this is not true. The majority of problems encountered is due to installer error. All old cars have fitment issues, and knowing how to overcome them will get you the desired results. This first-of-its-kind book walks you through how to properly install kits, including seat upholstery, door panels, carpet, and headliners. Tips are provided on ordering products and how to deal with a product that is defective. Installation tools, supplies and why you need them are all fully illustrated through color photos and easy-to-follow steps that will make your project look professionally done. Saving money and getting the satisfaction of doing a project yourself is what this book is all about. Learn tricks from a
