Painting with Hand, Head, and Heart is a comprehensive and practical guide to the art of painting and to the process of visual thinking that is part of our full human intelligence. More than 500 illustrated exercises and examples, collected and developed over many years of Waldorf classroom experience, show teachers, parents, and students how to learn to paint simply and naturally, as a child would learn to paint. The introduction examines contemporary research on brain development and its relationship to learning, showing how the process of picture-making contributes to the development of visual thinking. An overview follows of how children learn to paint, and how their visual intelligence can be engaged through age-appropriate color exercises. Many useful examples of wet-on-wet watercolor, wet-on-dry veil painting, pastel, acrylic and other mediums illustrate the art and science of painting for students of all ages and ability levels. Landscape, portrait, still life, figure painting and abstraction are dealt with as well as insights into Rudolf Steiner's indications on painting. Van James also provides samples of inspiring blackboard drawings and main lesson book pages for teachers and students. He includes an informative chapter on lazure wall painting and mural techniques, two contributions on therapeutic painting, an appendix on color poems and verses, and a bibliography of resources. Quotations by artists and authors on art, painting and color are generously included throughout the book

In Nature Painting in Watercolor, the focus is all on the great outdoors—specifically, the plants that grow there. Beginning and aspiring artists can learn to create their favorite ferns, leaves, trees, florals, as well as animals, using the popular watercolor medium. Start by learning about the tools and materials needed to paint in watercolor; then dive into a thorough and fun painting techniques section, which covers washes, glazes, how to add detail in watercolor, and much more. If you'd like to spend more time outside (who doesn't?), check out the section on finding inspiration outside for tips on viewing and gathering natural painting subjects, such as trees, grasses, flowers, and many other plants. And if you can't get outside, we've got you covered as well, with suggestions for where to find images online and photos to use as references. Also learn to sketch and keep a detailed sketchbook—skills that will help you when you get started on the step-by-step painting projects in the largest section of the book. The step-by-step projects cover popular natural painting subjects, including the ones already listed here as well as rocks, mushrooms, buds, blooms, big and small trees, and forest animals. All are illustrated and painted in the author/artists's signature contemporary watercolor style. Nature Painting in Watercolor offers a fun, refreshing look at painting plants for today's artist.

the world of Pastels, first of all thank you for picking up this eBook, as it shows your genuine interest in this subject. Why Pastel? Well pastel is easy to learn with proper training which you will be learning from this eBook, it already earned its popularity during Renaissance time, also what 's good with pastel is it comes with a wide variety of colors to choose from, Famous Artists who uses this media are Leonardo Da Vinci, Edgar Degas, Mary Cassatt and Vincent Van Gogh. If you may ask, how do I learn this art, it started when I was learning to render Charcoal, as Charcoal was for gray tone values, I asked myself one day, if you know how to use Charcoal, why not learn Pastels? So I decided to add color to my artworks, by learning to use Pastels for my colored artworks, as what I had seen (and also adapt some of their style) in some artist who uses it and earn their living by accepting commissioned works from their clients (it 's not a bad idea if after all if that 's what you are thinking or planning in your life- So my advice to you- "be skillful and confident by learning and practice all the exercises from this eBook"). And by the way if you want to learn how to render using Charcoal after you learned everything from this eBook, check our other Charcoal Titles- Learn How to Draw Portraits of People in Charcoal for the Beginner (Learn to Draw), Learn How to Draw Landscapes In Pencil and Charcoal For The Absolute Beginner (Learn to Draw), Learn How to Draw Portraits of African Animals in Charcoal For the Beginner (Learn to Draw). So be ready with your materials and follow the step-by-step procedures in the exercises. And after that I 'm sure at the end you will have Pastel Rendering skills and you will be rewarded for that, but first "have fun doing the exercises".

Written by a well-known artist and best-selling art-instruction author with almost rock-star popularity in the contemporary world of representational art, Beginning Drawing Atelier, with its unique workbook/sketchbook approach, and high-quality paper, offers a comprehensive and contemporary twist on traditional Atelier art instruction practices. Atelier education is centered on the belief that working in a studio, not sitting in the lecture hall, is the best place to learn about art. Every artist needs to learn basic drawing skills. In this elegant and inspiring workbook, master contemporary artist and best selling author Juliette Aristides breaks down the drawing process into small, manageable lessons; presents them progressively; introduces time-tested principles and techniques in the Atelier tradition that are easily accessible; and shares the language and context necessary to understand the artistic process and create superior, well-crafted drawings. What makes this approach unique is the fact that it includes blank pages for copying and practicing within each lesson, facilitating traditional Atelier methods. Ateliers have produced the greatest artists of all time--and now that educational model is experiencing a renaissance. These studios, in a return to classical art training, are based on the nineteenth-century model of

teaching artists by pairing them with a master artist over a period of years. Students begin by copying masterworks, then gradually progress to painting as their skills develop. Beginning Drawing Atelier is like having an atelier in a book--and the master is Juliette Aristides, a classically trained artist. On every page, Aristides uses the works of Old Masters and today's most respected realist artists to demonstrate and teach the principles of realist drawing and painting, taking students step by step through the learning curve yet allowing them to work at their own pace. Unique and inspiring, the approach in this new book offers serious art courses for serious art students.
