Il primo giorno di scuola Mini è un po' preoccupata: anche per lei finalmente inizia la scuola elementare, ma come verrà accolta dai nuovi compagni?

In her first book, designer Olka Novytska shares her passion for amigurumi crochet in 25 brand new designs. Enter the magical realm of AradiyaToys. With this book in one hand and your crochet hook in the other, you will be crocheting the cutest amigurumi kingdom. The mini Prince, accompanied by his trusty steed and his lovely princess sisters, visits the villagers in the realm. But be careful for robbers, wizards, and dragons as they might want to steal away the Princesses' kawaii toys! All patterns contain detailed instructions and are accompanied by step-by-step pictures and explanations of all techniques used, so both beginners and advanced crocheters can easily get acquainted with the characters in this book.

¿A ti te gustan los deportes? Este libro es sobre los deportes y va con la canción del Elementary Spanish Chatbook.

Reprint of the original, first published in 1866.

NATIONAL BESTSELLER • An audacious, darkly glittering novel set in the eerie days of civilization's collapse—the spellbinding story of a Hollywood star, his would-be savior, and a nomadic group of actors roaming the scattered outposts of the Great Lakes region, risking everything for art and humanity. Now an original series on HBO Max. Over one million copies sold! Kirsten Raymonde will never forget the night Arthur Leander, the famous Hollywood actor, had a heart attack on stage during a production of King Lear. That was the night when a devastating flu pandemic arrived in the city, and within weeks, civilization as we know it came to an end. Twenty years later, Kirsten moves between the settlements of the altered world with a small troupe of actors and musicians. They call themselves The Traveling Symphony, and they have dedicated themselves to keeping the remnants of art and humanity alive. But when they arrive in St. Deborah with the Water, they encounter a violent prophet who will threaten the tiny band’s existence. And as the story takes off, moving back and forth in time, and vividly depicting life before and after the pandemic, the strange twist of fate that connects them all will be revealed. Look for Emily St. John Mandel’s new novel, Sea of Tranquility, coming soon!

A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. bell hooks offers a new truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and respect. bell hooks are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is a distant, unattainable goal and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of love, and profoundly her revelations can change hearts and minds for the better.

Discover the Life-Changing Strategy of This Worldwide Bestseller in 17 Languages! UPDATED: Includes the best habit tracking apps of 2017. Lasting Change For Early Quitters, Burnouts, The Unmotivated, And Everyone Else Too When I decided to start exercising consistently 10 years ago, this is what actually happened: I tried "getting motivated." It worked sometimes.I tried setting audacious big goals. I almost always failed them.I tried to make changes last. They didn't. Like most people who try to change and fail, I kept trying to change and failing, and the problem. Then one afternoon--after another failed attempt to get motivated to exercise--I (accidentally) started my first mini habit. I initially committed to do one push-up, and it turned into a full workout. I was shocked. This "stupid idea" wasn't supposed to work, but I was shocked again when my success with this strategy continued for months (and to this day). I had to consider that maybe I wasn't the problem in those 10 years of mediocre results. Maybe it was my prior strategies that were ineffective, despite being oft-repeated. I changed my strategy to "change" in countless books and blogs. My suspicions were correct. Is There A Scientific Explanation For This? As I sought understanding, I found a plethora of scientific studies that had answers, with nobody to interpret them correctly. Based on the science of habit formation, I peeped throughout Mini Habits--we've been doing it all wrong. You can succeed without the guilt, intimidation, and repeated failure associated with such strategies as "getting motivated," New Year's Resolutions, or even "just doing it." In fact, you need to change your strategies if they aren't giving you great results. Most popular strategies don't work well because they require you to fight against your subconscious brain (a fight not easily won). It's only when you start playing by your brain's rules and taking your own path, you can succeed. Mini habits show you how to do--that you can achieve lasting change. What's A Mini Habit? A mini habit is a very small positive behavior that you force yourself to do every day; its "too small to fail" nature makes it weightless, deceptively powerful, and a success. It's a strategy. You will have no choice but to believe in yourself when you're always moving forward. The barrier to the first step is so low that even depressed or "stuck" people can find early success and begin to reverse their lives right away. And if you think of it as a strategy, it's too small to matter, I've got one heck of a story for you! Aim For The First Step They say when you aim for the moon, you'll land among the stars. Well, that doesn't make sense, as the moon is closer than the stars. I digress. The message is that you should aim for the stars, even if you fall short, you'll still get somewhere. I've found the opposite to be true in regards to productivity and healthy behaviors. When you aim for the moon, you won't do anything because it's too far away. But when you aim for the step in front of you, you will reach the moon. I've used the Mini Habits strategy to get into the best shape of my life, read 10x more books, and write 4x as many words. It started from requiring one push-up from myself every day. How ridiculous is that? Not so ridiculous when you think of the brain, habits, and willpower. The Mini Habits system works because it's how our brains are designed to change. Note: This book isn't for eliminating bad habits (some principles could be useful for breaking habits). Mini Habits is a strategy to create positive habits in: exercise, writing, reading, thinking positively, meditating, drinking water, eating healthy foods, etc. Lasting change won't happen until you take that first step into a strategy that works. Give Mini Habits a try. You won't look back.

