**A unique chance to explore different aspects of place, heritage, and tourism For many nations around the world, cultural tourism is not only a major industry but also a support for national identity and a means for preserving heritage. Cultural Tourism: Global and Local Perspectives brings together in one volume interdisciplinary explorations of cultural tourism from leading international authorities in different locations around the world. Experts from the Cultural Tourism Research Group of the Association for Tourism and Leisure Education (ATLAS) discuss major issues that have emerged from the ATLAS research program over the past decade. Students and practitioners can examine important global and local issues such as authenticity, 'placelessness', the changing relationships between local communities and tourists, the changing meaning of religious heritage, festivals, and special events. Cultural Tourism presents a unique view of global and local cultural tourism issues in four main sections. The first part is a collection of discussions on the tensions caused by globalization, with an emphasis on the issue of authenticity. The second part focuses on cultural tourism demand, with examinations on the motivations and behavior of cultural tourists in various destinations. The third section spotlights the relationship between tourists, residents, and local culture. The final part examines ways cultural events can develop tourism. 72 figures and tables make complex information easy to access and understand. Topics in Cultural Tourism include: interpretation of 'authentic' culture growth of 'township tourism' the success or failure of community-based tourism projects impact of globalization on distinctiveness of place analysis of tourism development based on new cultural attractions and ethnic diversity basic steps needed to establish, manage, and market cultural routes case study of Castilla y Leon in Spain—trying to find ways to effectively compete with coastal areas new types of cultural attractions, such as 'ecomuseums' religious tourism heritage as a tool for formal and informal learning 'festivalization' and much more! Using research and studies from places around the world like Brazil, the United Kingdom, Portugal, Spain, South Africa, and the Netherlands, Cultural Tourism: Global and Local Perspectives provides a valuable window on the current state of cultural tourism and makes informative reading for practitioners, researchers, educators, and students.**

An Instant New York Times Bestseller! A BuzzFeed Best Young Adult Book of 2020 Perfect for fans of The Last Magician and Serpent & Dove, this heart-stopping debut is an imaginative Romeo and Juliet retelling set in 1920s Shanghai, with rival gangs and a monster in the Dept. of Public Safety. The year is 1926, and Shanghai hums to the tune of debauchery. A blood feud between two gangs runs the streets red, leaving the city helpless in the grip of chaos. At the heart of it all is eighteen-year-old Juliette Cai, a former flapper who has returned to assume her role in the Scarlet Gang—a network of criminals far above the law. Their only rivals in power are the White Flowers, who have fought the Scarlets for generations. And behind every move is their heir, Roma Montagov. Juliette's first love...and first betrayal. But when gangsters on both sides instill instability culminating in clawing their own throats out, the people start to whisper. Of a contagion, a madness. Of a monster in the shadows. As the deaths stack up, Juliette and Roma must set their guns—and grudges—aside and work together, for if they can't stop this mayhem, the city left for either to rule.

Provides information on major points of interest, activities, accommodations, restaurants, shopping, transportation, and entertainment in the city.
