A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.

Today, war is more complicated than it has ever been. When considering military strategy, a commander must be aware of several theaters of war. There's ground strength, air power, naval combat and even cyber warfare. In the late 19th century, however, the true military might of a nation rested primarily on the strength of its navy. In 1890, United States Navy Captain Alfred Thayer Mahan published a book titled "The Influence of Sea Power Upon History." The monumental text addressed the importance of both military and commercial fleets in the success of a nation in war and peacetime. Mahan begins with a discussion of the elements he considers to be the key to a nation's success on the seas. He theorizes that a ground force could not sustain the pressure of a naval blockade. Mahan then applies his principles to wars of the past. He analyzes the use of a navy in various engagements and considers the resulting influence on the outcome of the wars. The book was readily accepted by commanders and tacticians all over the world and his principles and theories were utilized throughout the 20th century. His arguments, along with technological advances, were influential in the strengthening of the United States Navy. Presently, Mahan's work is considered the most important work on naval strategy in history.

The Women's Murder Club takes on two deranged killers, but Detective Lindsay Boxer begins to wonder if the mysterious case is also breaking apart her closest friendships. During an intimate dinner party, a cat burglar breaks into the home of A-list actor Marcus Dowling. When his wife walks in on the thief, the situation quickly teeters out of control, leaving an empty safe and a lifeless body. The same night, a woman and her infant child are ruthlessly gunned down in an abandoned garage. The killer hasn't left a shred of evidence, except for a foreboding and cryptic message: WCF, the letters written in blood-red letters. With two deranged killers on the loose Detective Lindsay Boxer calls on the Women's Murder Club to help her stop the insane killers. But someone is leaking information to the press--details that only those on the inside could know. As allegations fly that Lindsay is the source, she has to wonder: how much she can trust her closest friends?

*This rags-to-riches story by an award-winning Ghanaian author has page-turning appeal with luminous literary resonance. Writing with effortlessly engaging prose, Wolo showcases the interweaving layers of Ghanaian culture to create a prismatic, multifaceted world in which two young girls, against all odds, are able to find each other. When Faiza, a Muslim migrant girl from northern Ghana, and Abena, a wealthy doctor's daughter from the south, meet by chance in Accra's largest market, where Faiza works as a porter or kaya girl, they strike up an unlikely and powerful friendship that transcends their social inequities and opens up new worlds to them both. Set against a backdrop of class disparity in Ghana, The Kaya Girl has shades of The Kite Runner in its unlikely friendship, and of Slumdog Millionaire as Faiza's life takes unlikely turns that propel her thrillingly forward. As, over the course of the novel, Abena awakens to the world outside her sheltered, privileged life, the novel explores a multitude of awakenings and the opportunities that lie beyond the breaking down of barriers. This is a gorgeously transporting work, offering vivid insight into two strikingly diverse young lives in Ghana.*

A striking debut novel about an unforgettable childhood, by a Nigerian writer the New York Times has crowned "the heir to Chinua Achebe." Told by nine-year-old Benjamin, the youngest of four brothers, THE FISHERMEN is the Cain and Abel-esque story of a childhood in Nigeria, in the small town of Akure. When their father has to travel to a distant city for work, the brothers take advantage of his absence to skip school and go fishing. At the forbidden nearby river, they meet a madman who persuades the oldest of the boys that he is destined to be killed by one of his siblings. What happens next is an almost mythic event whose impact--both tragic and redemptive--will transcend the lives and imaginations of the book's characters and readers. Dazzling and viscerally powerful, THE FISHERMEN is an essential novel about Africa, seen through the prism of one family's destiny.

In 1974 in Kinshasa, Zaïre, two African American boxers were paid five million dollars apiece to fight each other. One was Muhammad Ali, the aging but irrepressible " professor of boxing. " The other was George Foreman, who was as taciturn as Ali was voluble. Observing them was Norman Mailer, a commentator of unparalleled energy, acumen, and audacity. Whether he is analyzing the fighters' moves, interpreting their characters, or weighing their competing claims on the African and American souls, Mailer's grasp of the titanic battle's feints and stratagems—and his sensitivity to their deeper symbolism—makes this book a masterpiece of the literature of sport. Praise for The Fight " Exquisitely refined and attenuated . . . [a] sensitive portrait of an extraordinary athlete and man, and a pugilistic drama fully as exciting as the reality on which it is based. " —The New York Times " One of the defining texts of sports journalism. Not only does Mailer recall the violent combat with a scholar's eye . . . he also makes the whole act of reporting seem as exciting as what's occurring in the ring. " —GQ " Stylistically, Mailer was the greatest boxing writer of all time. "—Chuck Klosterman, Esquire " One of Mailer's finest books. " —Louis Menand, The New Yorker Praise for Norman Mailer " [Norman Mailer] loomed over American letters longer and larger than any other writer of his generation. " —The New York Times " A writer of the greatest and most reckless talent. " —The New Yorker " Mailer is indispensable, an American treasure. " —The Washington Post " A devastatingly alive and original creative mind. " —Life " Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance. " —The New York Review of Books " The largest mind and imagination [in modern] American literature . . . Unlike just about every American writer since Henry James, Mailer has managed to grow and become richer in wisdom with each new book. " —Chicago Tribune " Mailer is a master of his craft. His language carries you through the story like a leaf on a stream. " —The Cincinnati Post

From New York Times bestselling author Sam Kean come incredible stories of science, history, finance, mythology, the arts, medicine, and more, as told by the Periodic Table. Why did Gandhi hate iodine (I, 53)? How did radium (Ra, 88) nearly ruin Marie Curie's reputation? And why is gallium (Ga, 31) the go-to element for laboratory pranksters?\* The Periodic Table is a crowning scientific achievement, but it's also a treasure trove of adventure, betrayal, and obsession. These fascinating tales follow every element on the table as they play out their parts in human history, and in the lives of the (frequently) mad scientists who discovered them. THE DISAPPEARING SPOON masterfully fuses science with the classic lore of invention, investigation, and discovery--from the Big Bang through the end of time. \*Though solid at room temperature, gallium is a moldable metal that melts at 84 degrees Fahrenheit. A classic science prank is to mold gallium spoons, serve them with tea, and watch guests recoil as their utensils disappear.

The definitive translation by Dick Davis of the great national epic of Iran—now newly revised and expanded to be the most complete English-language edition A Penguin Classic Dick Davis—“our pre-eminent translator from the Persian” (The Washington Post)—has revised and expanded his acclaimed translation of Ferdowsi’s masterpiece, adding more than 100 pages of newly translated text. Davis’s elegant combination of prose and verse allows the poetry of the Shahnameh to sing its own tales directly, interspersed sparingly with clearly marked explanations to ease along modern readers. Originally composed for the Samanid princes of Khorasan in the tenth century, the Shahnameh is among the greatest works of world literature. This prodigious narrative tells the story of pre-Islamic Persia, from the mythical creation of the world and the dawn of Persian civilization through the seventh-century Arab conquest. The stories of the Shahnameh are deeply embedded in Persian culture and beyond, as attested by their appearance in such works as The Kite Runner and the love poems of Rumi and Hafez. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
