Seven Lamps of Fire: A Study of Eternal History and Divine Life

Excerpt from Lamps of Fire Never, never shall I forget the awful dumb agony that wrung my heart and froze my tears before they fell, when I saw those same beloved eyes close forever in their last long sleep, and knew that he, who had been dear as even the best parents rarely are, my friend, my spiritual father, my idolized companion - had gone from me, to re turn no more. Like one in a dream, I bade farewell to poor, weeping Bidy and my passionately loved Irish home. My guardian, they said, had arranged for me to go abroad and complete my education. "Seven Lamps of Fire"; Or, The Sevenfold Gift of the Holy Ghost

This issue of The Ministry of the Word contains a complete record of the six messages given during the Memorial Day weekend conference held on May 23-26, 2008, in Dallas, Texas. The general subject of the conference was entitled "Experiencing and Enjoying Christ to Abound in the Work of Christ according to His Full Ministry of Three Stages--Incarnation, Inclusion, and Intensification." The main burden of the conference can be summarized by the following four statements: 1) We need to experience and enjoy Christ to abound in the work of Christ according to His full ministry of three stages--incarnation, inclusion, and intensification. 2) The seven Spirits as the seven eyes of Christ, the Lamb, infuse all that the Lamb is into our being so that we may be transformed into His image for God's building. 3) Christ as the sevenfold intensified Spirit is working to produce the overcomers by bringing them out of the degradation of the church back to the enjoyment of Himself for the finalization of God's New Testament economy. 4) Under the burning of the seven Spirits as the seven lamps of fire, the churches as golden lampstands will consummate in the New Jerusalem as the universal, eternal golden lampstand. Last of all, we include a report concerning recent conferences in Armenia and Georgia.

REFLECTING REALITY: TOYS, LAMPS & LANTERNS FROM THE NEW YORK CITY FIRE MUSEUM, the first publication of its kind, presents an overview of the history & development of firefighting toys & working models, & of fire engine lamps, torches, lanterns & searchlights from the 18th century to the present. The 60-page, fully-illustrated book has 74

black-&-white & 8 color plates & is published in conjunction with an exhibition of the same name from the New York City Fire Museum's collection of fire-related art & artifacts. The catalogue is written by Museum Director Barbara Hayward & includes two introductory essays, NEW YORK CITY FIRE MUSEUM TOY COLLECTION by Charles V. Hansen, author of "The History of American Firefighting Toys," & THE FIREFIGHTERS LIGHTS: A COLOR REFLECTION by James Piatti, author of "Firehouse Memorabilia Identification & Price Guide." REFLECTING REALITY: TOYS, LAMPS & LANTERNS FROM THE NEW YORK CITY FIRE MUSEUM brings together two groups of firefighting objects. By their very nature, the toys & models are diminutive objects designed to imitate reality. On the other hand, the fire engine's lamps, torches, lanterns & searchlights are real & functional objects that are reflected in many of the toys & models.
