

## *Le Temps Des Insoumises T3 Summerset Abbey*

Agatha Raisin's detective agency has become so successful that now all she wants is some R as soon as she cuts back her hours, Agatha remembers that when she has too much quality doesn't know what to do with it. So it doesn't take much for the vicar of a nearby village to her to help publicize the church fête--especially when the fair's organizer, George Selby, happens to be a gorgeous widower. Problem is: Several of the offerings in the jam-tasting booth turn out to be poisoned...and the festive family event soon becomes a murder scene. Now Agatha must uncover the truth behind the jam tampering and expose the nasty secrets lurking in the seemingly innocent village--all while falling for handsome George, who may just have some secrets of his own. Ian Gilvry, Laird of Dunross, is as rough and wild as the Highland heather. Yet the return of Sassenach Selina and her family to claim his land ignites hatred and passion in equal measure. Selina is torn between family loyalty and wanton need for Ian. Tricked into marriage, she finds the laird fulfils her every burning desire. But Ian is a man bound by duty. Can Selina be sure that his heart belongs not only to his clan...but also to the woman he has made his wife?

THE FIRST PSY/CHANGELING NOVEL from the New York Times bestselling author of *Shards of Hope*, *Shield of Winter*, and *Heart of Obsidian*... The book that Christine Feehan called "a must-read for all of my fans." In a world that denies emotions, where the ruling Psy punish any sign of emotion, Sascha Duncan must conceal the feelings that brand her as flawed. To reveal them would be a sentence herself to the horror of "rehabilitation"—the complete psychic erasure of everything she was...Both human and animal, Lucas Hunter is a Changeling hungry for the very sensations that the Psy disdain. After centuries of uneasy coexistence, these two races are now on the verge of war.

## Read Online Le Temps Des Insoumises T3 Summerset Abbey

brutal murders of several Changeling women. Lucas is determined to find the Psy killer who butchered his packmate, and Sascha is his ticket into their closely guarded society. But he soon discovers that this ice-cold Psy is very capable of passion—and that the animal in him is fascinated by her. Caught between their conflicting worlds, Lucas and Sascha must remain bound to their identities—or sacrifice everything for a taste of darkest temptation...

Série « Amoureuses et insoumises », tome 3 Fières et passionnées, les sœurs Marshall sont prêtes à tenir tête aux plus puissants des hommes... Qui est réellement Emmie Marshall ? Cette question hante Bastian depuis qu'il a découvert le visage de sa jeune stagiaire sur un site spécialisé en « accompagnatrices de luxe ». La jeune femme a beau nier avec véhémence, il n'en croit pas un mot. N'a-t-il pas rencontré trop de manipulatrices au visage d'ange pour se laisser tromper par l'apparence si sage d'Emmie ? Dans l'espoir d'obtenir des réponses à toutes les questions qu'il se pose, Bastian exige qu'elle l'accompagne au mariage de sa sœur, en Grèce. Mais, une fois sur place, infiniment troublé par le mélange d'innocence et de sensualité que dégage la jeune femme, il cède bientôt au désir fou qu'elle lui inspire, pour une nuit d'amour passionnée. Une nuit qui pourrait bien avoir des conséquences inattendues...

Mathematical Foundations of Quantum Theory

*After 150 years of hellish torture at the hands of the vampire horde, Lachlain, king of*

*the Lykae (werewolf) clan, escapes his captors. He's disoriented and full of hatred, and yet he finds the mate he's been longing for for 1200 years in a small, delicate vampire. Desperate to find information on her parents, Emmaline Troy, a timid, overprotected half vampire/ half valkyrie, had travelled to Paris away from the protection of her valkyrie aunts for the first time in her young life (she's only 70), but she manages to be kidnapped by a raging Lykae who's tender to her one minute, though-if he is reminded she's a vampire-furious the next...*

*A critical examination of metropolitan planning in Paris—the “Grand Paris” initiative—and the building of today's networked global city. In 2007 the French government announced the “Grand Paris” initiative. This ambitious project reimagined the Paris region as integrated, balanced, global, sustainable, and prosperous. Metropolitan solidarity would unite divided populations; a new transportation system, the Grand Paris Express, would connect the affluent city proper with the low-income suburbs; streamlined institutions would replace fragmented governance structures. Grand Paris is more than a redevelopment plan; it is a new paradigm for urbanism. In this first English-language examination of Grand Paris, Theresa Enright offers a critical analysis of the early stages of the project, considering whether it can achieve its twin goals of economic competitiveness and equality. Enright argues that by orienting the city around growth and marketization, Grand Paris reproduces the social and spatial hierarchies it sets out to address. For*

