

Law Made Simple Made Simple Series

The Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting (MLI) provides an innovative approach to enable countries to swiftly modify their bilateral tax treaties in order to implement measures developed in the course of the Base Erosion and Profit Shifting (BEPS) Project. MLI, the first successfully concluded multilateral tax treaty, provides jurisdictions with the tools they need to ensure that profits are taxed where economic activities generating the profits are performed, while at the same time giving businesses greater certainty. MLI Made Easy makes it easier to get a complete grasp of this swift but complex modification process of tax treaties. This first and only self-contained book offers an unmatched article-by-article discussion of the MLI with an abundance of practical examples, diagrams, and flowcharts to make the information easier to understand and apply. Focusing on measures to combat tax evasion and abuse of tax treaties arising due to artificial avoidance of a permanent establishment status, hybrid mismatch arrangements, and other aspects of taxation, the book includes an in-depth discussion of the following and more: how specific gaps in existing bilateral tax treaties are addressed by the MLI; positions taken by selected jurisdictions and their impact on treaties; compatibility clauses, notification clauses, opting-in mechanisms, alternative provisions, and reservations; experiences in the course of implementation of the MLI; misconceptions and lingering doubts in respect of various substantive and procedural provisions of the MLI; interaction between the principal purpose test and simplified limitation on benefits; improving dispute resolution; and meaning of the phrases 'on or after', 'other taxes', and interpretational issues in entry into effect provisions. Adopted by a majority of jurisdictions worldwide, MLI preserves the tax sovereignty of its Parties and has been successful in overcoming barriers to the conclusion of a worldwide multilateral tax treaty. Because this easy-to-use book immensely facilitates understanding and application of the treaty measures developed in the course of the BEPS Project, it will be of immeasurable use to practitioners and other professionals engaging in international taxation, as well as to taxation authorities and interested academics in any part of the world.

In this insightful, action-oriented book that goes way beyond the usual "business development tips for lawyers," Michelle Cotter Richards, a former Biglaw litigator and in-house counsel, draws on her years of experience coaching Biglaw attorneys to teach readers an entirely new approach to Biglaw business development. Originate contains powerful strategies to help Biglaw attorneys develop business right away, even in the face of the ever-changing market for Biglaw legal services. Originate analyzes the systemic evolution of Biglaw and its future direction, leading to the inescapable conclusion that an entirely new understanding of Biglaw business development is in order. Integrating concepts from experts such as Daniel Pink, Dr. Larry Richard and Susan Swaim Daicoff, lawyers who implement the practical, research-driven concepts in Originate will be poised for success no matter what the future holds for Biglaw. A must read for Biglaw rainmakers and future rainmakers everywhere.

Presents provisions from over 270 statutes that have been rewritten in plain language aimed at informing and educating South African citizenry on how to be law-abiding members of society.

THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power.

(From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

Law Made Simple

What We All Need to Know, what Not to Do

What You Should Know about the Law and the System

A Better Approach to Biglaw Success

The Laws of Simplicity

Covers the elements of English Law, which is the basis of all legal systems throughout the English speaking world, however much they may have become adapted to the needs and conditions of different countries. A comprehensive guide for students studying law as part of A-Level, BTEC and GNVQ courses 'Law Made Simple 12th edition' provides an excellent background for the general reader and a springboard to further study. It is a particularly good guide to the Law of Contract, Law of Property and the Law of Tort.

It covers the elements of English Law, the law which is the basis of all legal systems throughout the English-speaking world, however much they may have become adapted to the needs and conditions of different countries. As well as for students studying the law as part of A-Level, BTEC and GNVQ courses, 'Law Made Simple 11th edition' provides an excellent background for the general reader and a springboard to further study. It is a particularly good guide to the Law of Contract, Law of Property and Law of Tort.

Communication skills are an increasingly important part of the medical curriculum. This book aims to give didactic guidance on the appropriate style and content of communication for medical students and F1 doctors in those common situations they are likely to encounter both on the ward and in OSCE examinations. In each case any legal points or potential pitfalls are highlighted. Part of the Made Easy series, the book is small in format and extent and presents only the essentials in a way that is highly accessible for the busy medical student already overloaded with information. What to say to patients is a major cause of insecurity and worry amongst medical students and this book provides the perfect answer. Unlike all other books on communication skills the whole emphasis is on practical guidance in specific situations, rather than exploring the background to communication skills or the underlying principles. Practical guidance on what to say to patients in common situations in the clinic and on the wards. Includes legal guidance for all situations. Example OSCEs provided to prepare for examinations. A comprehensive resource particularly targeted to the needs of pre-retirement baby boomers contains forms, worksheets, and instructions for preparing an estate plan that includes a will, living trust, financial power of attorney, and other options, in a guide that includes on the accompanying CD all of the forms in PDF and text formats as well as a copy of Adobe Acrobat Reader. Original.

