ALEX's DIARY - DECEMBER 7th, 1941 Today the war began! I've just heard the news on the radio. I was trying to finish my homework in English, and at the same time listen to a talk to improve my Japanese. I often use the radio for this purpose. The Marianist Brothers at St Joseph's teach us in English and French, but speaking Japanese at school is forbidden. Which is a pretty stupid rule, since this is where I was born and where my family lives, and on leaving school I want to get a job here ... Born in Japan of a French father and White Russian mother, Alex Faure greeted news of war in the Pacific with schoolboy enthusiasm. That is until the hardships of being a gaijin and neutral foreigner in Japan during World War II became a stark reality for the Faure family. ALEX's DIARY - DECEMBER 22nd, 1944 Since Sunday night there has been a raid most days and every single night. The bombing has been relentless. It accounts for the sombre mood; no Christmas spirit in evidence anywhere in this city. Certainly none at the French bank ... Peter Yeldham masterfully tells Alex Faure's own true story against the backdrop of real events in wartime Japan. Laced with excerpts from Alex's diary, Dragons in the Forest is a riveting tale of life as a foreigner in a strange land at a very dangerous time.

This follow-up to the bestselling Tickle My Ears is another perfectly simple interactive board book that lets the reader take charge of bathtime.

*Music is rooted in the heart of Western culture. The absence of music from the usual publications of medieval history and history of art of the Middle Ages is understandable, considering the rarity of sources. "What are you doing?" my wife asked me, as she saw me lingering, contrary to my wont, in front of the mirror. "Nothing," I told her. "I am just having a look here, in my nose, in this nostril. It hurts me a little, when I take hold of it." My wife smiled. "I thought," she said, "that you were looking to see which side it is hangs down the lower." I whirled like a dog whose tail has been stepped on: "Which side hangs down the lower? My nose? Mine?"

Adults and children alike will be enchanted by these charming board books which are distinguished by the exceptional quality of the sounds that bring every picture to life. Aimed at the very young, the books have a button on every spread which triggers one of six different nature sounds.

Famed spoken-word poet Laura Dockrill's hilarious read-aloud about an outraged baked good! Oooohhh . . . not you again! AGGGHH It's so bright! . . . Close this book this very second, you nosy noodle! Cookie has woken up on the wrong side of the bed and is very angry. You want to know why? Well, you'd have to keep reading to find out, but now Cookie's calling you annoying and telling you to mind your own business. If by chance you do stick around, you might hear about a certain roommate's terrible musical skills, why you should never let your barber try out a "new look," how it's impossible to find a hat that fits a cookie, and why an ice-cream parlor that's out of your favorite treat can be a source of desolation. Then there's the matter of a hungry bird who tries to snack on you. . . . Propelled by quirky humor and woes that every young child can relate to, Angry Cookie suggests that sometimes the best way to cheer up a grumpy lump is simply by being there -- and lending your ears.

The Tony Award-winning play that soars at the intersection of science and art, Copenhagen is an explosive re-imagining of the mysterious wartime meeting between two Nobel laureates to discuss the atomic bomb. In 1941 the German physicist Werner Heisenberg made a clandestine trip to Copenhagen to see his Danish counterpart and friend Niels Bohr. Their work together on quantum mechanics and the uncertainty principle had revolutionized atomic physics. But now the world had changed and the two men were on opposite sides in a world war. Why Heisenberg went to Copenhagen and what he wanted to say to Bohr are questions that have vexed historians ever since. In Michael Frayn's ambitious, fiercely intelligent, and daring new play Heisenberg and Bohr meet once again to discuss the intricacies of physics and to ponder the metaphysicalthe very essence of human motivation.

*The #1 New York Times bestseller from Walter Isaacson brings Leonardo da Vinci to life in this exciting new biography that is “a study in creativity: how to define it, how to achieve it...Most important, it is a powerful story of an exhilarating mind and life” (The New Yorker). Based on thousands of pages from Leonardo da Vinci’s astonishing notebooks and new discoveries about his life and work, Walter Isaacson “deftly reveals an intimate Leonardo” (San Francisco Chronicle) in a narrative that connects his art to his science. He shows how Leonardo’s genius was based on skills we can improve in ourselves, such as passionate curiosity, careful observation, and an imagination so playful that it flirted with fantasy. He produced the two most famous paintings in history, The Last Supper and the Mona Lisa. With a passion that sometimes became obsessive, he pursued innovative studies of anatomy, fossils, birds, the heart, flying machines, botany, geology, and weaponry. He explored the math of optics, showed how light rays strike the cornea, and produced illusions of changing perspectives in The Last Supper. His ability to stand at the crossroads of the humanities and the sciences, made iconic by his drawing of Vitruvian Man, made him history’s most creative genius. In the “luminous” (Daily Beast) Leonardo da Vinci, Isaacson describes how Leonardo’s delight at combining diverse passions remains the ultimate recipe for creativity. So, too, does his ease at being a bit of a misfit: illegitimate, gay, vegetarian, left-handed, easily distracted, and at times heretical. His life should remind us of the importance to be imaginative and, like talented rebels in any era, to think different. Here, da Vinci “comes to life in all his remarkable brilliance and oddity in Walter Isaacson’s ambitious new biography...a vigorous, insightful portrait” (The Washington Post).*
