Emmeline and Frederick Pethick-
Lawrence were an

extraordinary couple and theirs is an extraordinary political and personal story. Emmeline was treasurer of Mrs Pankhurst ' s militant Women ' s Social and Political Union. Fred was the only man to achieve leadership

status in the organization.
Without their wealth,
determination and skills we
might never have heard of the

who stood bail for a thousand women. Both were imprisoned and force-fed. They provided the militant movement with its colors, its home, and much of its vision, and it was their associates who initiated the

hunger strike and who brought force-feeding to national attention. But in 1912 the couple were dramatically ousted from the organization by the Pankhursts in a move that has often been misrepresented.

This book is a portrait of the couple and their relationship with the Pankhursts, and of their inspirational fight, not just for the vote for women, but for freedom and equality across the world. The Pethick-Lawrences

were once as well known as the Pankhursts. But they have been neglected by history. This is the first book to give the Pethick-Lawrences the recognition that their part in the fight for the vote deserves, shedding new

light on the development of the militant campaign. It is also the first to address in detail the complexities of the dramatic split with the Pankhursts which has been misunderstood for a hundred years.

Bradshaw's Railway Handbook was originally published in 1866 under the title Bradshaw's Handbook for Tourists in Great Britain and Ireland. It appeared in four volumes as a comprehensive handbook for domestic tourists, offering a detailed view of English life in the Victorian age. Conway is proud to
