

Lujza Hej Knjige Forum

The dialogue expands . . . When Neale Donald Walsch was experiencing one of the lowest points of his life, he decided to write a letter to God. What he did not expect was a response, with extraordinary answers covering all aspects of human existence - from happiness to money, to faith. The resulting book, Conversations with God, was an instant bestseller on publication in 1995 and has since sold millions of copies world-wide, changing countless lives everywhere. Conversations with God: Book 3 is the third volume of the original Conversations with God trilogy that takes us even further in our questioning and search for answers, dealing with universal truths of the highest order and the challenges and opportunities of the soul. This incredible series contains answers that will change you, your life and the way you view others. Also by Neale Donald Walsch and available from Hodder & Stoughton: Conversations with God, Books 2 and 3, Communion with God, Friendship with God, Applications for Living and Meditations from Conversations with God, Book 1.

A compassionate spiritual meditation on the process of death and dying, written by the author of the popular Conversations with God series, offers counsel on how to draw wisdom and peace of mind throughout the process, which is explained as the beginning of an "after life" in God's kingdom. Reprint. 60,000 first printing.

We're in Trouble. But There Is Help . . . If We Listen. In the middle of the night on August 2, 2016, Neale Donald Walsch found himself drawn into a new and totally unexpected dialogue with God in which he suddenly faced two questions: Is the human race being offered help by Highly Evolved Beings from Another Dimension? Is there a key role that humans are being invited to play in advancing their own evolution by joining in a mutual mission to assist the planet during the critical times ahead? He was told that the answer to both questions is yes. Then he was given 16 specific examples of how Highly Evolved Beings respond to life differently than humans do--and how adopting even a few of those behaviors could change the course of world history for the better forever. That information makes up the body of this work. A striking invitation to every reader sets the stage for the extraordinary explorations that follow. Picking up where Book 3 in the Conversations with God Trilogy series left off, the revelations about Highly Evolved Beings and about how ordinary humans can answer the call to help awaken the species on Earth will breathtakingly expand your view of both your personal and your collective future. Which is exactly what the dialogue was intended to do.

This memoir of the author's twenty-year prison sentence spent in the Gulag Archipelago vividly portrays the harsh realities of Soviet prison camps

The Autobiography of Nikola Tesla

In a Life That Never Ends

Amir, haunted by his betrayal of his childhood friend, a son of his father's servant, returns to Kabul as an adult after learning Hassan has been killed. Describes Afghanistan's rich culture and beauty. For mature readers.

The Beginning of PhilosophyBy Hans-Georg Gadamer

Set in a luxurious grand hotel just outside Lisbon, at the height of the Second World War, Estoril is a delightful and poignant novel about exile, divided loyalties, fear and survival. The hotel's guests include spies, fallen kings, refugees from the Balkans, Nazis, American diplomats and stateless Jews. The Portuguese secret police broodingly observe the visitors, terrified that their country's neutrality will be compromised. The novel seamlessly fuses the stories of its invented characters with appearances by historical figures like the ex-King Carol of Romania, the great Polish pianist Jan Paderewski, the British agent Ian Fleming, the Russian chess grandmaster Alexander Alekhine and the French writer and flyer Antoine de St Exupery, who forms a poignant friendship with a young Jewish boy living alone in the hotel.

"Whenever there is a problem, repeat over and over: All is well. Everything is working out for my highest good. Out of this situation only good will come. I am safe." In this healing tour de force, best-selling authors Louise L. Hay and Dr. Mona Lisa Schulz have teamed up for an exciting reexamination of the quintessential teachings from Heal Your Body. All Is Well brings together Louise’s proven affirmation system with Mona Lisa’s knowledge of both medical science and the body’s intuition to create an easy-to-follow guide for health and well-being. And, for the first time ever, they present scientific evidence showing the undeniable link between the mind and body that makes these healing methods work. Bringing focus and clarity to the effects of emotions on the body, All Is Well separates the body into seven distinct groups of organs—or emotional centers—that are connected by their relationship to certain emotions. Structured around these emotional centers, the authors outline common imbalances and probable mental causes for physical illness. They also include case studies that show a complete program for healing that draws from all disciplines, including both traditional and alternative medicine, affirmations, nutritional changes, and so much more. Using the self-assessment quiz, the holistic health advice, and an expanded version of Louise’s original affirmation chart, you can learn how to heal your mind and body with affirmations and intuition and live a balanced, healthy life.

