

## **Love From Lexie The Lost And Found**

*Sister Lost is a mystery/suspense novel that was inspired by the true story of Latanisha Carmichael, a toddler who was killed by her own mother in 1979 and her body hidden in a closet for twenty years. The story captivated me, and I wondered what it would be like to live in that house -- and to be the twin brother the little girl left behind. Sister Lost explores those questions from the viewpoint of Minneapolis single mother Lexie Novak, the house's newest owner. As soon as she and her four-year-old daughter Ava move in, the nightmares, the headaches, and the strange electrical sensations begin. Ava, normally a bright and happy girl, throws violent tantrums -- and Lexie catches herself thinking of ways to kill the little shit. Lexie must research the house's history and find the source of the strange phenomena before she and her daughter become the next victims of the house on Washburn Avenue.*

*Cherry Costello's life is about to change forever. She and Dad are moving to Somerset where a new mum and a bunch of brand-new sisters await. And on Cherry's first day there she meets Shay Fletcher - the kind of boy who should carry a government health warning. But Shay already has a girlfriend, Cherry's new stepsister, Honey. Cherry knows her friendship with Shay is dangerous - it could destroy everything. But that doesn't mean she's going to stay away from him...*

*Winner of the 2010 Costa Novel Award and a Sunday Times bestseller, THE HAND THAT FIRST HELD MINE by Maggie O'Farrell is a gorgeously written story of love and motherhood from the author of HAMNET and I AM, I AM, I AM. When the sophisticated Innes Kent turns up on her doorstep, Lexie Sinclair realises she cannot wait any longer for her life to begin, and leaves for London. There, at the heart of the 1950s Soho art scene, she carves out a new life. In the present day, Elina and Ted are reeling from the difficult birth of their first child. Elina struggles to reconcile the demands of motherhood with her sense of herself as an artist, and Ted is disturbed by memories of his own childhood that don't tally with his parents' version of events. As Ted begins to search for answers, an extraordinary portrait of two women is revealed, separated by fifty years, but connected in ways that neither could ever have expected.*

Lost in Me is the first book in the Here and Now series, a spin-off of the New York Times and USA Today bestselling New Hope series. This sexy amnesia love triangle is intended for mature readers. The last thing I remember is having drinks at Brady's and trying to avoid eye-contact with my life-long crush—the gorgeous, unattainable Maximilian Hallowell. They tell me that was a year ago, but I have no memories of anything since then. What I do have is this ring on my finger that Max says he gave me, and this much-thinner body I've dreamed of most of my life. Aside from a case of retrograde amnesia, everything seems almost...perfect. But the deeper I immerse myself into this new world of mine—planning a wedding to a man I don't remember dating, attempting to run a business I don't remember starting—the clearer it becomes that nothing is as it seems. Do I have the life I've always wanted or is it a facade propped up by secrets I don't even know I have? I need answers before I marry Max, and the only person who seems to have them is the angry, tatted, sexy-as-sin rocker Nate Crane. And Nate wants me for himself. A coming-of-age story that puts a new spin on the fated mates trope. Nat, a shy young girl who grew up too quickly, stumbles upon a terrifying yet gorgeous wolf boy in the woods. She takes him in, pretending he's her brother, making it awfully difficult for them when they find themselves falling in love. That and the fact that he starts killing people. And that he can't seem to get hard, no matter how much he wants to be with her. When they discover his body won't work because he already has a fated mate, Nat is devastated. But Caleb refuses to heed his body's call. No drug of destiny is going to tear him away from the girl he's wanted so desperately for so long but could never take...as a human. And if clinging to her means becoming a rabid monster, so be it.

When Lexie wipes out on the ski slope, Jake and Tommy have to find a way to get help while a cougar prowls in the nearby woods.

Cecilia Murray has been wishing for a dog for as long as she can remember. In the years that follow, each must face the consequences of that single night and find a way to forget...or the courage to forgive. "You cannot read *Night Road* and not be affected by the story and the characters. The total impact of the book will stay with you for days to come after it is finished." —The Huffington Post

Growing up during the centuries-long conflict between the empires of Egypt and Hatti, the young princess Istara is taken hostage by the King of Hatti to secure the loyalty of her father, the King of Kadesh to the empire. Soon her new life in Hatti's glittering capital becomes all she knows. Bound in blood before the gods to Hatti's unwilling crown prince, Istara, now Hatti's queen-in-waiting, learns she will never be loved. But the drums of war beat again, and when the scheming plans of Hatti's king threaten the existence of all civilization, the gods give Istara a choice: to leave behind everything she knows to save mankind, or remain where she is, powerless, a token on the game board of kings. On the brink of one of the most brutal battles in history, she chooses to risk her life to deliver a message to the only man able to prevent the prophecy from becoming a reality--her mortal enemy, the Pharaoh Ramesses II. Wounded, cold and hungry, she wanders in the battle's horrific aftermath, and aids a powerful commander, who she learns protected her once, and has been bound to her ever since by a prophetic dream of his future. Despite his resistance, and Istara once more becoming a pawn of kings, they must confront an eternal love so powerful, not even kings, the gods, or death can keep them apart.

From New York Times bestselling author Lexi Ryan comes a sexy new standalone romance about a woman who'd do anything to have a baby and the man who'd do anything to have her... For my 30th birthday, I'm giving myself the one thing I want most: a baby. Sure, this would be easier if I had a husband—or even a boyfriend—but I refuse to be thwarted by minor details. When I drunkenly confess my plans to my friends, they convince me to ask Jake Jackson for help. Jake, the best friend who's been there for me through thick and thin. Jake, who also happens to be smart, funny, ridiculously good looking, and the winner of all the genetic lotteries. So when Jake takes me up on my request—with the stipulation that we get the job done the old-fashioned way—I'd be a fool to decline. The only problem? I don't know if I can separate sex from all the things I feel for this amazing man. If I can't keep my heart under lock and key, I risk losing the relationship I need the most. Jake has his own reasons for granting my baby wish. But when I discover his secrets, it could mean the end of us. I have to choose—run or stay and fight for love. Fall for the boys of Jackson Harbor in Lexi Ryan's sexy new contemporary romance series. These books can all be read as standalones, but you'll enjoy reading them as a series!
