

Making It Happen The Autobiography

Rapper Gucci Mane takes us to his roots in Alabama, the streets of East Atlanta, the trap house, and the studio where he found his voice as a peerless rapper. He reflects on his inimitable career and in the process confronts his dark past -- the murder charge, years behind bars and a rap God. It is one of the greatest comeback stories in the history of music. -- Adapted from book jacket.

#1 NEW YORK TIMES BESTSELLER • The brilliant coming-of-age-and-into-superstardom story of one of the greatest artists of all time, in his own words—featuring never-before-seen photos, original scrapbooks and lyric sheets, and the exquisite memoir he began writing before his death
MUSIC BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND THE GUARDIAN • **NOMINATED FOR THE NAACP IMAGE AWARD** Prince was a musical genius, one of the most beloved, accomplished, and talented musicians of our time. He was a startlingly original visionary with an imagination deep enough to whip up whole worlds, from the sexy, gritty funk paradise of “Uptown” to the mythical landscape of Purple Rain to the psychedelia of “Paisley Park.” But his most ambitious creative work was his memoir, *The Love and Theft*. In it, Prince takes us into his life in Minneapolis, into Prince, one of the greatest pop stars of any era. The Beautiful Ones is the story of how Prince became Prince—a first-person account of a kid absorbing the world around him and then creating a persona, an artistic vision, and a life, before the hits and fame took their toll. The first is the memoir Prince was writing before his tragic death, pages that bring us into his childhood world through his own lyrical prose. The second part takes us through Prince’s early years as a musician, before his first album was released, with an evocative scrapbook of photos and lyrics. The third part is a collection of Prince’s own words, as well as his thoughts on his life and career, as told to the author by editor Dan Piepenbring’s riveting and moving introduction about his profound collaboration with Prince in his final months—a time when Prince was thinking deeply about how to reveal more of himself and his ideas to the world, while retaining the mystery and mystique he’d cultivated. The book provides a rare glimpse into the mind of one of the world’s most enigmatic artists and offers a new perspective on his life and work. It provides context to the book’s images. This work is not just a tribute to an icon, but an original and energizing literary work in its own right, full of Prince’s ideas and vision, his voice and image—his undying gift to the world.

Drawn from the late provocative spiritualist’s recorded talks, a portrait of his life and teachings covers his youth and education, his life as a professor of philosophy, his years of travel during which he cited the importance of meditation, and the legacy he sought to leave behind. *John Denver* chronicles the experiences that shaped his life, while unraveling the rich, inner journey of a shy Midwestern boy whose uneasy partnership with fame has been one of the defining forces of his first fifty years.

Autobiography: A Very Short Introduction

Draws on cutting-edge research and inspiring true stories about people who resolved to build better lives for themselves, their families and their communities in a guide based on the author’s research about the psychology of hope that provides a scientifically based, customizable blueprint for meeting goals.

As a creative force, student of the human heart and soul, and champion of living the life you want, Oprah Winfrey stands alone. Over the years, she has made history with a legendary talk show - the highest-rated program of its kind, launched her own television network, become the nation’s only African-American billionaire, and been awarded both an honorary degree by Harvard University and the Presidential Medal of Freedom. From all her experiences, she has gleaned life lessons—which, for fourteen years, she’s shared in O, The Oprah Magazine’s widely popular “What I Know For Sure” column, a monthly source of inspiration and revelation. Now, for the first time, these thoughtful gems have been revised, updated, and collected in What I Know For Sure, a beautiful cloth bound book with a ribbon marker, packed with insight and revelation from Oprah Winfrey. Organized by theme—joy, resilience, connection, gratitude, possibility, awe, clarity, and power—these essays offer a rare, powerful and intimate glimpse into the heart and mind of one of the world’s most extraordinary women—while providing readers a guide to becoming their best selves. Candid, moving, exhilarating, uplifting, and frequently humorous, the words Oprah shares in What I Know For Sure shimmer with the sort of truth that readers will turn to again and again.