In a visual approach to learning how to play the guitar, a renowned guitar tutor introduces his teach-yourself guitar program, complete with hundreds of step-by-step illustrations that including fingering charts, chords, notes, scales, modes, and sequences, as well as an annotated portfolio of more than one hundred makes and models of guitars.

Written in Irv Yalom's inimitable story-telling style, Staring at the Sun is a profoundly encouraging approach to the universal issue of mortality. In this magisterial opus, capping a lifetime of work and personal experience, Dr. Yalom helps us recognize that the fear of death is at the heart of much of our anxiety. Such recognition is often catalyzed by an "awakening experience"—a dream, or loss (the death of a loved one, divorce, loss of a job or home), illness, trauma, or aging. Once we confront our own mortality, Dr. Yalom writes, we are inspired to rearrange our priorities, communicate more deeply with those we love, appreciate more keenly the beauty of life, and increase our willingness to take the risks necessary for personal fulfillment.

A Woman at ThirtyThe Floating Press

In 1919, Nikola Tesla wrote several articles for the magazine The Electrical Experimenter. These pieces have been gathered together here. In the last few decades of his life, he ended up living in diminished circumstances as a recluse in Room 3327 of the New Yorker Hotel, occasionally making unusual statements to the press. Because of his pronouncements and the nature of his work over the years, Tesla gained a reputation in popular culture as the archetypal 'mad scientist'. He died impoverished and in debt on January 7, 1943. When he passed, Tesla didn't leave behind much material for the general public. Also, he didn't have many close friends who would have had insight into his life sufficient to write about him. Since My Inventions is an autobiography, it is unique in providing a glimpse into Tesla's mind and his private thoughts. It tells about the man, his motivations and the values that he held. My Inventions is a required read for anyone wanting to know more about one of the greatest inventors of the 20th century – and perhaps of all time. Contents - My Early Life - My First Efforts at Invention - My Later Endeavors - The Discovery of the Tesla Coil and Transformer - The Magnifying Transmitter - The Art of Telautomatics

A History of Central European Women's Writing

A History of the Balkans 1804-1945

A History of Central European Women's Writing offers a unique survey of literature from the Czech Republic, Poland, Hungary, Croatia, Slovakia and Slovenia. It introduces a little known area of European literature from a unique point of view, illustrating the development of women's writing in the region from the middle ages to the present day. If offers a broad historical survey, placing individual writers in their social and political context and showing how processes shaping their lives are reflected in their works.

A complete explanation of the esoteric principles of Mantra that also clarifies the differences between Hindu and Tibetan yoga. Translated into many languages, this is an important text for any student of Buddhism. With bibliography, index, and illustrations.

In 1988 Milorad Pavic burst upon the literary scene with his critically acclaimed, international best seller, Dictionary of the Khazars. In it he asked his readers to experience his book in a new and exciting way, as he challenged their traditional concepts of the reading process. In his next two novels, Landscape Painted With Tea and The Inner Side of the Wind, he continued to challenge as he joined a modern Odyssey with a crossword puzzle, and then he told the same tale of two lovers from two perspectives -- male and female -- and asked us to read it from either front or back. His new novel, Last Love in Constantinople, does not disappoint, as Pavic once again demonstrates himself to be a master of narrative legerdemain.

