"On the Edge of Reason is one of the great European novels of the first half of the twentieth century – and Krleza’s themes, his seriousness, his protest against the normality of delusion and cruelty, could hardly be more relevant to the century’s end." —Susan Sontag
During his long and distinguished career, the Croatian writer Miroslav Krleza (1893-1981) battled against many forms of tyranny. In On the Edge of Reason, his protagonist is a middle-aged lawyer whose life and career have been eminently respectable and respected. One evening, at a party attended by the local elite, he inadvertently blurts out an honest thought. From this moment, all hell breaks loose.... On the Edge of Reason reveals the fundamental chasm between conformity and individuality. As folly piles on folly, hypocrisy on hypocrisy, reason itself begins to give way, and the edge between reality and unreality disappears.

“Brilliantly researched, utterly gripping history: the first full account of a remarkable group of Jewish refugees—a top-secret band of brothers—who waged war on Hitler.”—Alex Kershaw, New York Times best-selling author of The Longest Winter and TheLiberator
The incredible World War II saga of the German-Jewish commandos who fought in Britain’s most secretive special-forces unit—but whose story has gone untold until now June 1942. The shadow of the Third Reich has fallen across the European continent. In desperation, Winston Churchill and his chief of staff form an unusual plan: a new commando unit made up of Jewish refugees who have escaped to Britain. The resulting volunteers are a motley group of intellectuals, artists, and athletes, most from Germany and Austria. Many have been interned as enemy aliens, and have lost their families, their homes—their whole worlds. They will stop at nothing to defeat the Nazis. Trained in counterintelligence and advanced combat, this top secret unit becomes known as X Troop. Some simply call them a suicide squad. Drawing on extensive original research, including interviews with the last surviving members, Leah Garrett follows this unique band of brothers from Germany to England and back again, with stops at British internment camps, the beaches of Normandy, the battlefields of Italy and Holland, and the hellscape of Terezin concentration camp—the scene of one of the most dramatic, untold rescues of the war. For the first time, X Troop tells the astonishing story of these secret shock troops and their devastating blows against the Nazis. “Garrett’s detective work is stunning, and her storytelling is masterful. This is an original account of Jewish rescue, resistance, and revenge.”—Wendy Lower, author of The Ravine and National Book Award finalist Hitler’s Furies

Set in a luxurious grand hotel just outside Lisbon, at the height of the Second World War, Estoril is a delightful and poignant novel about exile, divided loyalties, fear and survival. The hotel's guests include spies, fallen kings, refugees from the Balkans, Nazis, American diplomats and stateless Jews. The Portuguese secret police broodingly observe the visitors, terrified that their country's neutrality will be compromised. The novel seamlessly fuses the stories of its invented characters with appearances by historical figures like the ex-King Carol of Romania, the great Polish pianist Jan Paderewski, the British agent Ian Fleming, the Russian chess grandmaster Alexander Alekhine and the French writer and flyer Antoine de St Exupery, who forms a poignant friendship with a young Jewish boy living alone in the hotel.

Violet is a woman who has been mistreated by many men. Unfortunately it is the nature of the profession she finds herself in that tends to attract these users and abusers. Just because it is the oldest profession it does not mean that it has evolved. There are still violent, greedy and unscrupulous men out there who will take what they want and more from a woman in Violet's position. The story is true and is written in a confessional, though not quite contrite, tone. Violet accepts new moral and social rules - rules of the street. She sells her body for money, but with money she buys love. Violet confesses to the reader with her simple vocabulary; however, she is no victim. She knows what she is doing and a lot of the time she enjoys it. She is a survivor, trying to stay alive and find happiness and love in the middle of all the pain and emotionlessness. And the truth that not one of these men understands is that Violet is not the person they think she is. They do not prey on her...