Meet Space Dog, Astrocat, and Mousetronaut in this hilarious adventure about teamwork and unexpected friendship from the award-winning creator of Traction Man. Space Dog is zooming through Cake Space on the SS Kennel when he receives the first of many distress calls from the vast Spooniverse. Can he rescue the Cereal People, plug up the Ketchup Volcanoes, and defeat the Cheese Ants? All on his own? He might need some help. But Space Dogs, Astrocats, and Mousetronauts have always been sworn enemies! Can they put aside their differences to save the Spooniverse? This hilarious offering from the award-winning Mini Grey is a non-stop adventure, a celebration of imaginative play, and a triumphant story in which sworn enemies become . . . sworn friends!

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

A TIME Magazine Best YA Book of All Time A Stonewall Honor Book A Reese's Book Club YA Pick Liz Lighty has always believed she's too black, too poor, too awkward to shine in her small, rich, prom-obsessed midwestern town. But it's okay -- Liz has a plan that will get her out of Campbell, Indiana, forever: attend the uber-elite Pennington College, play in their world-famous orchestra, and become a doctor. But when the financial aid she was counting on unexpectedly falls through, Liz's plans come crashing down . . . until she's reminded of her school's scholarship for prom king and queen. There's nothing Liz wants to do less than endure a gauntlet of social media trolls, catty competitors, and humiliating public events, but despite her devastating fear of the spotlight she's willing to do whatever it takes to get to Pennington. The only thing that makes it halfway bearable is the new girl in school, Mack. She's smart, funny, and just as much of an outsider as Liz. But Mack is also in the running for queen. Will falling for the competition keep Liz from her dreams . . . or make them come true?

#1 NEW YORK TIMES BESTSELLER • NEWBERY MEDAL WINNER • NATIONAL BOOK AWARD WINNER Dig deep in this award-winning, modern classic that will remind readers that adventure is right around the corner--or just under your feet! Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment—and redemption. "A smart jigsaw puzzle of a novel." —New York Times *Includes a double bonus: an excerpt from Small Steps, the follow-up to Holes, as well as an excerpt from the New York Times bestseller Fuzzy Mud.

Bart Simpson's Guide to Life

(Willis). The Dozen a Day books are universally recognized as one of the most remarkable technique series on the market for all ages! Each book in this series contains short warm-up exercises to be played at the beginning of each practice session, providing excellent day-to-day training for the student.