You may have seen the movies and read the books about manifestation, but your power to create your dreams still seems to be missing the mark. Don't throw in the towel yet—there's a radically new approach that may reveal the missing piece of the puzzle. With Creating on Purpose, innovative teachers Anodea Judith and Lion Goodman present a comprehensive, systematic method for realizing your highest aspirations. Shared with thousands in their popular nationwide workshops, this unique, step-by-step approach guides us through a rich study of the inner self, the outer world, and how to connect the two to make your dreams come true. Manifestation is the process of bringing the spiritual and material together to create a better life for yourself, your family, and your community, explain Anodea and Lion. At the heart of this work are the energy centers known as the chakras, which offer us a profound formula for wholeness, a template for transformation, and a sacred map for manifestation. Learn how to make use of the top-down flow of energy between chakras—an ancient key to effective change, and a way of aligning our desires with our highest good, as you explore: Chakra Seven: Consciousness Creates—Receive guidance and grace, clarify ideas into intention, and clear limiting beliefs Chakra Six: Vision Vitalizes—Imagine possibilities, discover your purpose, and visualize your path to fulfillment Chakra Five: Conversation Catalyzes—Tell your story, refine your mission, and set goals to chart your course Chakra Four: Love Enlivens—Find the right relationships, establish your network, and co-create with beauty and love Chakra Three: Power Produces—Become proactive, strengthen your will, and handle distractions and obstacles Chakra Two: Pleasure Pleases—Ride the river of passion, balance masculine and feminine energies, and attract what you want and need Chakra One: Matter Matters—Honor your commitments, inhabit your body, and complete every cycle “When you align your heavenly wisdom with the love in your heart and combine your future vision with your unique skills and abilities,” write Anodea and Lion, “you can begin to drive your vehicle toward your destiny, giving your gifts for the benefit of all beings.” Here is your opportunity to participate in this important work through Creating on Purpose.

“Louise Hay writes to your soul—where all healing begins. I love this book... and I love Louise Hay.” — Dr. Wayne W. Dyer
In The Power Is Within You, Louise L. Hay expands her philosophies of loving the self through: · learning to listen and trust the inner voice; · loving the child within; · letting our true feelings out; · the responsibility of parenting; · releasing our fears about growing older; · allowing ourselves to receive prosperity; · expressing our creativity; · accepting change as a natural part of life; · creating a world that is ecologically sound; · where it's safe to love each other'; · and much more. She closes the book with a chapter devoted to meditations for personal and planetary healing.

"What does everyone in the modern world need to know? [The author's] answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. [The author discusses] discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life"--

LET IT BLEED takes you where no Rolling Stones book has before. Author and photographer Ethan Russell was one of only sixteen people—including the Rolling Stones—who made up the 1969 tour. He was with them in their hotel rooms, at rehearsals, and on stage. He tells the story of this monumental and historic tour firsthand, including recollections from band members, crew, security, and other sixties icons--like Abbie Hoffman and Little Richard--they met along the way. And he also includes amazing photos of the performers who toured with the Stones that year: the legendary Tina Turner and B. B. King. Through vivid quotes taken from his interviews with the band and crew, and through more than 220 revealing photographs, Russell takes you behind the scenes for an uncensored look inside the Rolling Stones' world at the end of the sixties. It was an idealistic time, with an overarching belief that music could bring us all together. But the events that led to the terrible violence and stabbing death at Altamont would change rock and roll forever.

The #1 New York Times Bestseller The Silmarillion is the core of J.R.R. Tolkien's imaginative writing, a work whose origins stretch back to a time long before The Hobbit. This mythopoetic masterpiece is a must-read before you watch The Lord of the Rings on Amazon. “Majestic! ... Readers of The Hobbit and The Lord of the Rings will find in The Silmarillion a cosmology to call their own, medieval romances, fierce fairy tales, and fiercer wars that ring with heraldic fury... It overwhelms the reader.”—Time
The story of the creation of the world and of the First Age, this is the ancient drama to which the characters in The Lord of the Rings look back and in whose events some of them, such as Elrond and Galadriel, took part. The three Silmarils were jewels created by Fëanor, most gifted of the Elves. Within them was imprisoned the Light of the Two Trees of Valinor before the Trees themselves were destroyed by Morgoth, the first Dark Lord. Thereafter, the unsullied Light of Valinor lived on only in the Silmarils, but they were seized by Morgoth and set in his crown, which was guarded in the impenetrable fortress of Angband in the north of Middle-earth. The Silmarillion is the history of the rebellion of Fëanor and his kindred against the gods, their exile from Valinor and return to Middle-earth, and their war, hopeless despite all their heroism, against the great Enemy. “A creation of singular beauty ... magnificent in its best moments.”—The Washington Post “Heart-lifting ... a work of power, eloquence and noble vision... Superb!”—The Wall Street Journal