What would happen if we could stroll through the revolutionary history of the 20th century and, without any fear of the possible responses, ask the main protagonists - from Lenin to Che Guevara, from Alexandra Kollontai to Ulrike Meinhof - seemingly naïve questions about love? Although all important political and social changes of the 20th century included heated debates on the role of love, it seems that in the 21st century of new technologies of the self (Grindr, Tinder, online dating, etc.) we are faced with a hyperinflation of sex, not love. By going back to the sexual revolution of the October Revolution and its subsequent repression, to Che's dilemma between love and revolutionary commitment and to the period of '68 (from communes to terrorism) and its commodification in late capitalism, the Croatian philosopher Srecko Horvat gives a possible answer to the question of why it is that the most radical revolutionaries like Lenin or Che were scared of the radicality of love. What is so radical about a seemingly conservative notion of love and why is it anything but conservative? This short book is a modest contribution to the current upheavals around the world - from Tahrir to Taksim, from Occupy Wall Street to Hong Kong, from Athens to Sarajevo - in which the question of love is curiously, surprisingly, absent.

Young Albert Weiss was spared the horrors of Auschwitz when his parents threw him and his brother from the transport train. Years later, with the help of other survivors of the holocaust, he explores the myriad ways of confronting not just the evil that robbed him of his

childhood, but the guilt he feels for having lost his brother on that wintry night. **Mosaic**, non-linear and semi-autobiographical, this book is reminiscent in style of Kurt Vonnegut's **Slaughterhouse-Five** and in theme of the works of Primo Levi. In documenting the stories of child survivors, it is a moving and necessary addition to the literature of the Holocaust.

SHORTLISTED FOR THE BOOKER PRIZE • *A young man journeys into Sri Lanka’s war-torn north in this searing novel of longing, loss, and the legacy of war from the author of The Story of a Brief Marriage. “A novel of tragic power and uncommon beauty.”—Anthony Marra “One of the most individual minds of their generation.”—Financial Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY TIME AND NPR A Passage North begins with a message from out of the blue: a telephone call informing Krishan that his grandmother’s caretaker, Rani, has died under unexpected circumstances—found at the bottom of a well in her village in the north, her neck broken by the fall. The news arrives on the heels of an email from Anjum, an impassioned yet aloof activist Krishnan fell in love with years before while living in Delhi, stirring old memories and desires from a world he left behind. As Krishan makes the long journey by train from Colombo into the war-torn Northern Province for Rani’s funeral, so begins an astonishing passage into the innermost reaches of a country. At once a powerful meditation on absence and longing, as well as an unsparing account of the legacy of Sri Lanka’s thirty-year civil war, this procession to a pyre “at the end of the earth” lays bare the imprints of an island’s past, the unattainable distances between who we are and what we seek. Written with precision and grace, Anuk Arudpragasam’s masterful novel is an attempt to come to terms with life in the wake of devastation, and a poignant memorial for those lost and those still living.*

As topical today as when it was first published in 1938, this book tells of Bartholomew Cubbins (from Caldecott Honor winner Bartholomew and the Oobleck) and his unjust treatment at the hands of King Derwin. Each time Bartholomew attempts to obey the king's order to take off his hat, he finds there is another hat on his head. Soon it is Bartholomew's head that is in danger . . . of being chopped off! While The 500 Hats is one of Dr. Seuss's earliest works, it is nevertheless totally Seussian, addressing subjects that we know the good doctor was passionate about: abuse of power (as in Yertle the Turtle), rivalry (as in The Sneetches), and of course, zany good humor!

A History of Hungary: Millennium in Central Europe provides a comprehensive yet approachable survey of Hungarian history from the prehistoric age to the present day. Politics and culture, economic, social and intellectual developments, and the wider European context are integrated in a single narrative. László Kontler adeptly steers the reader through ancient times, the great migration of peoples, and the creation and troubles of a Christian monarchy that arose in the region wedged between the Baltic and the Balkans, and the Germanic and Russian lands. He then explores factors such as socio-economic backwardness and foreign rule which put Hungary at a disadvantage in coping with the challenges of modernity - a process marked by revolutions, wars of independence, historic compromises and territorial losses. The book includes a detailed discussion of the 'socialist' period, while a brief Epilogue assesses the achievements and the difficulties of the present process of transition to democracy.