*example, large expenditures for the Grand Paris Express are made not for the public good but to increase the attractiveness of the region to private investors, setting off a real estate boom, encouraging gentrification, and leaving many residents still unable to get from here to there. Enright describes Grand Paris as an example of what she calls “grand urbanism,” large-scale planning that relies on infrastructural megaprojects to reconfigure urban regions in pursuit of speculative redevelopment. Democracy and equality suffer under processes of grand urbanism. Given the logic of commodification on which Grand Paris is based, these are likely to suffer as the project moves forward.*

*#1 NEW YORK TIMES BESTSELLER “Absorbing . . . impossible to resist.” —The Washington Post As Europe erupts, can one young spy protect his queen? #1 New York Times bestselling author Ken Follett takes us deep into the treacherous world of powerful monarchs, intrigue, murder, and treason with his magnificent new epic, A Column of Fire. In 1558, the ancient stones of Kingsbridge Cathedral look down on a city torn apart by religious conflict. As power in England shifts precariously between Catholics and Protestants, royalty and commoners clash, testing friendship, loyalty, and love. Ned Willard wants nothing more than to marry Margery Fitzgerald. But when the lovers find themselves on opposing sides of the religious conflict dividing the country, Ned goes to work for Princess Elizabeth. When she becomes queen, all Europe turns against England. The shrewd, determined young monarch sets up the*

*country's first secret service to give her early warning of assassination plots, rebellions, and invasion plans. Over a turbulent half century, the love between Ned and Margery seems doomed as extremism sparks violence from Edinburgh to Geneva. Elizabeth clings to her throne and her principles, protected by a small, dedicated group of resourceful spies and courageous secret agents. The real enemies, then as now, are not the rival religions. The true battle pitches those who believe in tolerance and compromise against the tyrants who would impose their ideas on everyone else—no matter what the cost. Set during one of the most turbulent and revolutionary times in history, A Column of Fire is one of Follett's most exciting and ambitious works yet. It will delight longtime fans of the Kingsbridge series and is the perfect introduction for readers new to Ken Follett.*

*The future of politics after the pandemic COVID-19 exposed the pre-existing conditions of the current global crisis. Many Western states failed to protect their populations, while others were able to suppress the virus only with sweeping social restrictions. In contrast, many Asian countries were able to make much more precise interventions. Everywhere, lockdown transformed everyday life, introducing an epidemiological view of society based on sensing, modeling, and filtering. What lessons are to be learned? The Revenge of the Real envisions a new positive biopolitics that recognizes that governance is literally a matter of life and death. We are grappling with multiple interconnected dilemmas—climate change, pandemics,*

*the tensions between the individual and society—all of which have to be addressed on a planetary scale. Even when separated, we are still enmeshed. Can the world govern itself differently? What models and philosophies are needed? Bratton argues that instead of thinking of biotechnologies as something imposed on society, we must see them as essential to a politics of infrastructure, knowledge, and direct intervention. In this way, we can build a society based on a new rationality of inclusion, care, and prevention.*

*Eleanor of Aquitaine*

*Summerset Abbey*

1913: In a sprawling manor on the outskirts of London, three young women seek to fulfill their destinies and desires amidst the unspoken rules of society in this stunning series starter that fans of Downton Abbey will love. Rowena Buxton Sir Philip Buxton raised three girls into beautiful and capable young women in a bohemian household that defied Edwardian tradition. Eldest sister Rowena was taught to value people, not wealth or status. But everything she believes will be tested when Sir Philip dies, and

the girls must live under their uncle's guardianship at the vast family estate, Summerset Abbey. Standing up for a beloved family member sequestered to the "underclass" in this privileged new world, and drawn into the Cunning Coterie, an exclusive social circle of aristocratic "rebels," Rowena must decide where her true passions—and loyalties—lie. Victoria Buxton Frail in body but filled with an audacious spirit, Victoria secretly dreams of attending university to become a botanist like her father. But this most unladylike wish is not her only secret—Victoria has stumbled upon a family scandal that, if revealed, has the potential to change lives forever... Prudence Tate Prudence was lovingly brought up alongside Victoria and Rowena, and their bond is as strong as blood. But by birth she is a governess's daughter, and to the lord of Summerset Abbey, that makes her a commoner who must take her true place in society—as lady's maid to her beloved "sisters." But Pru doesn't belong in the downstairs world of the household staff any more than she belongs upstairs with the Buxton girls. And when a young lord catches her eye, she begins to wonder if she'll ever truly carve out a place for herself at Summerset Abbey.

