New omnibus edition containing the complete second Gaunt's Ghosts story arc, including the novels Honour Guard, The Guns of Tanith, Straight Silver and Sabbat Martyr. In the blood-soaked Sabbat Worlds Crusade, the massed ranks of the Imperium battle the dark forces of Chaos for dominion. At the forefront of this conflict are the Astra Militarum - untold numbers of ordinary Imperial Guard soldiers fighting to preserve the Emperor's holy realm. Colonel-Commissar Ibram Gaunt and the men of the Tanith First-and-Only are at the heart of this struggle, their specialist scouting role earning them the nickname 'the Ghosts'. From the holy world of Hagia to Phantine's aerial dome cities and the mud-filled trenches of Axez Cardinal, Gaunt's Ghosts find themselves in the thick of the fighting time and again, charged with the most dangerous missions the crusade's commanders care to throw at them.

In a propulsive thriller by the #1 internationally bestselling author of The Baztán Trilogy, a female detective follows a psychopathic killer into the eye of a storm. Amaia Salazar, a young detective from the north of Spain, has joined a group of trainees at the FBI Academy in Virginia. Haunted by her past and having already tracked down a predator on her own, Amaia is no typical rookie. And this is no ordinary student lecture at Quantico. FBI agent Aloisius Dupree is already well acquainted with Amaia's skills, her intuition, and her ability to understand evil. He now needs her help in hunting an elusive serial killer dubbed "the Composer," and in solving another case that's been following him his whole life. From New Jersey to Oklahoma to Texas, the Composer's victims are entire families annihilated in the chaos of natural disasters, their bodies posed with chilling purpose amid the ruins. Dupree and Amaia follow his trail to New Orleans. The clock is ticking. It's the eve of the worst hurricane in the city's history. But a troubling call from Amaia's aunt back home awakens in Amaia the ghosts from her childhood and sends her down a path as dark as that of the coming storm.

Traditionally, economic growth and business cycles have been treated independently. However, the dependence of GDP levels on its history of shocks, what economists refer to as “hysteresis,” argues for unifying the analysis of growth and cycles. In this paper, we review the recent empirical and theoretical literature that motivate this paradigm shift. The renewed interest in hysteresis has been sparked by the persistence of the Global Financial Crisis and fears of a slow recovery from the Covid-19 crisis. The findings of the recent literature have far-reaching conceptual and policy implications. In recessions, monetary and fiscal policies need to be more active to avoid the permanent scars of a downturn. And in good times, running a high-pressure economy could have permanent positive effects.

Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland , California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

To save Egypt from the Hittites, Ramses II must face the might of their powerful army, whose weapons are vastly superior to Egypt's own. War seems inevitable, and it is at Kadesh, the impenetrable fortress of Northern Syria, that the first major battle is to take place.But how can Ramses prepare himself for such a battle when the health of his beloved royal wife, Nefertari, is failing rapidly? And how can he be vigilant at home in Egypt where a pro-Hittite underground network continues to grow?In order to save his dying Queen, Ramses needs to travel South in search of the Stone Goddess, but the imminent battle to save his entire civilization is to the North. Will Ramses' father, now a celestial god, answer his desperate pleas for help and guidance?

The International Bestseller “A true story that surpasses any novel by John le Carré.”–El País (Spain) For five centuries, the Vatican—the oldest organization in the world, maker of kings and shaper of history—has used a secret spy service, called the Holy Alliance, or later, the Entity, to carry out its will. Forty popes have relied on it to carry out their policies. They have played a hitherto invisible role confronting de-Christianizations and schisms, revolutions and dictators, colonizations and expulsions, persecutions and attacks, civil wars and world wars, assassinations and kidnappings. For the first time in English (following the bestselling Spanish and French editions), Eric Frattini tells the comprehensive tale of this sacred secret service. The Entity has been involved in the killings of monarchs, poisonings of diplomats, financing of South American dictators, protection of war criminals, laundering of Mafia money, manipulation of financial markets, provocation of bank failures, and financing of arms sales to combatants even as their wars were condemned, all in the name of God. The contradiction between God's justice and Earth's justice, Christian beliefs and Christian power all fall before the motto of the Entity: With the Cross and the Sword.

Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology, and computer analysis of ancient myths, Graham Hancock presents a compelling case to suggest that it is. “A fancy piece of historical sleuthing . . . intriguing and entertaining and sturdy enough to give a long pause for thought.”–Kirkus Reviews In Fingerprints of the Gods, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind's hidden past. In ancient monuments as far apart as Egypt's Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico's awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-yet-unidentified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. A record-breaking number one bestseller in Britain, Fingerprints of the Gods contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And Fingerprints of God tells us something more. As we recover the truth about prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur. “Readers will hugely enjoy their quest in these pages of inspired storytelling.”–The Times (UK)

Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Recounts the physical and spiritual self-discovery of the author as she tests her limits, reclaims her body, and takes control of her life along the way.