The Real Housewives of New York City fan favorite Dorinda Medley takes us inside her roller-coaster life and iconic Blue Stone Manor to share how we, too, can Make It Nice. Throughout her life, Dorinda Medley has always strived to “make it nice” regardless of the circumstances. In her incredibly candid memoir, the real housewife of New York City opens the doors of Blue Stone Manor, her Berkshires sanctuary, welcoming fans into her beloved home. In her first-ever written life story, Dorinda clips away all pretense and noise to unveil the not-so-glamorous bumps in the road that have marked her colorful journey toward becoming the person fans, colleagues, and friends know and love today. This is a vulnerable and emotional account of love, motherhood, loss, and the not-entirely-planned adventure from her modest beginnings in the Berkshires to her personal, social, and professional ascent—told in her trademark manner. Chronicling the life of the reality television star, Make It Nice also features life lessons for those who may experience similar challenges, as well as the celebrated hostess’s invaluable entertaining tips, all presented with the humor and wit that have “oh-so-well made” Dorinda Medley a most compelling compilation.

Each of us plays many roles. If we are not real we will not be successful in playing any of those roles. The title contains a series of roles I have played in my life. I will be successful to the degree that I am REAL. Each of us is asked to make the presence of God REAL. We can do that only if we are real. I have been described by others as being half poet, horse trader, family. The title I liked best was given to me by a group of youngsters who asked me: “Why don't you teach us? You're REALWe are REAL when we are born but we quickly lose that sense of reality when we encounter difficulties in life. When we learn to not simply deal with the difficulties of life but transform those difficulties into a deeper understanding of who we are we become a little more REAL.William Crumley asks questions few other persons ask. As a result he has answers many others do not have. The titles of his books reflect some of those questions and answers. Why We Are Always Broke, Must We Always Remain Broke? Restoring the Common WEALTH. The last book is a novel which expresses the conditions which have caused our economic crisis and suggest solutions ordinary people can do to avert economic problems. He also authored another book Ordinary People Tuning In On Needs.His writings also reflect that we have more than just a body. We are mind and spirit also. Our minds and spirits are sometimes troubled by the events of our bodies. One of his books is entitled Keep On Trucking: even if you do not have a truck. A book entitled Letters From God reflect a spiritual solution to some of the common problems our bodies present to us. Ecolections: reflections on the ecology is a series of poems which aim to help us restore our environment. " On October13, 1951 my father died. He had been operated on twice and both times they found cancer. Between the operations he was able to return to work. After the second operation he was no longer able to work. I saw him wasting away and tried to avoid thinking about it. Whenever anyone asked about him I would say that he was doing all right. One night about two months before he died I was in the front yard watering the lawn. I always looked for an excuse to get out of watering the lawn. Dad came out and said: “I want to talk to you.” I knew what he wanted to talk about and I did not want to hear it. I replied: “I have to water the lawn.” Dad said: “You can continue watering the lawn but sit here on the step, I want to talk to you”. When I sat down dad said: “I heard you tell Mr. Cook when he asked how I was doing, that I was doing ok.” Now I was certain what he wanted to talk about. I did not want to give him the opening his question was leading toward. I also did not want to lie to my father and deny I had said it, so I simply remained quiet. After a few seconds dad said: “You know I am going to die.” My father’s simple statement was difficult. However, it was also freeing. I did know he was going to die. He freed me from the burden of continuing to deny something I knew was true. He also said it so calmly and peacefully. He told me in effect that it was all right for him to die. The day before he died dad asked to go to the hospital. That night mom and I went to see him in the hospital. He sent us home very quickly. I never understood why he asked to go to the hospital and why he sent us home so quickly. Years later as I began to help families accept the death of a loved one I finally understood why he went to the hospital and sent us home so quickly. In my later ministry I came to realize that someone will not die until they are allowed to die by their family. My mother and my sister were not allowing dad to die. He could not go on any longer. He had to go where he could die in peace.