"9 March 1876 My name is Meggie Kelly and I take up this pencil with my twin sister, Susie. We have nothing left, less than nothing. The village of our People has been destroyed. Empty of human feeling, half-dead

ourselves, all that remains of us intact are hearts turned to stone. We curse the U.S. government, we curse the Army, we curse the savagery of mankind, white and Indian alike. We curse God in his heaven. Do not underestimate the power of a mother's vengeance . . . . So begins the journal of Margaret Kelly, a woman who participated in the government's "Brides for Indians" program in 1873, a program whose conceit was that the way to peace between the United States and the Cheyenne Nation was for One Thousand White Women to be given as brides in exchange for three hundred horses. Mostly fallen women, the brides themselves thought it was simply a chance at freedom. But many fell in love with the Cheyenne spouses and had children with them . . . and became Cheyenne themselves. *THE VENGEANCE OF MOTHERS* explores what happens to the bonds between wives and husbands, children and mothers, when society sees them as "unspeakable." Jim Fergus brings to light a time and place and fills it with unforgettable characters who live and breathe with a passion we can relate to even today" --

A woman with a secret . . . Reckless beauty Lily Lawson delights in shocking London society. She will break any rule to get what she wants . . . and she is determined to stop her younger sister from marrying Alex, Lord Wolverton, a handsome and arrogant earl who has vowed never to fall in

love. A man who will do anything to possess her . . . To Alex's fury, the headstrong hellion presents a temptation he can't resist. He vows to make her pay dearly for her interference—with her body, her soul, and her stubborn, well-guarded heart. As Alex and Lily challenge each other at every turn, they are caught up in a white-hot desire that burns through every defense and exposes the mystery of Lily's past . . . and together they discover that love is the most dangerous game of all.

Conall Mackintosh had an eye for the ladies and a heart for wanderin'. But when his laird set before him a task -- strike a trade bargain with Clan Dunbar—the roguish adventurer couldn't say nay, to his brother or to the reward he'd receive for a job well done. On the shores of Loch Drurie Conall came face-to-face with Dunbar's "laird"—a sassy wench with wild red hair and skirts rucked up to her knees. Mairi Dunbar had cared well for her people after her father's death. She was no simpering fool who couldn't make a treaty with Clan Mackintosh. Conall couldn't decide whether to strangle the beautiful lass or kiss her. Once fair eager to be on his way, Conall now found that one look into Mairi's eyes had heated his blood and stirred his heart in ways that no one else ever had!

Soviet Skyscrapers and Urban Life in Stalin's Capital  
Metropolitan Urbanism in the Twenty-First Century

l'ère du feu

Queen and Rebel

The Dominant

No Rest for the Wicked

An in-depth history of the Stalinist skyscraper In the early years of the Cold War, the skyline of Moscow was forever transformed by a citywide skyscraper building project. As the steel girders of the monumental towers went up, the centuries-old metropolis was reinvented to embody the greatness of Stalinist society. *Moscow Monumental* explores how the quintessential architectural works of the late Stalin era fundamentally reshaped daily life in the Soviet capital. Drawing on a wealth of original archival research, Katherine Zubovich examines the decisions and actions of Soviet elites—from top leaders to master architects—and describes the experiences of ordinary Muscovites who found their lives uprooted by the ambitious skyscraper project. She shows how the Stalin-era quest for monumentalism was rooted in the Soviet Union's engagement with Western trends in architecture and planning, and how the skyscrapers required the creation of a vast and complex infrastructure. As laborers flooded into the city, authorities evicted and rehoused tens of thousands of city residents living on the plots selected for development. When

completed in the mid-1950s, these seven ornate neoclassical buildings served as elite apartment complexes, luxury hotels, and ministry and university headquarters. Moscow Monumental tells a story that is both local and broadly transnational, taking readers from the streets of interwar Moscow and New York to the marble-clad halls of the bombastic postwar structures that continue to define the Russian capital today.

