Salvatore creates an astonishing new world for readers to explore--and an intrepid hero to lead the way: Elbryan Wynden, who must confront the dark tides of destiny in his epic search for justice and peace . . . A great evil has awakened in the land of Corona, a terrible demon determined to spread death and misery. His goblin armies and fearsome giants ravage the settlements of the frontier, and in the small village of Dundallis their merciless attack leaves behind two shattered orphans: Pony and her lifelong friend, the youth Elbryan. Taken in by elves, Elbryan is raised to become a formidable ranger--a fateful role that will lead him into harrowing confrontation. Meanwhile, on a far-off island, a shower of gemstones will fall onto the black sand shores. These heaven-sent stones carry within them an incredible power--the key to all that is good in the world and all that is evil, and it is up to one young monk to liberate them from the corrupt monastery that harvests them. Pray that they don't fall into the wrong, clawed hands . . .

"To the north, Annise Gäric seek to rescue Lady Zelda and retake Castle Hill from the sellswords known as the Brotherhood. In the back of her mind is a growing fear, something she can't quite explain. Meanwhile, Lisbeth Lorne tries to regain control of the ancient army of Sleeping Knights before they become the horde of death her soulmark has shown to her in visions. In the west, Rhea Loren find herself at a crossroads. Continue down the path of destruction or seek another way, another life. But when the truth she's buried from her own people comes to light, she loses the control she so desperately clings to. In the east, newly crowned King Gareth Ironclad must decide whether to pursue peace or follow in his father's and brother's footsteps. After all, he now has a dragon... In *Calyp*, Raven Sandes is forced to fight in the pits of Zune. She wants nothing more than to give up, to die, until she discovers her sister, Whisper, is a prisoner too. What she doesn't know is that Gwendolyn Storm is closing in on her, seeking her own vengeance for the latest attack on Ferria. Roan Loren, on the other hand, continues to seek knowledge, clinging to the Western Oracle's prophecy of peace. His journey takes him southward, to Teragon, where a truth has been hidden for more than a decade. Grey Arris, with his new pirate allies, sails for the southern continent, but he doesn't know what monsters lurk beneath the waters of the Burning Sea. In the southern empire of Phanes, Jai Jiroux and the Black Tears fight to maintain order as the newly released slaves cry for the blood of their previous masters. At the same time, he must control the slave army to defend against the Phanecians warriors to the north, who have a new leader: Bane. The kingslayer still wants peace, but he's finally realized that he might have to destroy everything to achieve it"--Amazon.com

In the spirit of fantasy epics like George R.R. Martin's *A Game of Thrones* and Brandon Sanderson's *The Way of Kings*, *The Fatemarked Epic* promises immaculate world building, an ancient prophecy, a mysterious

source of magic, interesting characters, war, political intrigue, and romance. The Hundred Years War rages on, with tensions between kingdoms growing ever more strained. While Annise Gric and her forces march on Castle Hill to retake the northern throne, her cousin, Rhea Loren, wages a naval war against Blackstone. Meanwhile, Roan Loren and Gwendolyn Storm struggle to breach the gnarled, vine-choked undergrowth of the Tangle in their quest to reach Knight's End and learn more of the true purpose of the fatemarked. In the south, a Calypsian empress is murdered, and her daughters fight to claim the empire and wage a civil war against their estranged father's armies. In Phanes, slavery runs rampant while a rebel group fights to free the oppressed people. A master named Jai Jiroux looks to help the rebel cause, an act of treason punishable by death. Surrounding the Four Kingdoms is the pall cast by the Kings' Bane, who continues his quest to kill eight rulers and thus fulfill the Western Oracle's ancient prophecy, which he believes will pave the way to peace across the realms.

In the spirit of fantasy epics like George R.R. Martin's A Game of Thrones and Brandon Sanderson's The Way of Kings, The Fatemarked Epic promises immaculate world building, an ancient prophecy, a mysterious source of magic, interesting characters, war, political intrigue, and romance. The Hundred Years War has ravaged more than three generations of kings, queens, and citizens across the Four Kingdoms. Corrupt rulers dominate. Religious intolerance runs rampant. The cycle of vengeance continues to turn with the seasons. An ancient prophecy by a legendary oracle has been long forgotten. The prophecy promises the return of peace to the Four Kingdoms on the backs of a chosen few, the fatemarked, individuals marked at birth and blessed with specific magical powers. One shall be the Kings' Bane, and will bring death to the warmongering rulers, using fear to force peace; another shall be the Peacemaker, bestowed with the rare ability to heal. Opposite sides of the same coin, dark and light, death and life, the Kings' Bane and the Peacemaker are responsible for the fate of an entire continent. As they fight to achieve their destinies, adversity will hinder them in every realm: in the frozen north, assassination attempts and a brutal power struggle; in the holy west, a vicious queen and her self-righteous army of warriors; in the mysterious iron-clad forest of the east, revenge and glory rule the day; and in the southern empires of Calyp and Phanes, maturing dragons, slaves, and a civil war. To truly fulfill the oracle's prophecy of peace, both the Kings' Bane and the Peacemaker, as well as the other fatemarked, will need to overcome those who seek to destroy everything in their pursuit for power.

