

Longman 6th Edition

This classic introduction to the study of history invites the reader to stand back and consider some of its most fundamental questions - what is the point of studying history? How do we know about the past? Does an objective historical truth exist and can we ever access it? In answering these central questions, John Tosh argues that, despite the impression of fragmentation created by postmodernism in recent years, history is a coherent discipline which still bears the imprint of its nineteenth-century origins. Consistently clear-sighted, he provides a lively and compelling guide to a complex and sometimes controversial subject, while making his readers vividly aware of just how far our historical knowledge is conditioned by the character of the sources and the methods of the historians who work on them. The sixth edition has been revised and updated with key new material including: - a brand new chapter on public history - sections on digitised sources and historical controversy - discussion of topics including transnational history and the nature of the archive - an expanded range of examples and case studies - a comprehensive companion website providing valuable supporting material, study questions and a bank of primary sources. Lucid and engaging, this edition retains all the user-friendly features that have helped to make this book a favourite with both students and lecturers, including marginal glosses, illustrations and suggestions for further reading. Along with its companion website, this is an essential guide to the theory and practice of history.

Provides students with a method for applying economic analysis to the study of legal

rules and institutions. Four key areas of law are covered: property; contracts; torts; and crime and punishment. Added examples and cases help to clarify economic applications further.

This dictionary aims to make learning and understanding vocabulary easy and clear. It contains integrated thesaurus boxes and topic boxes allowing students to expand their vocabulary, and 3000 active words point students to the key words they need to know.

For Advanced Learners

The Bloomsbury Companion to Lexicography offers the definitive guide to a key area of linguistic study. Each companion is a comprehensive reference resource featuring an overview of key topics, research areas, new directions and a manageable guide to beginning or developing research in the field. Lexicography, as the practice of compiling dictionaries, has a long tradition that has been, for much of the time, largely independent of linguistics. The direct influence of linguistics on lexicography goes back around 50 years, though longer in the case of

learners' dictionaries. The present volume aims to reflect on the research that has been and is being done in lexicography and to point the way forward. It tackles, among other topics, the critique of dictionaries in the electronic medium, the future of historical lexicography in the electronic mode with special reference to the online Oxford English Dictionary, and e-lexicography in general.

The Longman Handbook for Writers and Readers, Sixth Edition, emphasizes writing for different audiences, explores the connection between reading and writing, and presents superior writing across the curriculum coverage while also providing all the handbook basics. A comprehensive reference to writing, research, documentation, and grammar, The Longman Handbook explores the differing audiences, purposes, and conventions of various communities of writers and readers, and offers students concrete strategies for adapting their writing to meet varying rhetorical situations. While emphasizing the academic community, The Longman Handbook also explores the genres of writing that students can expect to find in public and workplace communities.

A complete and easy-to-use guide to English idioms. With its detailed

analysis of over 4500 idioms, the Longman Dictionary of English Idioms provides the advanced learner with an indispensable reference tool.

Although Parliament is constantly in the news and televised daily, much of its work remains a mystery to outsiders and is sometimes perplexing even to its own members. This book provides a unique insight into the work and daily life of Parliament. It sets out plainly and intelligibly what goes on and why things happen, but it

also analyses the pressures within the institution, its strengths and weaknesses, and ways in which it might change. Covering every aspect of the work, membership, and structures of both Houses, this book also reflects the profound changes that have taken place in Parliament over the years.

This English-Chinese vocabulary covers all aspects of law.

The top 3,000 most frequent words in spoken and written English are highlighted to show which are the most important to know. NEW Integrated Collocations Dictionary. Over 65,000 collocations will improve students' fluency. NEW Integrated Thesaurus. Over 18,000 synonyms,

antonyms and related words will improve vocabulary range. NEW Register Notes focus on the differences between spoken and written English. Academic Word List highlighted. Grammar and warning notes ensure that students avoid common errors. NEW text design ensures students can find information fast. PLUS... The Longman Vocabulary Trainer tests your knowledge of a word - its meaning, grammar, collocation and usage - then remembers how well you know that word. The word is then recycled and retested at different intervals so the word is never forgotten! You can download the Longman Vocabulary Trainer to your mobile phone to make the most of learning on the go!