Manifesting Made Easy

The Uniform Commercial Code Made Easy marks the first time in the history of legal education that a novel has been used as a vehicle for delivering the content of a substantive body of law; in this case, a pervasive statutory scheme The Uniform Commercial Code, law in all fifty states. Mirroring the factual assumptions upon which the UCC was drafted, The Uniform Commercial Code Made Easy places the application of these laws in concrete and interesting commercial settings where they come to life. Logical reader questions are anticipated, and answered through a variety of communication channels uniquely available to the format chosen: dialogue, memoranda of law, texting and emails, are illustrative. If you are in business, the Uniform Commercial Code directly, impacts your business hundreds, perhaps thousands of times per day. Virtually every phase of a transaction in goods, from sale or lease through financing, is impacted by the laws of the UCC. Of particular significance are those provisions which can literally save a business from going under. These potential landmines need to be identified before they are stepped on. The Uniform Commercial Code Made Easy accomplishes this important task. Consumers should understand the basic laws the surround and govern their purchases leases and financing of goods. They should also understand, as should businesses, the impact of signing a promissory note, how the transfer of that note can affect one 's rights, and how to protect one 's rights when promissory notes are executed. Understanding how to protect your rights in these transactions is both empowering and essential. The mass and complexity of the Uniform Commercial Code has made comprehension and learning the content very challenging. The ease of learning is greatly enhanced by

the approach utilized in The Uniform Commercial Code Made Easy. As one prominent attorney and author wrote in a recently published book review: Yes, Virginia, there is a Santa Claus! In this case, he comes in the form of former University of Miami School of Law professor Robert M. LeVine, who has made one of the most complicated bodies of law in the United States the Uniform Commercial Code not only comprehensible but entertaining. Tom Shuck, Esq. Past President, Federal Bar Association Federal Bar Association Journal, August 2111 Law students, business students, and CPA 's must know the Uniform Commercial Code. It is essential to graduate from law school and is on the bar examination of every state, and the CPA examination as well. The following are illustrative of testimonials received on The Uniform Commercial Code Made Easy: It 's true. The UCC is just as daunting as it looks, and this book is the key to unlocking its mysteries. Infused with practicality, The Uniform Commercial Code Made Easy combines every day transactions with straightforward law, allowing students to not only navigate the UCC with ease, but also develop a lasting understanding of the material. The Uniform Commercial Code Made Easy 's revolutionary approach to the UCC has extensive application both in and out of the classroom as a resource for professors and a study aid for students. The Uniform Commercial Code Made Easy by LeVine was my key to success in understanding the UCC, and enjoying it! Melissa Carroll Stetson University College of Law I was amazed. I never thought it possible to make the UCC interesting but I was wrong. For once I had found a book which made me understand the meaning and interrelationships among sections, and at the same time, I enjoyed reading it. F. William Harvey JD, MBA, Wharton School of Business The knowledge contained in the Uniform Commercial Code is invaluable to anyone in business, or any American who is involved in basic consumer transactions. The Uniform Commercial Code Made Easy creates a pathway to this level in a unique and entertaining manner.

A Book for the People

The Law of Attraction Made Easy

A solid reference for both the everyday and the unexpected legal issues, written by practicing attorneys Law 101 is an essential reference that explains: How laws are made How the court system works How each area of the law impacts your daily life Key information for important questions: How does a lawsuit begin? How do civil and criminal law differ? When do state laws trump federal laws? What makes a contract solid? What can you expect if called as a juror? What can you expect if called as a witness? And other complex areas of the law that you need to know. No home reference shelf is complete without this indispensable guide. The new edition also includes information on legal subjects that have become more important recently, including alternative dispute resolution, privacy rights, and Internet law.

Mazer teaches you to free yourself from the limiting beliefs that prevent you from achieving the abundance you deserve. She takes you step by step through the process of manifesting, so that you can signal to the universe that you're ready for good things to come your way.

This fourteenth edition of Law Made Simple marks the fiftieth year of the publication for one of the best-selling UK Law books. It is the perfect introduction to the English Legal System, and combines an overview of both the legislation and case law relating to all the foundation subjects, including Contract, Torts, Land, Trusts, Criminal, Public and EU. Fully updated, this book acts as a clear and concise guide for students studying law at any level, and takes into account developments across the curriculum. It is suitable for students studying law at A-Level, or as an excellent background for students thinking of embarking on the study of law or related course at degree level.

This new book offers an approachable user's guide to both the spirit and the letter of the law underlying the U.S. legal system. It provides explanations and examples of most of the concepts covered in law schools explained in plain English, with minimum use of jargon. It also offers copies of the U.S. Constitution and Bill of Rights. It's perfect for anyone who wishes a concise and approachable guide to the U.S. Legal system.

