Early silent pioneers Georges MZli_s, Alice Guy BlachZ and others followed in the footsteps of the Lumi_re brothers and the tradition of important filmmaking continued throughout the 20th century and beyond. In *Encyclopedia of French Film Directors*, Philippe Rège identifies every French director who has made at least one feature film since 1895. From

🔗 Georges Simenon's 75 novels and 28 short stories that feature Chief Inspector Jules Maigret provide us with a great deal of information about the French police detective—but only in small, episodic doses. As readers become acquainted with Maigret one detail at a time, he slowly takes on a flesh-and-bone realism—not merely a character in a story, but someone we would like to meet in real life. This book presents all the canonical facts and details about the detective and his

world in one place, presented with tabulations and analyses that enable a better understanding of the works and of Maigret himself. This book not only includes chapters on more than twenty new screen sleuths but also updates information on several detectives included in the first two volumes of Famous Movie Detectives. Author Michael Pitts also provides new material on sleuths in silent films and serials, as well as a listing of radio and television detective programs.

Twenty-five years after his death, critics and academics, film-makers and journalists continue to argue over Sartre's legacy.

But certain interpretations have congealed around his iconic text *Nausea*, tending to confine it within the framework provided by the later philosophical work, *Being and Nothingness*. This volume opens up the text to a range of new approaches within the fields of English and Comparative

Le Port des brumes (1932) : Le capitaine Joris, chef du port de Ouistreham, disparaît. On le retrouve six semaines plus tard à Paris, amnésique. De retour chez lui, il meurt, empoisonné. Dans la brume qui noie les quais et l'écluse et malgré le silence obstiné des hommes de la mer et des notables, Maigret réussit peu à peu à relier les fils de

l'histoire. Maigret et la vieille dame (1949) : Étretat en ce début de septembre a des airs de station balnéaire. Valentine Besson, la veuve d'un riche pharmacien, invite Maigret à y passer quelques jours. Sa bonne, Rose, a été empoisonnée, et Valentine est certaine que l'arsenic lui était destiné. Entre calva et nostalgie, le commissaire assemble patiemment les pièces du puzzle. Deux enquêtes, réunies dans un même volume, où le lecteur découvre avec Jules Maigret que, sur les côtes normandes, on semble faire un usage excessif du poison.

Essays taken from Salem Press's Critical survey of mystery and detective fiction, published in 1988.

The most comprehensive account of Georges Simenon's life and work in either English or French--from his youth and adolescence in Belgium, through his spirited beginnings as a writer of pulp fiction in the Paris of the 20s, his invention of Maigret in 1930, his turn to straight fiction in the 30s, and from the 40s on, his prolific output of

detective and straight fiction. His obsession with women and his major friendships (Jean Renoir, Charlie Chaplin, Thornton Wilder, and others) are detailed. Also, critical evaluations of his fiction (including the largely ignored pulp fiction), Simenon's relationship to popular traditions, literature, detective fiction, high literature and the critics are offered. The photographs are rare and revealing (e.g., with Josephine Baker, cutting up in a bistro.)

"One of the greatest writers of the twentieth century . . . Simenon was unequaled at making us look inside, though the ability was masked by his brilliance at absorbing us obsessively in his stories." —The Guardian Inspector Maigret takes a case from a lively old widow whose maid has been poisoned The inexplicable murder of the wealthy Valentine Besson's maid leads the older woman to believe that she

As he delves into the case, Maigret must unravel a tangled web of family politics—and confront Valentine's stepsons, who may be harboring dark secrets of their own.

Georges Simenon (1903-1989) was a phenomenally successful author of crime fiction. His 75 Maigret novels and 28 Maigret short stories were published between 1931 and 1972 to great international acclaim (he is the only non-anglophone crime writer to have achieved such renown). His Maigret stories are regarded by many as having established a new direction in crime fiction, emphasizing social and psychological portraiture rather than focussing on a puzzle to be solved or on "action." This book examines the importance

of social class and social change in the Maigret stories, giving a particular emphasis to the early formative novels and the development of plot, characterization and setting. The author seeks to establish the extent to which Simenon's portrait of French society is historically accurate and the nature of the influence of the author's own class position and ideology on his fiction.