The Autobiography of Gucci Mane

Take Me Home

Undisputed Truth

Contemporary Canadian Drama

Anyone who wishes to understand what has happened in India in the twentieth century – politically and culturally – must read Nirad C. Chaudhuri. Among her men of letters he is unique; for the fertility of his mind and the polymathic range of his interests, as well as for the lucidity of his prose and his sheer integrity. – Geoffrey Moorhouse (Chaudhuri) has spent a lifetime kicking against the myths and shibboleths held by the majority of his fellow countrymen: he has ridiculed the pacifism of Mahatma Gandhi...he has castigated Indian nationalism for being corrupt, self-seeking, and destructive... (he has) vented his spleen at the stupidity and philistinism of the British in India. His latest (book) is almost a thousand pages long. It testifies to (his) eloquence, wit, and intellectual brilliance that he can go on at such length without once becoming a bore. – Ian Buruma, The New York Review of Books

An Autobiography of British Cinema tell the story of British film by those who made it.

Taking a fresh look at the state of autobiography as a genre, The Phenomenology of Autobiography: Making it Real takes a deep dive into the experience of the reader. Dr. Schmitt argues that current trends in the field of life writing have taken the focus away from the text and the initial purpose of autobiography as a means for the author to communicate with a reader and narrate an experience. The study puts autobiography back into a communicational context, and putting forth the notion that one of the reasons why life writing can so often be aesthetically unsatisfactory, or difficult to distinguish from novels, is because it should not be considered as a literary genre, but as a modality with radically different rules and means of evaluation. In other words, not only is autobiography radically different from fiction due to its referentiality, but, first and foremost, it should be read differently.

Provides lessons to help students recognize the biography and autobiography genres, develop vocabulary, learn reading strategies, practice writing skills, make grammar connections, use graphic organizers, and assess what they have learned.

The Autobiography of Miss Jane Pittman

The Gift of Stories: Practical and Spiritual Applications of Autobiography, Life Stories, and Personal Mythmaking

Originally published in 1912, this novel was one of the first to present a frank picture of being black in America Masked in the tradition of the literary confession practiced by such writers as St. Augustine and Rousseau, this "autobiography" purports to be a candid account of its narrator's private views and feelings as well as an acknowledgement of the central secret of his life: that though he lives as a white man, he is, by heritage and experience, an African-American. Written by the first black executive secretary of the NAACP, The Autobiography of an Ex-Colored Man, in its depiction of turn-of-the-century New York, anticipates the social realism of the Harlem Renaissance writers. In its unprecedented analysis of the social causes of a black man's denial of the best within himself, it is perhaps James Weldon Johnson's greatest service to his race. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Carl Hester is one of the greatest ever equestrians, leading Great Britain to Gold Medal victory at the London 2012 Olympics. In these vibrant memoirs, he tells the incredible story of the passion for horse-riding which revolutionised his life and made him the champion he is today. Carl grew up on the remote Channel Island of Sark, moving to the UK mainland at the age of 16 to work with horses, mainly as a way to leave home. He could never have predicted what a great affinity he would have for dressage. Carl's career enjoyed a stratospheric rise as he progressed from working as a groom/rider to riding international dressage horses full time for renowned owners Dr and Mrs Bechtolsheimer, to training his own horses, and other top riders, to international success. Carl's early career revealed someone capable of monumental achievements. He provides a rare insight into both the people and the horses that drove him to victory, initially the skewbald mare Jolly Dolly on which he won the 1985 Young Riders Dressage Championship. During the early 1990s he rode in the World Championships, the European Championships and the 1992 Barcelona Olympics, becoming Great Britain's youngest ever rider to compete in the Games. His riding skills have increased with age, culminating in the hugely successful years as part of the Gold Medal teams that won the 2011 European Dressage Championships and, of course, that made history at London 2012. He achieved both feats on the same extraordinary horse, Utopia, while as a trainer he produced the even more remarkable combination of Charlotte Dujardin and Valegro. A first-class sportsman and a witty and engaging writer, Carl now offers his admirers the opportunity to read an intelligent, humorous and, above all, inspiring account of his life - from the ups and downs of his career to the motivations and techniques which have helped him to win 66 national titles, represent Team GB at four Olympic Games, two World Championships and seven European Championships, and become one of the best riders - and horsemen - in the world.