The thrilling conclusion to the New York Times Bestselling Matched Trilogy! Perfect for fans of 1984, Brave New World, Black Mirror, and The Handmaid's Tale. Cassia's journey began with an error, a momentary glitch in the otherwise perfect façade of the Society. After crossing canyons to break free, she waits, silk and paper smuggled against her skin, ready for the final chapter. The wait is over. One young woman has raged against those who threaten to keep away what matters most—family, love, choice. Her revolution is about to explode into full-scale rebellion. As an incurable plague sweeps through the Society, Cassia races to save both the lives and freedom of those she loves. With exquisite prose, the emotionally gripping conclusion to the international-bestselling Matched trilogy returns Cassia, Ky, and Xander to the Society to save the one thing they have been denied for so long, the power to choose.

Emily Dickinson is as famous for being a recluse as she is for her poetry. In this stunning novel, we see her struggling to reconcile spirit and flesh, preferring letters and reflecting that the only way to have books and life is to live through one's own writing. Dominique Fortier brings Dickinson vividly to life, as if reanimating a flower that had been pressed in a book, through her reflections on language and what it feels like to be home.

In a forgotten part of Middle America, a defiant act leaves one man dead and one teenage girl faced with a stark decision that could mean losing everything. Amy Wirkner, a high school senior in Barnesville, Ohio, is a loner, nicknamed "Chevy" for her size. She's smart, funny, and absolutely determined to escape from her small town in the Ohio Valley, a place poisoned by fracking. She does well in school despite the cruelty of her classmates and has her eyes on a college scholarship, so she can one day become a veterinarian and make something of herself. But even as she tries to keep her head down and stay out of trouble, trouble seems to find her. Believing toxic water has poisoned her family, Amy one night becomes involved in an act of ecoterrorism against a local fracking company that goes terribly wrong. Her oldest friend Paul, as angry and defiant as she is, has drawn her into this dark world—and now a man is dead as a result. But Amy can't—won't—let one night's mistake stand in

the way of her plans. Touching on important topics as wide-ranging as ethnic hatred, police corruption, environmental decay, and gun violence, Lady Chevy is one girl's story that highlights the darkest parts of modern America with surprising results.

The Submissive

The Revenge of the Real

The New York Times bestselling author of *The Submissive* returns with a scintillating new tale about power, danger, and jaw-dropping passion.... Nathaniel and Abby are struggling to navigate the challenging waters of their own relationship, when they get a surprising phone call from their partners in play, Dena and Jeff, who are in need of a helping hand... Seven years ago, blonde, beautiful lawyer Dena Jenkins was tired of her carefully controlled life. Desperate for something exhilarating to help her escape the pressures of her demanding job and her senator father, she joined a steamy, local BDSM club as a submissive. There she met brooding Dominant, Jeff. The attraction between them was

undeniable, and, despite Dena's doubts, they couldn't stay away from each other. Except, as the years have passed, their blazing connection has proven difficult to maintain. Dena and Jeff have a history they'd rather forget, but Dena can't let go of the past, and Jeff is ready to move across the country to give her space. Now, to save their passion, they'll have to rediscover what it means to trust each other--and give themselves to each other completely...

The Palace of Culture and Science is a massive Stalinist skyscraper that was "gifted" to Warsaw by the Soviet Union in 1955. Framing the Palace's visual, symbolic, and functional prominence in the everyday life of the Polish capital as a sort of obsession, locals joke that their city suffers from a "Palace of Culture complex." Despite attempts to privatize it, the Palace remains municipally owned, and continues to play host to a variety of public institutions and services. The Parade Square, which surrounds the building, has resisted attempts to convert it into a money-making commercial center. Author Michał Murawski traces the skyscraper's powerful impact on 21st century Warsaw; on its architectural and urban landscape; on its political, ideological, and cultural lives; and on the bodies and minds of its inhabitants. The Palace Complex explores the many factors that allow Warsaw's Palace to endure as a still-socialist building in a post-socialist city.