A sorcerer known as the Mistress of Vines has come to Yoran. In order to stop her, he must come to understand a part of himself he was trained to ignore. *A brand new trilogy from Philip C. Quintrell, author of The Terran Cycle. The Echoes of Fate, a prophecy uttered unto the world a thousand years ago, cannot be denied... Mankind has lorded over the land of Illian for a thousand years, enjoying what was left to them by the elves, as if it were their birthright. A thousand years is a long time for an immortal race to see the error of their ways and realise a truth that has remained unsaid for a millennia - elves are superior! They are faster, stronger and connected to the magical world in a way that man could never grasp. Illian is their birthright. The six kingdoms of man are fractured, unallied and always clawing at each other's doors for more power. War is coming... Thrown into the heart of this war is an Outlander of the wilds, an assassin, a ranger. Asher was born a thousand years ago, but he doesn't remember. Forty years of brutal training and killing for money has beaten the earliest years of his life away, leaving his ties to the oldest of evils a mystery to all.*

A detective fights corruption in a city whose most vicious killers work for the state. More than a decade after the dawn of Iran's Islamic Republic, Darius Bakhtiar still chafes under the harsh yoke of Sharia law. He is an alcoholic in a country where intoxication is punishable by whipping, and a homicide detective in a society that sees death as an opportunity for martyrdom. In Teheran, a young woman is found murdered, but her makeup and scanty clothing mark her as a prostitute, and Bakhtiar's

superiors tell him to make only a cursory inquiry. But what he uncovers suggests that this brutal killing was not random, and points to a sickening hypocrisy at the heart of the fundamentalist government. Few outside the Ayatollah's inner sanctum know of the Brides of Blood. A sect of virgin zealots, these women live and die for the afterlife, killing infidels to gain a seat in heaven. As he digs deeper into the conspiracy, Bakhtiar learns that in a religious dictatorship, there is nothing more dangerous than asking questions.

Includes a bonus Dwellers Short Story (Anna's Story) and a sneak peek at David Estes' follow up YA dystopian series, Fire Country! With those she's closest to dying around her, Adele embarks on a secret mission to the Sun Realm to assassinate the President. Along the way she'll uncover secrets about her relationship with Tristan that she might not be ready to face. Tristan has a secret, too, one that's been eating him up inside ever since he met Adele. Will he reveal all, and risk the loss of friendship and love at a time when he needs it the most? At the same time, Adele's mother, General Rose, must lead her soldiers into battle to face the sun dweller army in the hopes of holding them off until Adele can complete her mission. Can she outlast the strength of President Nailin's elite fighting force? There's only one truth in their world: someone must die. In the first thrilling installment of Chloe Neill's spinoff to the New York Times bestselling Chicagoland Vampires series, a new vampire will find out just how deep blood ties run. As the only vampire child ever born, some believed Elisa Sullivan had all the luck. But the magic that helped bring her into the world left her with a dark secret. Shifter Connor Keene, the only son of North American Central Pack Apex Gabriel Keene, is the only one she trusts with it. But she's a vampire and the daughter of a Master and a Sentinel, and he's prince of the Pack and its future king. When the assassination of a diplomat brings old feuds to the fore again, Elisa and Connor must choose between love and family, between honor and obligation, before Chicago disappears forever.

"As the truths behind the faerie legends were revealed, I couldn't turn the pages fast enough."—Kendare Blake, author of New York Times bestselling novel Three Dark Crowns "Absorbing. Poetic. opposites: Isabelle is the king's headstrong illegitimate daughter, whose sight was tithed by faeries; Aurora, beautiful and sheltered, was tithed her sense of touch and voice on the same day. Despite their differences, the sisters have always been extremely close. And then everything changes, with a single drop of Aurora's blood, a Faerie Queen who is preparing for war, a strange and enchanting dream realm—and a sleep so deep it cannot be broken. *This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been customarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.*

Certain constants occupy precise balancing points in the cosmos of number, like habitable planets sprinkled throughout our galaxy at just the right distances from their suns. This book introduces and connects four of these constants ( $\pi$ ,  $\phi$ ,  $e$  and  $i$ ), each of which has recently been the individual subject of historical and mathematical expositions. But here we discuss their properties, as a group, at a level appropriate for an audience armed only with the tools of elementary calculus. This material offers an excellent excuse to display the power of calculus to reveal elegant truths that are not often seen in college classes. These truths are described here via the work of such luminaries as Nilakantha, Liu Hui, Hemachandra, Khayyám, Newton, Wallis, and Euler. The book is written with the goal that an undergraduate student can read the book solo. With this goal in mind, the author provides endnotes throughout, in case the reader is unable to work out some of the missing steps. Those endnotes appear in the last chapter, Extra Help. Each chapter concludes with a series of exercises, all of which introduce new historical figures or content.

*Two by sea: A couple rows the wild coasts of the far north Jill Fredston has traveled more than twenty thousand miles of the Arctic and sub-Arctic-backwards. With her ocean-going rowing shell and her husband, Doug Fesler, in a small boat of his own, she has disappeared every summer for years, exploring the rugged shorelines of Alaska, Canada, Greenland, Spitsbergen, and Norway. Carrying what they need to be self-sufficient, the two of them have battled mountainous seas and hurricane-force winds, dragged their boats across jumbles of ice, fended off grizzlies and polar bears, been serenaded by humpback whales and scrutinized by puffins, and reveled in moments of calm. As Fredston writes, these trips are "neither a vacation nor an escape, they are a way of life." Rowing to Latitude is a lyrical, vivid celebration of these northern journeys and the insights they inspired. It is a passionate testimonial to the extraordinary grace and fragility of wild places, the power of companionship, the harsh but liberating reality of risk, the lure of discovery, and the challenges and joys of living an unconventional life.*