Making It HappenOrion

The instant #1 New York Times bestseller! “It’s the best memoir I’ve ever read.” —Oprah Winfrey “Will Smith isn’t holding back in his bravely inspiring new memoir . . . An ultimately heartwarming read. Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma.” —USA Today Winner of the NAACP Image Award for Outstanding Literary Achievement One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith’s transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it’s only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn’t see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn’t signed up for. It turned out Will Smith’s education wasn’t nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller The Subtle Art of Not Giving a F*ck, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world’s biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.

Biography & Autobiography, Grades 3-4

*REA’s MAXnotes for Alex Haley’s *The Autobiography of Malcolm X* MAXnotes offer a fresh look at masterpieces of literature, presented in a lively and interesting fashion. Written by literary experts who currently teach the subject, MAXnotes will enhance your understanding and enjoyment of the work. MAXnotes are designed to stimulate independent thought about the literary work by raising various issues and thought-provoking ideas and questions. MAXnotes cover the essentials of what one should know about each work, including an overall summary, character lists, an explanation and discussion of the plot, the work’s historical context, illustrations to convey the mood of the work, and a biography of the author. Each chapter is individually summarized and analyzed, and has study questions and answers. Amazon.com Review Malcolm X’s searing memoir belongs on the small shelf of great autobiographies. The reasons are many: the blistering honesty with which he recounts his transformation from a bitter, self-destructive petty criminal into an articulate political activist, the continued relevance of his militant analysis of white racism, and his emphasis on self-respect and self-help for African Americans. And there’s the vividness with which he depicts black popular culture—try as he might to criticize those lindy hops at Boston’s Roseland dance hall from the perspective of his Muslim faith, he can’t help but make them sound pretty wonderful. These are but a few examples. The Autobiography of Malcolm X limns an archetypal journey from ignorance and despair to knowledge and spiritual awakening. When Malcolm tells coauthor Alex Haley, “People don’t realize how a man’s whole life can be changed by one book,” he voices the central belief underpinning every attempt to set down a personal story as an example for others. Although many believe his ethic was directly opposed to Martin Luther King Jr.’s during the civil rights struggle of the ’60s, the two were not so different. Malcolm may have displayed a most un-Christian distaste for loving his enemies, but he understood with King that love of God and love of self are the necessary first steps on the road to freedom. --Wendy Smith Review Biography, published in 1965, of the American black militant religious leader and activist who was born Malcolm Little. Written by Alex Haley, who had conducted extensive audiotaped interviews with Malcolm X just before his assassination in 1965, the book gained renown as a classic work on black American experience. The Autobiography recounts the life of Malcolm X from his traumatic childhood plagued by racism to his years as a drug dealer and pimp, his conversion to the Black Muslim sect (Nation of Islam) while in prison for burglary, his subsequent years of militant activism, and the turn late in his life to more orthodox Islam. --The Merriam-Webster Encyclopedia of Literature*

#1 NEW YORK TIMES BESTSELLER • *Discover the life-changing memoir that has inspired millions of readers through the Academy Award®–winning actor’s unflinching honesty, unconventional wisdom, and lessons learned the hard way about living with greater satisfaction. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN* “McConaughy’s book invites us to grapple with the lessons of his life as he did—and to see that the point was never to win, but to understand.”—Mark Manson, author of *The Subtle Art of Not Giving a F*ck I’ve been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life’s challenges—how to get relative with the inevitable—you can enjoy a state of success I call “catching greenlights.” So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it’s medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot’s license, going to church without having to be born again, and laughing through the tears. It’s a love letter. To life. It’s also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.*

