***The Museum's Borders demonstrates that museum practices are deeply entangled in border making, patrol, mitigation and erasure, and that the border lens offers a new tool for deconstructing and reconfiguring such practices. Arguing that the museum is a critical institution for the operation of knowledge-based democracies, Knell investigates how they have been used by scientists, art historians and historians to construct our bordered world. Examining the role of museums in the Windrush***

***scandal in Britain, the exclusion of Black artists in America, ideological and propaganda discourses in Europe and China, and the remembering of contested pasts in the Balkans, Knell argues for the importance of museums in countering unethical, nationalistic, post-fact political discourse. Using the principles of Knell's 'Contemporary Museology', The Museum's Borders considers the significance of the museum for societies that wish to know and remember in ways that empower citizens and build cohesive societies. The book will be of great interest to students and academics engaged in the study of museums and heritage, art history, science studies, cultural***