The sixth edition of this best-selling dictionary ensures students produce more accurate English both in writing and speaking with 230,000 words, phrases and meanings. Now with expanded Grammar information, students get extra help with grammar patterns and using the correct tenses. The integrated Collocations Dictionary shows learners which words to use together, while the integrated Thesaurus helps them to expand their vocabulary. Register Notes focus on the differences between spoken and written English. The brand new online resources offer the entire content of the dictionary plus additional innovative functionality to facilitate customisable teaching and learning, and a wealth of practice so that users focus on the words that they want to learn.

Focusing on the phenomenon of terrorism in the post-9/11 era, Terrorism and

Counterterrorism investigates this form of political violence in an international and American context and in light of new and historical trends. In this comprehensive and highly readable text, Brigitte Nacos, a renowned expert in the field, clearly defines terrorism's diverse causes, actors, and strategies, outlines anti- and counter-terrorist responses, and highlights terrorism's relationship with the media and the public. Terrorism and Counterterrorism introduces students to the field's main debates and helps them critically assess our understanding of and our strategies for this complex and enduring issue.

Your Complete Guide to American English

This volume samples a broad range of literature from the ancient

world. It offers extensive selections from The Bible, The Book of Songs, The Mahabharata, The Ramayana, and Virgil's Aenid, as well as seven longer works in their entirety, including The Epic of Gilgamesh and The Odyssey .

This book both introduces and explores the hows and whys of the practices of public policy. It provides reality-based practical advice about how to actually conduct policy analysis and demonstrates the application of advanced analytic techniques. A five-part organization emphasizes that policy analysis is client-oriented and raises ethical issues; provides rationales for public policy—describing the limitations to effective public policy and generic policy solutions; gives practical advice about implementing policy analysis; presents several examples illustrating how analysts have approached policy problems and the differences that their efforts have made; and summarizes the role and work of the analyst and challenges the analyst to both “do-well and do-good.” For individuals interested in policy analysis and the analytical process.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN.

Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

-- The Fourth Genre offers the most comprehensive, teachable, and current introduction available today to the cutting-edge, evolving genre of creative nonfiction. While acknowledging the literary impulse of nonfiction to be a fourth genre equivalent to poetry, fiction, and drama, this text focuses on subgenres of the nonfiction form, including memoir,

nature writing, personal essays, literary journalism, cultural criticism, and travel writing. This anthology was the first to draw on the common ground of the practicing writer and the practical scholar and to make the pedagogical connections between creative writing practice and composition theory, bridging some of the gaps between the teaching of composition, creative writing, and literature in English departments.

The Longman Handbook for Writers and Readers

Longman Dictionary of American English 5 Paper and Online (HE)

Reviews of the first edition: '...a work of high seriousness...manna from rhetorical heaven for students and researchers with a lot of hard graft

ahead of them... '(English Today) '...an impressive single-author reference work... '(English) '...Not only is this volume indispensable for anyone, students or academics, working in any field related to stylistics, it is, like all the best dictionaries, a very good read...' (Le Lingue del Mondo) Over the past ten years there have been striking advances in stylistics. These have given rise to new terms and to revised thinking of concepts and re-definitions of terms. A Dictionary of Stylistics, 2nd Edition contains over 600 alphabetically listed entries: fully revised since the first and second editions, it contains many new entries. Drawing material from stylistics and a range of related disciplines such as sociolinguistics, cognitive linguistics and traditional rhetoric, the revised Third Edition provides a valuable reference work for students and teachers of stylistics, as well as critical discourse analysis and literary criticism. At the same time it provides a general picture of the nature, insights and methodologies of stylistics. As well as explaining terminology clearly and concisely, this edition contains a subject index for further ease of use. With numerous quotations; explanations for many basic terms from grammar and rhetoric; and a comprehensive bibliography, this is a unique reference work and handbook for stylistic and textual analysis. Students and teachers at secondary and tertiary levels of English language and literature or English as a foreign or

second language, and of linguistics, will find it an invaluable source of information. Katie Wales is Professor of Modern English Language, University of Leeds and Dean of Learning and Teaching in the Faculty of Arts.

The Third Edition of this AclassicA text incorporates a broader and more detailed analysis of issues relevant to language teachers. "The Practice of English Language Teaching" is full of practical suggestions and samples from actual teaching materials.

The revolutionary writing dictionary that helps advanced students improve their vocabulary. The Longman Language Activator takes students from a key word or basic idea, like 'good', and shows more precise words or phrases with information on register, context and grammar structures.