This story of The Author’s unconventional lifestyle gives valuable lessons to the many people who leave school and University with no plans for their careers, and are just content to be buffeted along life’s highways, waiting for the miracle which will never happen. For the many people who have probably wasted their time at school and University, it is never too late to take charge of their life by positive thinking. Henry Ford was 40 years old when he formed the Ford Motor Company . John Eaton was 26 years old when he decided to throw off the shackles of a comfortable and conventional career as a Design Engineer and ventured into the world of Show Business by opening up a closed down Dance hall. The newfound ecstasy of being in charge of his own destiny drove him on to success in other business ventures and a period on the fringes of The Political Scene where he came into contact with Members Of The Cabinet. In addition, the detailed descriptions of life during his childhood provide an intriguing insight into a way of life which has now become history and will fascinate readers who are accustomed to everyday use of Telephones, TVs, Computers and Motor Vehicles. The lessons learned by The Author about the complexities of human nature, as he navigated through The University Of Life, are well illustrated and invaluable to the reader who wants to "Make Life Happen" rather than let it wash over him. If this book can upgrade the chances of success in a career or improve the quality of life of a reader, then his work will not have been in vain.

Tracing the role of major African-American writers and thinkers over two hundred years, a group autobiography spotlights well-known and less famous contributors, including Richard Wright, James Weldon Johnson, James Baldwin, and Ida Wells Barnett. 12,500 first printing.

Bypassed medical and health technologies that are safer and more effective than those in current use in our medical system. Topics include therapeutic devices utilizing electricity, magnetism, color and sound frequencies. Also includes a description of the world's most powerful microscope which was built in the 1930s and then disappeared. Use of this microscope would change the direction of research and therapeutic approaches for all of

today's major health problems.

Autobiography is one of the most popular of written forms. From Casanova to Benjamin Franklin to the Kardashians, individuals throughout history have recorded their own lives and experiences. These personal writings are central to the work of literary critics, philosophers, historians and psychologists, who have found in autobiographies from across the centuries not only an understanding of the ways in which lives have been lived, but the most fundamental accounts of what it means to be a self in the world. In this Very Short Introduction Laura Marcus defines what we mean by 'autobiography', and considers its relationship with similar literary forms such as memoirs, journals, letters, diaries, and essays. Analysing the core themes in autobiographical writing, such as confession, conversion and testimony; romanticism and the journeying self; Marcus discusses the autobiographical consciousness (and the roles played by time, memory and identity), and considers the relationship between psychoanalysis and autobiography. Exploring the themes of self-portraiture and performance, Marcus also discusses the ways in which fiction and autobiography have shaped each other. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The stories we tell about ourselves are guided by cultural patterns and enduring elements. The current interest in mythology has made evident how the classic hero's journey represents a theme not only common to all the world's myths, but also our own lives today. The Gift of Stories offers a clear concise basis for understanding the nature and potential of sharing our stories. It provides specific, practical, instructional details for telling our own stories and gives the necessary guidelines for assisting others in telling their life stories. Its basic framework enables individuals with little experience to begin writing about the really important aspects of their lives and understanding how and why the universal elements of the stories we tell contribute to our continuing growth.

From Alfred to Zulu, Michael Caine has been Britain's best-loved actor for half a century. Now, for the first time, he reveals the truth behind his remarkable life. From his time as an evacuee during the Blitz to his front-line military service in the Korean War, from his early days as an assistant stagehand to becoming Peter O'Toole's understudy, from walk-on parts in local theatres to blowing the bloody doors off with his legendary roles in Zulu and The Italian Job, Caine's life was never simple or easy. Discussing his little-known childhood and family alongside his hard-fought journey from London to Hollywood, Caine writes with astonishing candour about the good years and the lean years, bringing his unique charm and humour to his anecdotes and memories of a sprawling movie-making career. If you worked in Hollywood in the last few decades, you've probably worked with Michael Caine – and his accounts of his relationships with other superstars, both on and offscreen, make this autobiography essential reading for any fan not just of Michael Caine, but of film in general.

Greenlights

Autobiography of William Crumley

A country music star who has had immense success at crossing over into pop music discusses both her personal and professional life.

