MyMaths for Key Stage 3 is the brand new course that works with MyMaths to fully deliver the new curriculum, allowing you to finally replace your tired old Framework materials. With a truly differentiated structure so that all abilities can access the new curriculum, the course is underpinned by a 'learn it once and learn it well' philosophy that enables coherent teaching and learning. All resources are written by teachers for teachers, so you can be confident that it will work practically in the classroom. This homework book is for higher ability students embarking on Grade 6-9. It supports the corresponding student book, allowing students to move swiftly on from knowledge gained in Upper Grade 2-5. An emphasis on gradual but visible progression, combined with a focus on fluency, makes this book an essential resource in your Grade 6-9 maths delivery. A worked example for each homework ensures that students keep on track with their work. The comprehensive glossary promotes the importance of mathematical literacy, and helps to avoid confusion later on. With the unique direct links throughout to the MyMaths site, your students will be able to receive valuable and familiar support in their written homework out of class - all helping to bring maths alive for your most able students.

A new series of bespoke, full-coverage resources developed for the 2015 GCSE Mathematics qualifications. Written for the AQA GCSE Mathematics Foundation tier specification for first teaching from 2015, our Homework Book is an ideal companion to the AQA Foundation tier Student Book and can be used as a standalone resource. With exercises that correspond to each section of the Student Book, it offers a wealth of additional questions for practice and consolidation. Our Homework Books contain a breadth and depth of questions covering a variety of skills, including problem-solving and mathematical reasoning, as well as extensive drill questions. Answers to all questions are available free on the Cambridge University Press UK Schools website.

Collins New Maths Frameworking Level 6 Booster Workbook ensures students get a secure level 6 through plenty of practice in process skills which are closely linked to the new assessment objectives at GCSE. A solid level 6 should translate into a Grade C in GCSE Maths. * Focus on applying skills at level 6 with questions that assess process skills and involve problem solving. * Make your students think with some unstructured questions, maths problems and challenges to help them make connections across mathematics, a vital skill in KS3 Maths and GCSE Maths. * Prepare your students for GCSE Maths by building the skills required in the new assessment objectives at GCSE level. * Push up borderline level 5/6 students to secure a level 6 which should translate into a Grade C in GCSE Maths - crucial for the English Baccalaureate. * Make checking students' work and marking easy with the write-in format and answers in a tear-out section. * Use in the classroom, booster classes, revision and for maths homework.