Mathematical Foundations of Quantum Theory is a collection of papers presented at the 1977 conference on the Mathematical Foundations of Quantum Theory, held in New Orleans. The contributors present their topics from a wide variety of backgrounds and specialization, but all shared a common interest in answering quantum issues. Organized into 20 chapters, this book's opening chapters establish a sound mathematical basis for quantum theory and a mode of observation in the double slit experiment. This book then describes the Lorentz particle system and other mathematical structures with which fundamental quantum theory must deal, and then some unsolved problems in the quantum logic approach to the foundations of quantum mechanics are considered. Considerable chapters cover topics on manuals and logics for quantum mechanics. This book also examines the problems in quantum logic, and then presents examples of their interpretation and relevance to nonclassical logic and statistics. The accommodation of conventional Fermi-Dirac and Bose-Einstein statistics in quantum mechanics or quantum field theory is illustrated. The final chapters of the book present a system of axioms for nonrelativistic quantum mechanics, with particular emphasis on the role of density operators as states. Specific connections of this theory with other formulations of quantum theory are also considered. These chapters also deal with the determination of the state of

an elementary quantum mechanical system by the associated position and momentum distribution. This book is of value to physicists, mathematicians, and researchers who are interested in quantum theory.

#1 New York Times Bestseller In 1989, Ken Follett astonished the literary world with *The Pillars of the Earth*, a sweeping epic novel set in twelfth-century England centered on the building of a cathedral and many of the hundreds of lives it affected. *World Without End* is its equally irresistible sequel—set two hundred years after *The Pillars of the Earth* and three hundred years after the Kingsbridge prequel, *The Evening and the Morning*. *World Without End* takes place in the same town of Kingsbridge, two centuries after the townspeople finished building the exquisite Gothic cathedral that was at the heart of *The Pillars of the Earth*. The cathedral and the priory are again at the center of a web of love and hate, greed and pride, ambition and revenge, but this sequel stands on its own. This time the men and women of an extraordinary cast of characters find themselves at a crossroads of new ideas—about medicine, commerce, architecture, and justice. In a world where proponents of the old ways fiercely battle those with progressive minds, the intrigue and tension quickly reach a boiling point against the devastating backdrop of the greatest natural disaster ever to strike the human race—the Black Death. Three years in the writing and nearly eighteen years since

its predecessor, World Without End is a "well-researched, beautifully detailed portrait of the late Middle Ages" (The Washington Post) that once again shows that Ken Follett is a masterful author writing at the top of his craft.

***1914. Alors que les festivités vont bon train dans le magnifique domaine de Summerset Abbey, la guerre approche et va venir tout bouleverser... Victoria et Rowena, les belles héritières Buxton, ont bien changé depuis la mort de leur père et leur arrivée au domaine de Summerset. Si Victoria n'aspire qu'à mener une vie indépendante, Rowena, elle, n'a qu'une passion : piloter son avion. Quant à Prudence, leur soeur d'adoption, elle trouve peu à peu la sérénité malgré son éloignement. Et pourtant, de nombreux tourments agitent encore les jeunes femmes. Serait-ce le carcan d'une existence trop traditionnelle pour ces trois êtres épris de liberté ? Ou la douce torture d'amours romantiques et contrariées ? L'arrivée de la guerre va changer la donne. Et, au-delà des drames et des chagrins, Victoria, Rowena et Prudence sauront trouver la voie de l'émancipation.***

***The most significant architectural spaces in the world are now entirely empty of people. The data centres, telecommunications networks, distribution warehouses, unmanned ports and industrialised agriculture that define the very nature of who we are today are at the same time places we can never visit. Instead they are occupied by server stacks and hard drives, logistics bots and mobile shelving units, autonomous cranes and container ships, robot vacuum cleaners and internet-connected toasters, driverless tractors and taxis. This issue is an atlas of sites, architectures and infrastructures that are not built for us, but whose form, materiality and purpose is configured to anticipate the patterns of machine vision and habitation rather than our own. We are said to be living in a new geological epoch, the Anthropocene, in which humans are the dominant force shaping the planet. This collection of spaces, however, more accurately constitutes an era of the Post-Anthropocene, a period where it is technology and artificial intelligence that now computes, conditions and constructs our world. Marking the end of human-centred design, the issue turns its attention to the new typologies of the post-human, architecture without people and our endless expanse of Machine Landscapes. Contributors: Rem Koolhaas, Merve Bedir and Jason Hilgefort, Benjamin H Bratton, Ingrid Burrington, Ian Cheng, Cathryn Dwyre, Chris Perry, David Salomon and Kathy Velikov, John Gerrard, Alice Gorman, Adam Harvey, Jesse LeCavalier, Xingzhe Liu, Clare Lyster, Geoff Manaugh, Tim Maughan, Simone C Niquille, Jenny Odell, Trevor Paglen, Ben Roberts. A wealthy and powerful CEO takes on an innocent and inexperienced submissive and finds himself falling for her in the second novel of the erotic trilogy following *The Submissive*. Original.