"This is a novel in the guise of the tape-recorded recollections of a black woman who has lived 110 years, who has been both a slave and a witness to the black militancy of the 1960's. In this woman Ernest Gaines has created a legendary figure, a woman equipped to stand beside the world. And The Fury." Miss Jane Pittman, like Dilsey, has 'endured,' has seen almost everything and foretold the rest. Gaines' novel brings to mind other great works The Odyssey for the way his heroine's travels manage to summarize the American history of her race, and Huckleberry Finn for rare capacity to sort through the mess of years and things to find the one true story in it all." -- Geoffrey Wolff, Newsweek. "Stunning. I know of no black novel about the South that excludes quite the same refreshing mix of wit and wrath, imagination and indignation, misery and pathos. A memorable female character in Southern fiction since Lena of Faulkner's Light In August than Miss Jane Pittman." -- Josh Greenfeld, Life

Investigates the use of plays as a form of autobiography, looking at how the line between real-life and fiction can become blurred.

The year 2010 marked the 100th anniversary of Mark Twain's death. In celebration of this important milestone and in honor of the cherished tradition of publishing Mark Twain's works, UC Press published Autobiography of Mark Twain, Volume 1, the first of a projected three-volume uncensored autobiography. The book became an immediate bestseller and was hailed as the capstone of the life's work of America's favorite author. This Reader's Edition, a portable paperback in larger type, republishes the text of the hardcover Autobiography in a form that is convenient for reading and includes the editorial explanatory notes. It includes a brief introduction describing the evolution of Mark Twain's ideas about writing his autobiography, as well as a chronology of his life, brief family biographies, and an excerpt from the forthcoming Autobiography of Mark Twain, Volume 2—a humorous attack on Christian doctrine.

An Autobiography

New York Times bestselling author, superstar comedian, and Hollywood box office star Kevin Hart turns his immense talent to the written word by writing some words. Some of those words include: the, a, for, above, and even even. Put them together and you have a "hilarious but also heartfelt" (Elle) memoir on survival, success, and the importance of believing in yourself. The question you're probably asking yourself right now is: What does Kevin Hart have that a book also has? According to the three people who have seen Kevin Hart and a book in the same room, the answer is clear: A book is compact. Kevin Hart is compact. A book has a spine that holds it together. Kevin Hart has a spine that holds him together. A book has a beginning. Kevin Hart's life uniquely qualifies him to write this book by also having a beginning. It begins in North Philadelphia. He was born an accident, unwanted by his parents. His father was a drug addict who was in and out of jail. His brother was a crack dealer and petty thief. And his mother was overwhelmingly strict, beating him with belts, frying pans, and his own toys. The odds, in short, were stacked against our young hero. But Kevin Hart, like Ernest Hemingway, J.K. Rowling, and Chocolate Droppa before him, was able to defy the odds and turn it around. In his literary debut, he takes us on a journey through what his life was, what it is today, and how he's overcome each challenge to become the man he is today. And that man happens to be the biggest comedian in the world, with tours that sell out football stadiums and films that have collectively grossed over \$3.5 billion. He achieved this not just through hard work, determination, and talent. "Hart is an incredibly magnetic storyteller, on the page as he is onstage, and that's what shines through [in this] genial, entertaining guide to a life in comedy" (Kirkus Reviews).

In this absorbing collection of papers Aboriginal, Maori, Dalit and western scholars discuss and analyse the difficulties they have faced in writing Indigenous biographies and autobiographies. The issues range from balancing the demands of western and non-western scholarship, through writing about a family that refuses to acknowledge its identity, to considering a community demand not to write anything at all. The collection also presents some state-of-the-art issues in teaching Indigenous Studies based on auto/biography in Austria, Spain and Italy.

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of Furiously Happy. "Gaspingly funny and wonderfully inappropriate."—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent Let's Pretend This Never Happened, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

