"Maxine and Jonah meet as California is going into lockdown due to the worldwide Covid-19 pandemic declaration, and must learn how to build their relationship at a distance through personal tragedies and triumphs"--

Time spent in Japan, and everyday life in Berkeley and Oakland, come together as a kaleidoscope of words and consciousness in New Time. Leslie Scalapino pushes at the edges / spatial shape of language and experience in her new collection by writing that is itself events, which are to "punch a hole in reality." Real events, occurring in real time, are transformed in the act of writing them as perceived rather than interpreted. Phrases repeat, conjoin, break apart, and return in this challenging and innovative work, as Scalapino moves toward a "new time" wherein there is no 'inner' -- one's illusion that is "the adamant social being / is inner" and "the body is a new form."

Interested in the Genetic Algorithm? Simulated Annealing? Ant Colony Optimization? Essentials of Metaheuristics covers these and other metaheuristics algorithms, and is intended for undergraduate students, programmers, and non-experts. The book covers a wide range of algorithms, representations, selection and modification operators, and related topics, and includes 71 figures and 135 algorithms great and small. Algorithms include: Gradient Ascent techniques, Hill-Climbing variants, Simulated Annealing, Tabu Search variants, Iterated Local Search, Evolution Strategies, the Genetic Algorithm, the Steady-State Genetic Algorithm, Differential Evolution, Particle Swarm Optimization, Genetic Programming variants, One- and Two-Population Competitive Coevolution, N-Population Cooperative Coevolution, Implicit Fitness Sharing, Deterministic Crowding, NSGA-II, SPEA2, GRASP, Ant Colony Optimization variants, Guided Local Search, LEM, PBIL, UMDA, cGA, BOA, SAMUEL, ZCS, XCS, and XCSF.

Conor Night, the world's only surviving necromancer, is used to having bad days. After all, he's spent the last few years as a minor pawn in the Game of Houses while keeping one foot planted firmly in the grave. But between the job offer he can't refuse from a wizard he doesn't trust, and the appearance of a cult bent on sending him to the afterlife, his days are about to get a whole lot worse. He's used to the threat of death. Death making threats? That's new.

Collects Avengers Mech Strike (2021) #1-5. The story that gives new meaning to the phrase "Avengers Assemble!" Earth's Mightiest Heroes find themselves confronted with an

unstoppable new menace: monstrous Biomechanoids seemingly impervious to every attack! But the Avengers aren't so easily beaten - and when new threats arise, powerful new tools must be brought to bear! Suited up in high-tech individualized armor, the Avengers stand ready for one of their greatest battles yet as a shadowy mastermind makes the first moves in a deadly game of chess! While the team battles Biomechanoids across the globe, Iron Man and Black Panther try desperately to uncover their hidden enemy - and discover that the threat is far greater than they had previously imagined. The fate of the Earth hangs in the balance, and an Avenger will fall!

A BBC Radio 2 Book Club pick 'Strikingly original and definitively Brookmyre - there's nothing he can't do' Mick Herron 'I recommend The Cut SO HIGHLY! A fast-paced thriller, lovely characters, [and] it kept me guessing' Marian Keyes The supremely entertaining, moving, and unpredictable new thriller from multi-award-winning bestseller Chris Brookmyre is a wholly original masterpiece and the best crime novel of 2021. Millie Spark can kill anyone. A special effects make-up artist, her talent is to create realistic scenes of bloody violence. Then, one day, she wakes to find her lover dead in her bed. Twenty-five years later, her sentence for murder served, Millicent is ready to give up on her broken life - until she meets troubled film student and reluctant petty thief Jerry. Together, they begin to discover that all was not what it seemed on that fateful night . . . and someone doesn't want them to find out why. 'A twisty spiralling rabbit hole of a book that draws you deeper with every chapter. Brilliantly original, compulsively readable, right to the final page' Ruth Ware 'Dark, heartfelt, stylish and thrilling, The Cut is the kind of wonderfully original tale I just adore. Chris Brookmyre is a storytelling mastermind' Chris Whitaker 'This is a special novel. A brilliant, original, up-to-the-minute tale with all of the dark, edgy, humorous brilliance we've come to expect from one of the finest crime fiction writers in the world. The Cut is simply superb' Abir Mukherjee