An investigation of interactivity, interfaces and their design, and the webs of complex interactions that result. We are surrounded by interactive devices, artifacts, and systems. The general assumption is that interactivity is good—that it is a positive feature associated with being modern, efficient, fast, flexible, and in control. Yet there is no very precise idea of what interaction is and what interactivity means. In this book, Lars-Erik Janlert and Erik Stolterman investigate the elements of interaction and how they can be defined and measured. They focus on interaction with digital artifacts and systems but draw inspiration from the broader, everyday sense of the word. Viewing the topic from a design perspective, Janlert and Stolterman take as their starting point the interface, which is designed to implement the interaction. They explore how the interface has changed over time, from a surface with knobs and dials to clickable symbols to gestures to the absence of anything visible. Janlert and Stolterman examine properties and qualities of designed artifacts and systems, primarily those that are open for manipulation by designers, considering such topics as complexity, clutter, control, and the emergence of an expressive-

impressive style of interaction. They argue that only when we understand the basic concepts and terms of interactivity and interaction will we be able to discuss seriously its possible futures.

#1 New York Times Bestseller Oprah's Book Club Selection The “ extraordinary . . . monumental masterpiece ” (Booklist) that changed the course of Ken Follett ’ s already phenomenal career—and begins where its prequel, *The Evening and the Morning*, ended. “ Follett risks all and comes out a clear winner, ” extolled *Publishers Weekly* on the release of *The Pillars of the Earth*. A departure for the bestselling thriller writer, the historical epic stunned readers and critics alike with its ambitious scope and gripping humanity. Today, it stands as a testament to Follett ’ s unassailable command of the written word and to his universal appeal. *The Pillars of the Earth* tells the story of Philip, prior of Kingsbridge, a devout and resourceful monk driven to build the greatest Gothic cathedral the world has known . . . of Tom, the mason who becomes his architect—a man divided in his soul . . . of the beautiful, elusive Lady Aliena, haunted by a secret shame . . . and of a struggle between good and evil that will turn church against state and brother against brother. A spellbinding epic tale of ambition, anarchy, and absolute power set against the sprawling medieval canvas of twelfth-century England, this is Ken Follett ’ s historical masterpiece.

When CEO Nathaniel West, a skilled dominant, is looking for a new submissive, Abby King agrees to play the part and although Abby finds fulfillment in her new experiences, she realizes that Nathaniel can only remain cold and distant.

conventions, the rules of fashion, or the pursuit of a husband. Instead, she finds herself drawn into the controversial—and dangerous—fight for women’s suffrage. But her dream is compromised, and her heart divided, when her struggle for equal rights collides with unexpected love. Rowena Buxton After yearning to no avail for a certain young pilot to fly back into her life, Rowena fears her chances for happiness have been jeopardized by recklessness and scandal. Burdened with guilt for bringing her sister Prudence to Summerset Abbey as a lady’s maid while she herself led a life of privilege, Rowena hopes to one day make amends. But her desire to set things right is complicated by her passion for flight and a sudden engagement . . . to the wrong man. Prudence Tate Raised like a sister to Victoria and Rowena, then banished to the servants’ quarters when their father passed away, Prudence has seen both sides of life, upstairs and down. But once the truth about her parentage was revealed, Prudence forged a new life for herself, married to a penniless veterinary student. Living in poverty in a shabby London flat, she wonders if she’s made a terrible mistake— and there’s no turning back. . . .

Live-in tutor wanted for four-year-old. Must be willing to relocate to a remote mountain estate. \$3K/week cash. On the run from ruthless killers, I’m down to ten bucks in my wallet and a half-tank of gas in

my ancient car when I spot the ad. The job sounds like the answer to my prayers, but there's a catch. The child's father is the most beautiful, most dangerous man I've ever met. Darkly seductive and filthy rich, Nikolai Molotov is a tantalizing mystery, a lethally alluring contradiction. Bruised knuckles and tailored suits, tender endearments and dirty promises—my new employer draws me in like a magnet, even as my instincts scream for me to run. I should've heeded them... because I'm not the only one with secrets. My safe haven just might be the devil's lair, and once he's claimed me, it will be too late to run.