The Argentine scholar Noé Jitrik has long been one of the foremost literary critics in Latin America, noted not only for his groundbreaking scholarship but also for his wit. This volume is the first to make available in English a selection of his most influential writings. These sparkling translations of essays first published between 1969 and the late 1990s reveal the extraordinary scope of Jitrik's work, his sharp insights into the interrelations between history and literature, and his keen awareness of the specificities of Latin American literature and its relationship to European writing. Together they signal the variety of critical approaches and vocabularies Jitrik has embraced over the course of his long career, including French structuralist thought, psychoanalysis, semiotics, and Marxism. The Noé Jitrik Reader showcases Jitrik's reflections on marginality and the canon, exile and return, lack and excess, autobiography, Argentine nationalism, the state of literary criticism, the avant-garde, and the so-called Boom in Latin American literature. Among the writers whose work he analyzes in the essays collected here are Jorge Luis Borges, Esteban Echeverría, Domingo Faustino Sarmiento, José Martí, César Vallejo, José Bianco, Juan Carlos Onetti, José María Arguedas, Julio Cortázar, and Augusto Roa Bastos. The Noé Jitrik Reader offers English-language readers a unique opportunity to appreciate the rigor and thoughtfulness of one of Latin America's most informed and persuasive literary critics.

The Autobiography of Benjamin Franklin is the traditional name for the unfinished record of his own life written by Benjamin Franklin from 1771 to 1790; however, Franklin himself appears to have called the work his Memoirs. Although it had a tortuous publication history after Franklin's death, this work has become one of the most famous and influential examples of an autobiography ever written. Franklin's account of his life is divided into four parts, reflecting the different periods at which he wrote them. There are actual breaks in the narrative between the first three parts, but Part Three's narrative continues into Part Four without an authorial break (only an editorial one).

Mary Kay Ash, one of America's most dynamic businesswomen, lived her life with simple and timeless principles. Through her uncomplicated formula for success -- God first, family second and career third -- she achieved her dream. She inspired. She motivated. She cared. Mary Kay often said that if you expect great things, great things will happen. So expect results. Expect success. Miracles happen. Mary Kay Ash knew when she created her dream company that its success would largely depend on the principles upon which it was founded. In her wisdom, she realized that by building a solid foundation, and never wavering from it, she would distinguish her company and set the stage for women to succeed for decades to come. Mary Kay herself said, "The Company bears my name, but it has a life of its own. The true success is the lives that have changed for the better." Today, the independent sales force wholeheartedly embraces Mary Kay's vision of enriching women's lives. Because she believed that women would understand and support her mission, her legacy will continue to grow, inspiring generations of women around the world to believe that miracles happen.

The Autobiography of Malcolm X was intended to be a true autobiography, with the name of Alex Haley appearing not at all or as a ghost writer or as a mere contributor or assistant. However, with the assassination of Malcolm X having occurred in Harlem in New York City on February 21, 1965 just before this book could be published, it became necessary to reveal the important role of Alex Haley in creating this book.

Be sure to check out IRON AMBITION: My Life with Cus D'Amato by Mike Tyson "Raw, powerful and disturbing—a head-spinning take on Mr. Tyson's life."—Wall Street Journal Philosopher, Broadway headliner, fighter, felon—Mike Tyson has defied stereotypes, expectations, and a lot of conventional wisdom during his three decades in the public eye. Bullied as a boy in the toughest, poorest neighborhood in Brooklyn, Tyson grew up to become one of the most ferocious boxers of all time—and the youngest heavyweight champion ever. But his brilliance in the ring was often compromised by reckless behavior. Yet—even after hitting rock bottom—the man who once admitted being addicted “to everything” fought his way back, achieving triumphant success as an actor and newfound happiness and stability as a father and husband. Brutal, honest, raw, and often hilarious, Undisputed Truth is the singular journey of an inspiring American original.

The Autobiography

MAKING GOD REAL:being Half Poet, Horse Trader, Family and REAL

Create the Future You Want for Yourself and Others

Reflections on Truth, Self-Knowledge and Knowledge of Others

The Noé Jitrik Reader

Carol Tyler has been a professional (and highly acclaimed) cartoonist for over 20 years, appearing in such venues as Weirdo, Wimmen's Comix, and Drawn & Quarterly magazine. But over the years her status as a working mother has drastically curtailed her ability to set aside time for her cartooning. Thus each rare new story from her pen has been greeted with hurrhasas well they should be, because she's one of the most skillful, caustic, and emphatic cartoon storytellers of her generation. This new book presents the biggest, richest and most delightful collection of Tyler's work to date featuring many new and previously unpublished works. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 13.9px Arial; color: #424242}