12 Rules for Life

The author recounts his descent into despair and his discovery of spiritual nourishment in the works of Aristotle, Emerson, Ben Franklin, and Plato, and enumerates the seventeen rules that helped transform his life. Og Mandino was one of the leading inspirational authors in the world. But once, he was a thirty-five-year-old derelict who nearly spent his last few dollars on a suicide gun. In A Better Way to Live, he describes the joyously redemptive process that turned a down-and-out alcoholic into a millionaire and a happy man within ten years. Og Mandino is the only person who could tell this heartwarming tale of personal triumph—because it is his own true story. And it can profoundly influence your life. Here are the principles that turned Og Mandino’s life around: his seventeen “Rules to Live By.” These simple, easy-to-follow rules comprise a sound, wise

prescription for inner growth and for a fulfilling everyday life that will work for you—just as it worked for Og Mandino. You can avoid spending even one more day feeling failure, grief, poverty, shame, or self-pity. Here is a better way to live: a way that literally saved Og Mandino's life, a way that can help make your dreams come true.

Made in Yugoslavia: Studies in Popular Music serves as a comprehensive and thorough introduction to the history, sociology, and musicology of popular music in Yugoslavia and the post-Yugoslav region across the twentieth and twenty-first centuries. The book consists of chapters by leading scholars and covers the major figures, styles, and social contexts of music in the region that for most of the past century was known as Yugoslavia. Exploring the role played by music in Yugoslav art, culture, social movements, and discourses of statehood, this book offers a gateway into scholarly explanation of a key region in Eastern Europe. An introduction provides an overview and background on popular music in Yugoslavia, followed by chapters in four thematic sections: Zabavna-Pop; Rock, Punk, and New Wave; Narodna (Folk) and Neofolk Music; and the Politics of Popular Music Under Socialism.

The bestselling Games People Play is the book that has helped millions of people understand the dynamics of relationships, by psychiatrist Eric Berne.We all play games. In every encounter with other people we are doing so. The nature of these games depends both on the situation and on who we meet.Eric Berne's classic Games People Play is the most accessible and insightful book ever written about the games we play: those patterns of behaviour that reveal hidden feelings and emotions. Wise and witty, it shows the underlying motivations behind our relationships and explores the roles that we try to play – and are forced to play.Games People Play gives you the keys to unlock the psychology of others – and yourself. You'll become more honest, more effective, and a true team player.'A brilliant, amusing, and clear catalogue of the psychological theatricals that human beings play over and over again' Kurt VonnegutEric Berne was a prominent psychiatrist and bestselling author.After inventing his groundbreaking Transactional Analysis, he continued to develop and apply this new methodology leading him to publish Games People Play. This became a runaway success and Berne leaves a remarkable legacy of over 30 other books and articles, as well as the founding of the International Transactional Analysis Association.Dr Berne's other works include Principles of Group Treatment, A Layman's Guide to Psychiatry and Psychoanalysis', and What Do You Say After You Say Hello? He died in 1970.