New York Times Bestseller Winner of the Women's Prize for Fiction World Fantasy Awards Finalist From the New York Times bestselling author of Jonathan Strange & Mr Norrell, an intoxicating, hypnotic new novel set in a dreamlike alternative reality. Piranesi's house is no ordinary building: its rooms are infinite, its corridors endless, its walls are lined with thousands upon thousands of statues, each one different from all the others. Within the labyrinth of halls an ocean is imprisoned; waves thunder up staircases, rooms are flooded in an instant. But Piranesi is not afraid; he understands the tides as he understands the pattern of the labyrinth itself. He lives to explore the house. There is one other person in the house-a man called The Other, who visits Piranesi twice a week and asks for help with research into A Great and Secret Knowledge. But as Piranesi explores, evidence emerges of another person, and a terrible truth begins to unravel, revealing a world beyond the one Piranesi has always known. For readers of Neil Gaiman's The Ocean at the End of the Lane and fans of Madeline Miller's Circe, Piranesi introduces an astonishing new world, an infinite labyrinth, full of startling images and surreal beauty, haunted by the tides and the clouds.

Ramses II is about to reach his coronation. He has all he should need to become the great pharaoh: his wife Nefertari and his mother both love him unconditionally, and he derives great strength from solid friendships he formed in childhood, especially with the Hebrew Moses. And yet still the young pharaoh must fight to hold on to the throne. For lurking all around in the shadows are new conspiracies against Ramses. Will he succeed in avoiding the traps set in his path by his older brother? Can he avert the black magic of a mysterious sorcerer and ward off the schemes of the Hittites?

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher ' s carefully constructed world falls apart when he finds his neighbour ' s dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents ' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher ' s mind. And herein lies the key to the brilliance of Mark Haddon ' s choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Life as a student is good for Flynn. As one of the top pianists at the Royal College of Music, he has been put forward for an important concert, the opportunity of a lifetime.But beneath the surface, things are changing. On a good day he feels full of energy and life, but on a bad day being alive is worse than being dead. Sometimes he wants to compose and practise all night, at other times he can't get out of bed. His flatmate Harry tries to understand but is increasingly confused by Flynn's erratic mood swings. His friend Jennah tries to help, but Flynn finds it difficult to be around her as he struggles to control his feelings and behaviour. With the pressure of the forthcoming concert and the growing concern of his family and friends, emotions come to a head. Sometimes things can only get worse before they get better.

How the mysterious nine-pointed symbol of the enneagram illuminates the worst pitfalls and highest virtues of our psyches. The Enneagram of Passions and Virtues elucidates human experience beyond the personality structure. In the tradition of the enneagram, the Virtues are said to be the affective atmosphere that replaces the compulsive and reactive emotional patterns-called the Passions-as one becomes freer of the ego. Sandra Maitri shows how the shift in our consciousness, or soul, from being informed by the Passions to being informed by the Virtues, is one of the hallmarks of inner development. In this book, Maitri explores how our awareness of the Passions, in turn, leads to the manifestation of the Virtues. This shift supports rowth on the level of personality as well as on the level of what is beyond-Being, or True Nature. Maitri is widely known as one of the most literate and indepth writers and teachers on the uses of the enneagram as a tool of inner development. In this book she provides what can be for some an entry into inner work, and for others, who have been engaged in the journey for a longer time, a uniquely incisive explication of concepts they may have missed.

An impassioned correspondence between two former school friends as they reach crisis in middle age, from the prize-winning Spanish novelist Carmen Martin Gaité Sofia is a mother of three grown-up children and trapped in a loveless marriage to Eduardo. Mariana is a successful psychiatrist, incapable of forming stable relationships with men. As their lives reach crises in middle age, these two women, former school friends who had grown apart, reach out to each other through an exchange of impassioned letters in Gaité's effusive epistolary novel. Mariana, a psychiatrist and TV pundit, flees Madrid for a friend's empty house in a coastal resort, where she obsesses over Raimundo, a suicidal, manic-depressive writer who seems part friend, part patient, part lover. Her old friend, Sofia, walks out on her vain, hypercritical husband, Eduardo, a business executive who talks only about money, and moves in with her three rebellious children, who share a disorderly apartment. In alternating voices mixing letters with notebook excerpts and invented stories, the two women relentlessly analyze their relationships, erotic fantasies and trips abroad. Strewn with allusions to Kafka, Dali, Bunuel, Tagore and Katherine Mansfield, their outpourings incorporate meditations on memory, love, sex, the treacherous nature of words, chance and the difficulty of confronting one's past without

But The Tao of Spycraft is more than an examination of military tactics; it also provides a thorough overview of the history of spies in China, emphasizing their early development, ruthless employment, and dramatic success in subverting famous generals, dooming states to extinction, and facilitating the rise of the first imperial dynasty known as the Ch'in.

