn to navigate the three realms of humanity. With diligence and an open heart, the reader will learn to cross The River of Blood, pass through The Gate of Awakening, and over The River of Stars. This powerhouse of a book examines the experience of empathy from every imaginable angle, taking the reader on a philosophical and experiential journey of what it means to be empathic. Specifically written with the magickal or mystical practitioner in mind, the book introduces techniques, practices, and philosophies designed for empaths to get the most out of life's journey,

*a deeply moving and highly suspenseful story of the dangerous first love of two young men. Growing up in a housing estate in Glasgow, Mungo and James are born under different stars—Mungo a Protestant and James a Catholic—and they should be sworn enemies if they're to be seen as men at all. Yet against all odds, they become best friends as they find a sanctuary in the pigeon dovecote that James has built for his prize racing birds. As they fall in love, they dream of finding somewhere they belong, while Mungo works hard to hide his true self from all those around him, especially from his big brother Hamish, a local gang leader with a brutal reputation to uphold. And when several months later Mungo's mother sends him on a fishing trip to a loch in Western Scotland with two strange men whose drunken banter belies murky pasts, he will need to summon all his inner strength and courage to try to get back to a place of safety, a place where he and James might still have a future. Imbuing the everyday world of its characters with rich lyricism and giving full voice to people rarely acknowledged in the literary world, Young Mungo is a gripping and revealing story about the bounds of masculinity, the divisions of sectarianism, the violence faced by many queer people, and the dangers of loving someone too much.*

*In Meta-Magick: The Book of Atem, Philip H. Farber combines traditional ritual sensibilities with contemporary concepts of neurolinguistics and memetics to create a unique entity - Atem. In this instance, the essence of an entity is encoded in a book and activated by the reader. At the same time, the book is a comprehensive manual of evocation, containing dozens of easy-to-follow rituals and exercises for exploring and creating magical entities of every sort. Farber teaches readers to wake up from their habitual trance, to reprogram themselves to stand in the Mystery without unnecessary mystification. This supercharged fusion of tried-and-true magical and psychological techniques moves beyond trauma, healing, and recovery into self-fulfillment and self-transformation. Combining both disciplines with methods such as intentionality, autohypnosis, visualization, personification, and experiential journeys, Farber creates a powerful system that opens the way to peak experiences, self-knowledge, even cosmic consciousness. Rather than importing standardized healing images, readers learn to create their own emergent metaphors, their own creative strengths and flexible freedom.*

On her eighteenth birthday, Princess Evelayn of Eadrolan, the Light Kingdom, can finally access the full range of her magical powers. The light looks brighter, the air is sharper, and the energy she can draw when fighting feels almost limitless. But while her mother, the queen, remains busy at the war front, in the Dark Kingdom of Dorjhalon, the corrupt king is plotting. In order to defeat Bain and his sons, Evelayn will quickly have to come into her ability to shapeshift, and rely on the alluring Lord Tanvir. ***more have contributed to build a body of work of extreme variety and consistence. Of course, this also means that the subjects themselves are not easy to assess. In a very general way, we can define witchcraft as a supernatural means to cause harm, death, or misfortune, while magic also belongs to the field of supernatural, or at least esoteric knowledge, but can be used to less dangerous effects (e.g., divination and astrology). In Western civilization, however, the witch hunt has set a very peculiar perspective in which diabolical witchcraft, the invention of the Sabbat, the persecution of many thousands of (mostly) female and (sometimes) male presumed witches gave way to a phenomenon that is fundamentally different from traditional witchcraft. This Special Issue of Religions dedicated to Witchcraft, Demonology, and Magic features nine articles that deal with four different regions of Europe (England, Germany, Hungary, and Italy) between Late Medieval and Modern times in different contexts and social milieus. Far from pretending to offer a complete picture, they focus on some topics that are central to the research in those fields and fit well in the current “cumulative concept of Western witchcraft” that rules out all mono-causality theories, investigating a plurality of causes.***

power. Explore meditations, affirmations, and will-development exercises. Discover how to manage your energy, heal from painful experiences, and create a daily practice. This essential book encourages you to dance with rather than run from reality while transforming yourself into a healthier, happier, and more spiritual person.

This book was written to be used in concert with whatever pagan tradition you are currently involved in. There are at least three levels to it: part one will help you strengthen the foundations of your spiritual practice, part two will ensure that you are sound in body, mind, emotion, sex, and spirit, and have developed will and ethics, and part three will lead you further into connection with your Godhood. .

.The tools used to do this are breath work, dream work, pendulum work, aura reading, tarot, meditation, spells, and others. The goal of the book is to help guide you through the stages of personal consciousness that will then enable you to step into inclusive consciousness—a consciousness that encompasses the personal, political, environmental, social, mental, and transpersonal. [It is this] inclusive consciousness [that] enables us to reach the limitless, the divine, Goddess or God.

A 2015 Whitney Award Nominee! A powerful story of loss, second chances, and first love, reminiscent of Sarah Dessen and John Green. When Oakley Nelson loses her older brother, Lucas, to cancer, she thinks she ' ll never recover. Between her parents ' arguing and the battle she ' s fighting with depression, she feels nothing inside but a hollow emptiness. When Mom suggests they spend a few months in California with Aunt Jo, Oakley isn ' t sure a change of scenery will alter anything, but she ' s willing to give it a try. In California, Oakley discovers a sort of safety and freedom in Aunt Jo ' s beach house. Once they ' re settled, Mom hands her a notebook full of letters addressed to her—from Lucas. As Oakley reads one each day, she realizes how much he loved her, and each letter challenges her to be better and to continue to enjoy her life. He wants her to move on. If only it were that easy. But then a surfer named Carson comes into her life, and Oakley is blindsided. He makes her feel again. As she lets him in, she is surprised by how much she cares for him, and that ' s when things get complicated. How can she fall in love and be happy when Lucas never got the chance to do those very same things? With her brother ' s dying words as guidance, Oakley knows she must learn to listen and trust again. But will she have to leave the past behind to find happiness in the future? A guide to conscious living through the moon and her phases, incorporating wellness rituals, spellwork, and witchcraft for the modern seeker. We all know the moon. We all have a relationship with it. The earliest people obeyed her orbit, timed their months and holidays and celebrations and agriculture to the moon; the echoes of that system are still visible today, though the connection to the moon is often forgotten. Sarah Faith Gottesdiener is the leader of a movement to remind us of that lineage, guiding our rhythms and our sleep, our energy and our emotions, reminding us of our humanity and our magic. In her self-published *Many Moons Workbooks* and *Lunar Journals*, as well as her sold-out classes, she has guided over 50,000 readers to a deeper relationship with the moon, and through it, with themselves. This evergreen book will be an informative and comprehensive guide to lunar living, incorporating radical, self-empowering, and magical tools and resources for the beginner and experienced lunar-follower alike. Depending on where we are in our lives, depending on what we are feeling or what is happening around us, the moon allows us a space to invite ritual into our daily lives. The *Moon Book* will provide a framework on how to utilize the entire lunar cycle
