I want to thank you and congratulate you for downloading the book, "5-Ultimate Secrets to Earn Thousands of Dollars from Book Sales in 6 Weeks...". This book has lots of amazing information on 5 ways through which you can sell more books, get to Amazon Bestseller list and ultimately make more money. Have you ever looked at the bestseller list on Amazon and asked yourself what the author did to get there? Probably, the answer is "yes"; as an independent author, getting to that point and selling more books is probably your ultimate goal. Well, while these are great dreams, the truth is that the self-publishing industry has become highly competitive as more and more independent publishers publish books on Amazon every single day. The thing is; with several million published on KDP, standing out from the crowd is definitely not easy. While Amazon promises to advertise your book if you select KDP select, the truth is that it takes a lot more than just hitting the publish button on KDP to actually make consistent income. The question then begs; why is it that some people can get their newly published books to the bestseller list in just a few weeks while others struggle for months or even years to get even to the top 100,000 on Amazon's bestseller list? Well, the secret is in knowing the ins and outs of setting your book up for success right from the beginning. This book will show you exactly what you need to do to get your book to the bestseller list in less than 2 months. In this book, I am assuming that you already know how to publish on KDP and maybe have a book or two published but are wondering how to ultimately get to the bestseller level. Thanks again for downloading this book. I hope you enjoy it!

The verbal section of the GRE is essentially a vocabulary test. With a few exceptions, if you know the word, you will probably be able to answer the question correctly. Thus, it is crucial that you improve your vocabulary. Even if you have a strong vocabulary, you will still encounter unfamiliar words on the

GRE. Many students write off questions, which contain words, they don't recognize. This is a mistake. This book introduces numerous techniques that decode unfamiliar words and prod your memory of words you only half-remember. With these techniques, you will often be able to squeeze out enough meaning from an unfamiliar word to answer a question correctly. Nevertheless, don't rely on just these techniques--you must study word lists. Obviously, you cannot attempt to memorize the dictionary, and you don't need to. The GRE tests a surprisingly limited number of words, and this book has 4000 prime candidates. Granted, memorizing a list of words is rather dry, but it is probably the most effective way of improving your performance on the verbal section. All the words you need for success on the GRE!

*Imagine what it would be like to go back in time to the 15th century
Venice. And imagine what it would be like to meet your lifelong hero,
Michelangelo. And imagine what it would be like if, on first meeting,
you spill a tray of pasta and wine on that very same hero. Well,
that's what happens to serious young artist Mark Breen. As the result
of a drunken bet, Mark knocks out a painting of a toilet bowl. Much
to his amazement, he sells it. In short order he's hailed as the new
Andy Warhol and becomes an overnight sensation-and a very wealthy
man. Soon, images of his toilet bowls are on more t-shirts, mugs, and
calendars than Edvard Munch's The Scream. His friend and mentor, Hugh
Connelly, afraid that Mark is in danger of losing his "artistic*

soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.

Sell more books using Book Giveaways. Increase your readership, become a best selling author if only for a couple days. This book shares the step-by-step process to setting up a Book Giveaway, which is one of the most cost-effective and easy ways to grow your book sales. Successful authors have one thing in common. They have a direct mailing list.. You don't really "sell" to your list. Your list is far more important than full-cost sales of your book. This book shares what most successful authors do with their database of readers. There are different types of giveaways, some more successful than others. What you do with the participants who enter the giveaway are the determining factors which can help your book reach best seller's status. Then there's the task of

staying in the top seller's category. Your success is in the small details which most people pass right over. Successful authors almost always have a database of readers and followers. Until you have your own list of followers, you cannot legally manipulate or spike the Amazon Search Engine in your favor, unless you buy readers. If you dread the idea of building a mailing list and communicating with strangers, don't worry, book giveaways are easy. This non-technical book shares the step by step process to grow your reader database and how to use that database to spike and improve your rankings on Amazon. It doesn't take thousands of loyal readers. Success is a system and this is one of the cheapest and most cost effective book marketing systems. Authors who have the cash flow can spend \$100 to \$500 a month on marketing. If you're an author on a budget this is the book you want to download. Cost effective and extremely effective book marketing for the busy authors. Scroll up and grab your copy today.