In disgrace after a catastrophic war, Colonel-Commissar Ibram Gaunt and the Tanith First are sent to retrieve precious artefacts from a world lost to Chaos. With enemy all around them and time against them, Gaunt's Ghosts and their allies must prevent the holy relics of Saint Sabbat from falling into their foes' hands - and as mysterious events begin to occur, Gaunt begins to suspect that the Saint herself might be aiding them from beyond the grave.

This must-read for lovers of Stephen King's The Shining will leave readers breathless as Seda and her family find themselves at the mercy of a murderer in an isolated and snowbound hotel. Get ready for what Kirkus calls "A bloody, wonderfully creepy scare ride." When her mom inherits an old, crumbling mansion, Seda's almost excited to spend the summer there. The grounds are beautiful and it's fun to explore the sprawling house with its creepy rooms and secret passages. Except now her mom wants to renovate, rather than sell the estate—which means they're not going back to the city...or Seda's friends and school. As the days grow shorter, Seda is filled with dread. They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the darkness it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...

In his final year at the Royal College of Music, star pianist Flynn Laukonen has the world at his feet. He has moved in with his girlfriend Jennah and is already getting concert bookings for what promises to be a glittering career. Yet he knows he is skating on thin ice - only two small pills a day keep him from plunging back into the whirlpool of manic depression that once threatened to destroy him. Unexpectedly his friends seem to be getting annoyed with him for no apparent reason, he needs less and less sleep, he is filled with unbridled energy. Events begin to spiral out of control and Flynn suddenly finds himself in hospital, heavily sedated, carnage left behind him. The medication isn't working any more, the dose needs to be increased, and depression strikes again, this time with horrific consequences. His freedom is snatched away and the medicine's side-effects threaten to jeopardize his chances in one of the biggest piano competitions of his life. It seems like he has to make a choice between the medication and his career. But in all this he has forgotten the one person he would give his life for, and Flynn suddenly finds himself facing the biggest sacrifice of all.

Even people with the barest interest in Broadway can recognize the unique, angular, sensual style of Bob Fosse. With its small gestures and isolated movements, it is frequently copied--and often misinterpreted. For there is far more to it than the white gloves, which is why choreographer Debra McWaters has put together the ultimate visual and verbal guide to Fosse's way of dancing, choreographing, and teaching. Using hundreds of photographs, as well as descriptions from Fosse and McWaters guides dancers and teachers through the process of understanding the intricacies of this style of jazz dance. An assistant to Gwen Verdon on Fosse, a long-time associate of Ann Reinking, and personal choreographer for Ben Vereen, Debra is uniquely situated to write this book. The Fosse Style provides facts, not guesswork, about how to execute Fosse's signature movements, information handed down from an illustrious list of artists and performers. It closes with a sample of Fosse's signature moves. No dancer or fan of such shows as The Pajama Game, Damn Yankees!, Sweet Charity, Cabaret, Pippin, or Chicago can afford to be without this book.

Twelve-year-old Parisian boy Louis Whittaker has a lot on his plate - his parents are locked in a custody battle over him and his brother and sister, Mum's always working late and Dad's rarely allowed to visit them. Louis finds release in his dancing, but when he discovers he has a real talent for ballet. But suddenly, Dad whisks them away on a surprise holiday to England, right in the middle of the school term. Something isn't right - Dad is acting strangely again: could it be he has not fully recovered from his breakdown? The rented farmhouse in the Lake District is nice, but why is Dad furnishing it and why won't he let them call home? Then Louis comes across a poster - a missing person's poster. And it has his face on it.

Book three in Black Library's longest running Sci-fi series returns For a thousand years, the Sabbat Worlds have been lost to the Imperium, claimed by the dread powers of Chaos. Now, a mighty crusade seeks to return the sector to Imperial control. At the forefront of that crusade are Colonel-Commissar Ibram Gaunt and the Tanith First and Only - better known as Gaunt's Ghosts. On the world of Verghast, a grinding war between two hive cities - one loyal to the Imperium, the other fallen to the Dark Gods - is bolstered by the forces of the Imperial Guard. But bitter rivalries and treachery threaten to derail the defence of Vervunhive, and it falls to Gaunt to take command of the Imperial forces and forge victory from an almost certain defeat. This edition includes the epilogue short story 'In Remembrance', in which Gaunt's Ghosts are accompanied into battle by an artist commissioned to create a sculpture in commemoration of a great victory by the Tanith First.

A New York Times Notable Book of the Year From the author of The Discoverers and The Creators, an incomparable history of man's essential questions: "Who are we?" and "Why are we here?" Daniel J. Boorstin, the bestselling and Pulitzer Prize-winning author of The Americans, introduces us to some of the great pioneering seekers whose faith and thought have for centuries led man's search for meaning. Moses sought truth in God above while Sophocles looked to reason. Thomas More pursued truth through social change. And in the modern age, Marx and Einstein found meaning in the sciences. In this epic intellectual adventure story, Boorstin follows the great seekers from the heroic age of prophets and philosophers to the modern age of skepticism as they grapple with the great questions that have always challenged man.