Are you studying for an A-Level in Law? Are you thinking about reading Law or a related subject at university? Or maybe you already have a place at Law School? If you answered 'yes' to any of the above or if you have a general interest in how the Law works, Law Made Simple is the perfect introduction to this huge and complex subject. Covering all the foundation subjects,

Contract, Torts, Land, Trusts, Criminal, Public and EU Law as well as an introduction to the personnel and mechanisms that make up the English Legal System, Law Made Simple will offer you a clear and concise introduction to both the legislation and case law relating to all the major topics. This 13th edition now includes a brand new chapter on Public Law and Human Rights, a completely revised and updated chapter on Sources of Law and has been fully updated to take into account developments across the curriculum such as the ratification of the Lisbon Treaty; the Supreme Court and the Ministry of Justice; the Legal Services Act 2007; and the Fixed Term Parliaments Act 2011.

The ability to prove one's innocence SHOULD NOT DEPEND on how much money the defendant has. TRUTH should not be something that is bought. And yet, money is far too often what makes the difference between a successful legal defense, and prison time. If you have been arrested, the bad news is that the court will appoint a lawyer for you. This is not good news because the court pretends that as long as you have a lawyer, justice will be served. But a court-appointed attorney typically does more harm than good. This book explains why, and what to do about it. TRUTHS THAT THE SYSTEM WOULD PREFER YOU DIDN'T KNOW Would you believe that, given the choice between keeping you out of prison for ten years or saving himself a few hundred dollars, a court-appointed attorney will choose the money virtually every time? Yes, ten years. Or that at least ten thousand Ohio inmates would not be in prison today if Ohio courts correctly applied the law? Yes, ten thousand. OUR JUSTICE SYSTEM IS BROKEN, AND THERE'S NO MONEY TO FIX IT This book shows one man's walk through a dysfunctional justice system, and the author gives it to you straight, like no attorney could without putting his license in jeopardy, and like no one else could who hasn't lived it. If you have been arrested and don't know what to do, this book will help you find the answers you seek; get cooperation from your court-appointed attorney; keep the system from violating your rights; get excessive charges removed from the indictment; file motions in the courts; and process your appeals. It's the must-have book for the twenty-first century.

"The best introduction to logic you will find."—Martin Gardner "Professor Bennett entertains as she instructs," writes Publishers Weekly about the penetrating yet practical Logic Made Easy. This brilliantly clear and gratifyingly concise treatment of the ancient Greek discipline identifies the illogical in everything from street signs to tax forms. Complete with puzzles you can try yourself, Logic Made Easy invites readers to identify and ultimately remedy logical slips in everyday life. Designed with dozens of visual examples, the book guides you through those hair-raising times when logic is at odds with our language and common sense. Logic Made Easy is indeed one of those rare books that will actually make you a more logical human being.

Are you studying for an A-Level in Law? Are you thinking about reading Law or a related subject at university? Or maybe you already have a place at Law School? Lawful Living

More Than 50 Exercises to Manifest the Life You Want

The Patient-Centred Approach

Ten laws of simplicity for business, technology, and design that teach us how to need less but get more. Finally, we are learning that simplicity equals sanity. We're rebelling against technology that's too complicated, DVD players with too many menus, and software accompanied by 75-megabyte "read me" manuals. The iPod's clean gadgetry has made simplicity hip. But sometimes we find ourselves caught up in the simplicity paradox: we want something that's simple and easy to use, but also does all the complex things we might ever want it to do. In The Laws of Simplicity, John Maeda offers ten laws for balancing simplicity and complexity in business, technology, and design—guidelines for needing less and actually getting more. Maeda—a professor in MIT's Media Lab and a world-renowned graphic designer—explores the question of how we can redefine the notion of "improved" so that it doesn't always mean something more, something added on. Maeda's first law of simplicity is "Reduce." It's not necessarily beneficial to add technology features just because we can. And the features that we do have must be organized (Law 2) in a sensible hierarchy so users aren't distracted by features and functions they don't need. But simplicity is not less just for the sake of less. Skip ahead to Law 9:

"Failure: Accept the fact that some things can never be made simple." Maeda's concise guide to simplicity in the digital age shows us how this idea can be a cornerstone of organizations and their products—how it can drive both business and technology. We can learn to simplify without sacrificing comfort and meaning, and we can achieve the balance described in Law 10. This law, which Maeda calls "The One," tells us: "Simplicity is about subtracting the obvious, and adding the meaningful."

Learn 7 different wig making methods, how to change your hair texture, styling tips and tricks

Contract Law made simple is a small but comprehensive revision textbook written for students who are studying for a law degree, paralegals, A-level law students, and students studying business law. The book covers all the core topics in contract law and provides practical and helpful tips in preparing for examinations, method used to answer

law examination questions, and revision of past examination papers. The author takes into the account the difficulties faced by most students in understanding law concept, and hence, Contract Law Made Simple assumes that the reader has no previous knowledge of contract law and is written in basic, clear, easily understandable language. Clear ordinary language is also used to explain legal terms and practical examples given to illustrate.