Diaries Volume One

A scene that influenced generations of writers, filmmakers and fans, XEROX FEROX is the first book to cover the horror film fanzine and the culture it spawned. From Famous Monsters of Filmland to Fangoria and everything in between, XEROX FEROX is much more than a book about monster magazines. It examines the home-grown DIY fanzines that dared to dig deeper than the slick and shiny newsstand mags ever would... or indeed even could. The titles are as lurid as the films that they covered. Gore Gazette. Deep Red. Sleazoid Express. Before message boards, before blogs, before the Internet itself, the fanzine reigned as the chief source of news and information for horror fans worldwide. Often printed on the cheap and sold for the price of postage, madcap and irreverent mags like Slimetime, Subhuman and Shock Xpress travelled the globe, creating a thriving network of fans and professionals alike. XEROX FEROX traces the rise of the horror film fanzine, from the Famous Monster-starved kids of the 1960s to the splatter-crazed gorehounds that followed. Featuring in-depth interviews with fifty writers, editors, and industry pros, XEROX FEROX is the final word on an era that changed the world of fandom forever.

The Killing Line

Containing the Old and New Testaments: as Appointed to be Read in Churches

As Alastair Campbell said in the introduction to The Blair Years, it was always his intention to publish the full version, covering his time as spokesman and chief strategist to Tony Blair. Prelude to Power is

the first of four volumes, and covers the early days of New Labour, culminating in their victory at the polls in 1997. Volume 1 details the extraordinary tensions between Tony Blair and Gordon Brown as they resolved the question as to which one should stand to become Labour leader. It shows that right from the start, relations at the top were prone to enormous strain, suspicions and accusations of betrayal. Yet it also shows the political and personal bonds that tied them together, and which made them one of the most feared and respected electoral machines anywhere in the world. A story of politics in the raw, *Prelude to Power* is above all an intimate, detailed portrait of the people who have done so much to shape modern history.

Barth's richest, most joyous novel yet describes a couple's journey on the Chesapeake Bay, a cruise that overflows with stories--of past lives and love, entanglements with the CIA and toxic waste, and inventive brushes with Don Quixote, Odysseus and Scheherazade.

Bill Austen had some scary experiences; it came with the job of being a pilot. Having something go wrong at 90% of the speed of sound can really grab your attention. Flying big jets around the world for over forty years provided plenty of aviation stories, not just the scary ones but funny and sad ones as well. Adrenaline pumping days were matched by wondrous experiences - there were plenty of highs in the job and not too many lows. In *CLOUD SURFING* the stories unfold with the technical details described in everyday I jumping into pools wearing lifejackets as well as a tip on how to avoid stray bullets. All this helps explain the excitement Jumbo pilots feel every time they go to work; pilots essentially strap a 400 ton aircraft to their backs then hurtle off around the world, going as fast and as high as they possibly can.

"Readers will appreciate [Sara] as good literary company even as they develop sympathy for her struggles." -BCCB "It's the vivid, insightful depiction of Sara's internal struggles that readers will remember." -Booklist "A must-buy." -School Library Journal (starred review) In this prequel to the Edgar Award-winning *OCDaniel*, fan-favorite Sara quests for "normal" and finds something even better along the way. Sara's Rules to be Normal 1. Stop taking your pills 19. Make a friend 137. Don't put mayonnaise on peanut butter and jelly sandwiches. Sara wants one thing: to be normal. What she has instead are multiple diagnoses from Dr. Ring. Sara's constant battle with False Alarm--what she calls panic attacks--and other episodes cause her to isolate herself. She rarely speaks, especially not at school, and so she doesn't have any friends. But when she starts group therapy she meets someone new. Talkative and outgoing Erin doesn't believe in "normal," and Sara finds herself in unfamiliar territory: at the movies, at a birthday party, and with someone to tell about her crush--in short, with a friend. But there's more to Erin than her cheerful exterior, and Sara begins to wonder if helping Erin will mean sacrificing their friendship.