The classic story by E. B. White, author of the Newbery Honor Book Charlotte's Web and The Trumpet of the Swan, about one small mouse on a very big adventure. Now available as an ebook! Illustrations in this ebook appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. Stuart Little is no ordinary mouse. Born to a family of humans, he lives in New York City with his parents, his older brother George, and Snowbell the cat. Though he's shy and thoughtful, he's also a true lover of adventure. Stuart's greatest adventure comes when his best friend, a beautiful little bird named Margalo, disappears from her nest. Determined to track her down, Stuart ventures away from home for the very first time in his life. He finds adventure aplenty. But will he find his friend? Stuart Little joins E. B. White favorites Charlotte's Web and The Trumpet of the Swan as classic illustrated novels that continue to speak to today's readers. Whether you curl up with your young reader to share these books or hand them off for independent reading, you are helping to create what are likely to be all-time favorite reading memories.

Traces the story of the grassroots initiative to promote literacy and encourage community through front-yard book exchanges, chronicling how the movement expanded throughout 70 countries. 10,000 first printing.

#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE’S 100 BEST YA BOOKS OF ALL TIME *The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can’t resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of I Am the Messenger, has given us one of the most enduring stories of our time. “The kind of book that can be life-changing.” —The New York Times “Deserves a place on the same shelf with The Diary of a Young Girl by Anne Frank.” —USA Today* **DON’T MISS BRIDGE OF CLAY, MARKUS ZUSAK’S FIRST NOVEL SINCE THE BOOK THIEF.**

New in paper! Geared towards the development and support of an existing library collection and to the creation of a new library serving Spanish-speaking young readers, this reference includes 1055 books in print that deserve to be read by Spanish-speaking children and young adults (or those wishing to learn Spanish). Schon's selection criteria include quality of art and writing, presentation, and appeal to the intended audience. The hidden costs of artificial intelligence, from natural resources and labor to privacy and freedom What happens when artificial intelligence saturates political life and depletes the planet? How is AI shaping our understanding of ourselves and our societies? In this book Kate Crawford reveals how this planetary network is fueling a shift toward undemocratic governance and increased inequality. Drawing on more than a decade of research, award-winning science, and technology, Crawford reveals how AI is a technology of extraction: from the energy and minerals needed to build and sustain its infrastructure, to the exploited workers behind "automated" services, to the data AI collects from us. Rather than taking a narrow focus on code and algorithms, Crawford offers us a political and a material perspective on what it takes to make artificial intelligence and where it goes wrong. While technical systems present a veneer of objectivity, they are always systems of power. This is an urgent account of what is at stake as technology companies use artificial intelligence to reshape the world.

New Visions

NEW YORK TIMES BESTSELLER AND INSPIRATION FOR THE NETFLIX LIMITED SERIES, HAILED BY ROLLING STONE AS "A GREAT ONE." "A single mother's personal, unflinching look at America's class divide, a description of the tightrope many families walk just to get by, and a reminder of the dignity of all work." -PRESIDENT BARACK OBAMA, Obama's Summer Reading List At 28, Stephanie Land's dreams of attending a university and becoming a writer quickly dissolved when a summer fling turned into an unplanned pregnancy. Before long, she found herself a single mother, scraping by as a housekeeper to make ends meet. Maid is an emotionally raw, masterful account of Stephanie's years spent in service to upper middle class America as a "nameless ghost" who quietly shared in her clients' triumphs, tragedies, and deepest secrets. Driven to carve out a better life for her family, she cleaned by day and took online classes by night, writing relentlessly as she worked toward earning a college degree. She wrote of the true stories that weren't being told: of living on food stamps and WIC coupons, of government programs that barely provided housing, of aloof government employees who shamed her for receiving what little assistance she did. Above all else, she wrote about pursuing the myth of the American Dream from the poverty line, all the while slashing through deep-rooted stigmas of the working poor. Maid is Stephanie's story, but it's not hers alone. It is an inspiring testament to the courage, determination, and ultimate strength of the human spirit.
