*The Longman Pocket English Dictionary is an ideal dictionary for intermediate students of English on the go. It explains the meaning of over 16,000 words and phrases in clear, simple language using a 2,000 word defining vocabulary. Example sentences are drawn from real-life usage to show natural, everyday English. Entries include word pronunciation, parts of speech, grammar tips, opposites and comparable words, and more. Features: • Over 16,000 words and phrases • Clear and easy definitions • Thousands of examples showing real usage • 15 pages of color illustrations*

*This best-selling dictionary is now in its 4th edition. Specifically written for students of language teaching and applied linguistics, it has become an indispensable resource for those engaged in courses in TEFL, TESOL, applied linguistics and introductory courses in general linguistics. Fully revised, this new edition includes over 350 new entries. Previous definitions have been revised or replaced in order to make this the most up-to-date and comprehensive dictionary available. Providing straightforward and accessible explanations of difficult terms and ideas in applied linguistics, this dictionary offers: Nearly 3000 detailed entries, from subject areas such as teaching methodology, curriculum development, sociolinguistics, syntax and phonetics. Clear and accurate definitions which assume no prior knowledge of the subject matter helpful diagrams and tables cross references throughout, linking related subject areas for ease of reference, and helping to broaden students' knowledge The Dictionary of Language Teaching and Applied Linguistics is the definitive resource for students.*

*This volume provides concise, authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products. Leading scholars and professional lexicographers, from all over the world and representing all the main traditions and perspectives, assess the state of the art in every aspect of research and practice. The book is divided into four parts, reflecting the main types of lexicography. Part I looks at synchronic dictionaries - those for the general public, monolingual dictionaries for second-language learners, and bilingual dictionaries. Part II and III are devoted to the distinctive methodologies and concerns of historical dictionaries and specialist dictionaries respectively, while chapters in Part IV examine specific topics such as description and prescription; the representation of pronunciation; and the practicalities of dictionary production. The book ends with a chronology of major events in the history of lexicography. It will be a valuable resource for students, scholars, and practitioners in the field.*

Longman Photo Dictionary

Grammar and Meaning is an introduction to the study of grammar of contemporary English. It provides an impressive survey of all the main areas of English grammar, from words through to sentences and texts. It introduces and explains the linguistic terms needed to talk about the ways in which language works, from simple terms like adjective to more complex terms like non-finite clause. To meet the needs of both students and scholars, Howard Jackson has produced an innovative approach to the study of English grammar. Instead of concentrating on the formal and theoretical discussion of grammar, as many introductions do, this original analysis examines the 'meanings' we want to express when we use language. Beginning with the question, "What do we talk about?", it goes on to investigate how these meanings are structured in the grammar of English. These notions are closer to our ordinary understanding of what language is doing, and therefore the forms and structures of grammar are more easily grasped. The book is extensively illustrated with examples from real English. With analytical exercises in each chapter and a comprehensive glossary of terms, the book will prove an invaluable aid to students of English language, linguistics and English as a Foreign Language, whilst also being accessible to anyone who studies English grammar as part of their course.

A full picture of English as used in 2001, this comprehensive guide to written and spoken English has been updated with a new words section and colour headwords.

The Longman Dictionary of American English is the most complete updated dictionary for learners of English.