'This belting read pulls off the nifty trick of making the kung fu legend's spiritual and combat ideas accessible' Maxim 'Truly gets under the skin of this iconic figure' Film Review In the 1970s Bruce Lee emerged as the world's greatest fighting star – an accolade he has kept ever since. He battled to succeed in America in spite of the racial prejudice that denied him a starring role, eventually making films in Hong Kong that turned him into a star – the highest-paid movie star of his day. His controversial death, at the age of thirty-two when he was at the height of his powers, has given him a James-Dean style enduring appeal. In Bruce Lee – Fighting Spirit, Bruce Thomas has written a complete account not only of Lee's life and death, but of the fighting philosophy he developed (jeet kune do) which made him the greatest exponent of martial arts in modern times. In this updated edition he reassesses Lee's skills and examines the enduring impact of his legacy – on action films and martial arts today. As an icon Bruce Lee's popularity continues to grow and this book is a fitting tribute to an extraordinary man whose achievements have never been surpassed.

'An endlessly stimulating account of Lee's life and times' Loaded

Examines the concerns shared by many of today's young people while addressing questions that teens may ask of God, offering guidance on building healthy relationships, accepting responsibility, and acquiring self-esteem.

In the Tale of The Fall of Gondolin are two of the greatest powers in the world. There is Morgoth of the uttermost evil, unseen in this story but ruling over a vast military power from his fortress of Angband. Deeply opposed to Morgoth is Ulmo, second in might only to Manwë, chief of the Valar.

The Balkans have often been a flashpoint of conflict in European history. The recent civil war has torn the country apart and the region faces an uncertain future. This authoritative study provides an account of the history of the whole area from the first major nationalist rising against its Ottoman rulers in 1804 to the aftermath of World War II. Covering the former Yugoslavia, Albania, Greece, Bulgaria and Romania , it provides a Balkan-wide overview as well as histories of specific states and sets the context to the recent conflict.

Antologija narodnih juna?kih pesama

A lost classic by beloved novelist Joseph Heywood that helped put the writer on the map, THE BERKUT begins at dusk as SS Colonel Gunter Brumm parachutes silently through the sulphuric haze in the smoldering ruins of Berlin, past the Soviet troops that encircle the skeleton that the city has become in April 1945. With the precision and skill that has marked his brilliant military career, Brumm takes on a seemingly impossible mission: to evade the Allied forces swarming over Europe and to smuggle "Herr Wolf," the greatest war criminal of the twentieth century, to safety. Less than twenty-four hours later a special Russian team snakes its way into Berlin's city limits, headed for the Reich Chancellery. It is led by Vasily Petrov, "the Berkut"—named after the Russian eagles trained to hunt wolves, and determined to track down his quarry and driven by the knowledge that failure means certain death. THE BERKUT is a classic story of pursuit, of hunters and the hunted, that pits two elite teams against each other—both of them brave, resourceful, of great physical prowess and so fully motivated that only the winners will survive. Scores of other characters populate this engrossing thriller: priests, deserters, refugees—as well as a larger-than-life OSS operative who is the only person among the hundreds of thousands of Allied troops in Europe who realizes that Herr Wolf is not only alive but on the verge of escaping justice. Joseph Heywood's novel is a story of enormous conviction and urgency, made even more compelling for being based on facts that have yet to be proven fiction.

A touching story of cultural difference and tested loyalties. Set in Belgrade before WWII, Fathers and Forefathers tells the story of the marriage between a Steven, a Serb, and Elizabeth, an Englishwoman. After meeting at an English university they marry and leave England to build their life together. Steven's narrative and Elizabeth's letters home reveal two very different personal accounts of the war and their son, Mihajlo, is ashamed of his mixed parentage and rebels against his non-Serbian ancestry. On the eve of the war, Steven's loyalties and his non-Serbian ancestry are challenged when his counsel is sought by both the Serbian king and the opposition. He resolves to keep his distance from the conflict, but Mihajlo's more radical response forces him to become involved, and tragedy engulfs the family.

From classics like Bridge and Rummy to the curiously named Red Dog or Beleaguered Castle, there's a game to suit everyone.

When a new, chatty, young couple and their two daughters move in next door, Ove's well-ordered, solitary world turns upside down.