Hello (from Here)Penguin

Now in an omnibus edition, the Lambda Award-nominated supernatural *Smoke* series presents contemporary fantasy with a gothic twist. When Tony Foster relocated to Vancouver with his vampire Henry Fitzroy, he knew it was his chance to get his act together. In an example of art echoing life, Tony landed a job as production assistant for the syndicated TV show, *Darkest Night*, a series about a vampire detective. And except for his unrequited crush on the show's handsome co-star, Lee Nicholas, Tony was pretty content. Until everything started to fall apart on the set. It began with shadows--shadows where they didn't belong, that almost had an existence of their own. Tony tried to ignore it--until he found Nikki Waugh's body, and felt the shadow's touch, and a stunt crash went wrong for no discernible reason--and Tony knew that he had to find out what was threatening everyone on the set.

Debrett's Peerage, Baronetage, Knightage, and Companionage

Yocona Puff Adder

The Cut

This piece of historical fiction is a coming of age story and more-than-memoir that bridges the early 1950s through today . . . sharing little known facts and demonstrating that life is more interesting than plain fiction. With one boy white and the other black in segregated Mississippi, backwoods and riverbottom adventures are too exciting to allow these motherless seven-year-olds to consider the normal bigotry of the times. Childhood is grounded in mischief around Oxford's Baily Woods and in the rural community of Taylor. The Yocona and Little Tallahatchie Rivers help shape the area's youth, and their teen years find Scott and C.B. interacting with Weekend Warriors and the Klan. Summer jobs and outdoor experiences roughhew the boys into men. Adult complications in Sin City Memphis precede diverging paths with college forestry versus the logging woods, grad school versus a tour in Vietnam, and professional versus technical careers in the workplace. All the while, challenges and opportunities stretch from the commonplace to the controversial. During retirement, the two men volunteer and grow old. The book finishes with a twist the reader won't be expecting.

It's Not Easy Being Chosen My eyes have suddenly and most assuredly, been opened. I now understand what this is all about. And what my role in it is. In

that moment I feel alive. Awakened. I've never felt so many emotions at once, and they hit me hard. It's like I've taken a kick to the solar plexus, but strangely enough, it's a good feeling. My lips curve, even as I double over, and find myself hitting my knees. It's a feeling that's really sort of indescribable. Noah has been right all along. The only question now is what happens next? How do I do what I've been called to do? How do I become what I've been created to become? So many obstacles stand before me, but if there's nothing else I've learned in my short life... where there is a will, there is a way. If you enjoy dystopian romance, with a strong female protagonist and a hint of fantasy, then the Absence of Song series is for you!

Box set: clean, young adult fantasy set in a post-apocalyptic world. She's a girl with a mission... Music is forbidden in Silvah City... even singing can mean big trouble with the Ministry. But she can't seem to help herself. The melodies in her head must be released, though she doesn't fully understand why. When the mysterious Noah walks into her life, he changes everything. Her world is shaken, her eyes are opened. She is awakened. Thanks to Noah, Jaelynn now understands she is one of the Chosen. And together, they have a mission. Will they be strong enough to finish it? Can they go up against the Ministry and prevail? Can they succeed in bringing life back to a dying land, a dying people? Or will it all be for nothing, and the people perish...? Dystopian romantic fantasy, Christian-themed.

When Tony and his TV crew find themselves shooting in an actual haunted house, all hell threatens to break loose. Locked into the house overnight, can Tony keep the diabolical controlling spirit from turning the crew against one another in an orgy of blood?

Gabriel Garrett has faced many challenges. The battlefields of Iraq and Afghanistan, the CIA, several years as a mercenary, and the end of the world among them. But now he faces a challenge none of his training, expertise, or combat experience have prepared him for-fatherhood. With a new family and new responsibilities, Gabriel decides to leave Hollow Rock and start over in the growing city of Colorado Springs. It is here he believes he can finally leave behind the violence that has always followed him and begin a new chapter in his life. But to get there, he will have to cross the vastness of the American plains, and in a world where the dead walk the earth, no journey is ever easy. When his caravan is ransacked, Gabriel, his stalwart friends Eric Riordan and Caleb Hicks, and his new family are forced to endure the dangers of the post-Outbreak world on their own. It is here they will face marauders, criminal organizations, corrupt government officials, starvation, and every other danger the wastelands can throw at them. To survive, they will have to rely on all their courage, resourcefulness, and will to fight. And most importantly, they will have to rely on each other.
