

Malachi Z York The Mind

Twice nominated for the Pulitzer Prize in poetry, Clifton extends her already formidable powers of revelation with these new poems. Her song springs almost spontaneously from her imagination to stitch surreality with concrete imagery drawn from temporal reality, revealing an essential mystery and wisdom from within.

A shockingly TRUE account of a woman living part of her teenage years and young adulthood as a Muslim wife and eventually became part of a "Harem" inside of one of the most influential underground cults in the United States. Assuming the pen name of Ruby Garnett at the request of her family, the author recounts the circumstances that led her to eventually be enticed by the religious extremist dogma of one of the most charismatic, influential underground cult leaders Black America has seen since the likes of Father Divine... Garnett has a candidly-intimate conversation with the reader about her state of mind from beginning to end. She wrote "Soul Sacrifice" for the children that came forward to let someone know about the sexual abuse they suffered at the hands of Nuwaubian cult leader Malachi York. Despite the threats, harassment and lack of support (from some of their own brainwashed parents), these brave survivors of abuse are the reason this story needs to be heard...

The M.A.R.E. Program. Memories. Advancing. Remaining. Energy

Gregory Dismukes was unknowingly born as a multi-dimensional star seed of the Elohim. Born with amnesia to his true identity, Gregory survives an assassination attempt on his life at the age of 17, he is re-animated back into the world as part of the Memories Advancing Remaining Energy (M.A.R.E.) Program, a "multi-dimensional violence defense system built with highly advanced extraterrestrial technology that activates the dormant DNA and the trilateral electrical system of the body, mind, and spirit." As he reaches "the prime age of 33," after learning of his physical death in a parallel universe, Gregory embarks on a journey where he uncovers a plot by the "Dark Ones to control the entire planet, and maybe even the Universe. Gregory's supernatural Capabilities became known to him by an Extreme telepathic experience with his highest self. He learned of his other selves in parallel realities and they all began to communicate. Nubu Solar Re, Gee Phezi Ali, and Darnell Diablo are a product of the death of Gregory Dismukes. This new 3 in 1, and 1 in 3 versions of himself is the accumulation of a 4 in 1 versions of reality simultaneously, By Way of the MARE program Night or day. Holographic in nature, they are everywhere they are, separate or together. On this mission one wants peace, one wants revenge, what the other one wants, you'll soon understand.

"The Ballot or the Bullet" is the title of a public speech by human rights activist Malcolm X. In the speech, which was delivered on April 3, 1964, at Cory Methodist Church in Cleveland, Ohio, Malcolm X advised African Americans to judiciously exercise their right to vote, but he cautioned that if the government continued to prevent African Americans from attaining full equality, it might be necessary for them to take up arms. It was ranked 7th in the top 100 American speeches of the 20th century by 137 leading scholars of American public address. "It's time for us to submerge our differences and realize that it is best for us to first see that we have the same problem, a common problem - a problem that will make you catch hell whether you're a Baptist, or a Methodist, or a Muslim, or a nationalist. Whether you're educated or illiterate, whether you live on the boulevard or in the alley, you're going to catch hell just like I am." Malcolm X

"In the dark, bewildering, trap-infested jungle of misinformation and opaque riddles that is the world of investment, JL Collins is the fatherly wizard on the side of the path, offering a simple map, warm words of encouragement and the tools to forge your way through with confidence. You'll never find a wiser advisor with a bigger heart." -- Malachi Rempen: Filmmaker, cartoonist, author and self-described ruffian This book grew out of a series of letters to my daughter concerning various things-mostly about money and investing-she was not yet quite ready to hear. Since money is the single most powerful tool we have for navigating this complex world we've created, understanding it is critical. "But Dad," she once said, "I know money is important. I just don't want to spend my life thinking about it." This was eye-opening. I love this stuff. But most people have better things to do with their precious time. Bridges to build, diseases to cure, treaties to negotiate, mountains to climb, technologies to create, children to teach, businesses to run. Unfortunately, benign neglect of things financial leaves you open to the charlatans of the financial world. The people who make investing endlessly complex, because if it can be made complex it becomes more profitable for them, more expensive for us, and we are forced into their waiting arms. Here's an important truth: Complex investments exist only to profit those who create and sell them. Not only are they more costly to the investor, they are less effective. The simple approach I created for her and present now to you is not only easy to understand and implement, it is more powerful than any other. Together we'll explore: Debt: Why you must avoid it and what to do if you have it. The importance of having F-you Money. How to think about money, and the unique way understanding this is key to building your wealth. Where traditional investing advice goes wrong and what actually works. What the stock market really is and how it really works. Why the stock market always goes up and why most people still lose money investing in it. How to invest in a raging bull, or bear, market. Specific investments to implement these strategies. The Wealth Building and Wealth Preservation phases of your investing life and why they are not always tied to your age. How your asset allocation is tied to those phases and how to choose it. How to simplify the sometimes confusing world of 401(k), 403(b), TSP, IRA and Roth accounts. TRFs (Target Retirement Funds), HSAs (Health Savings Accounts) and RMDs (Required Minimum Distributions). What investment firm to use and why the one I recommend is so far superior to the competition. Why you should be very cautious when engaging an investment advisor and whether you need to at all. Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heroes, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

This book examines the contemporary operational and theoretical parameters of Pan-Africanism and black nationalism in the post-civil rights era. It uses the Nuwaubian movement as a case study to explore this essential strand in African Diasporan history, culture, and tradition. The author argues that the Nuwaubian Nation, like their contemporaries such as the Nation of Islam, represents contemporary efforts of African descendants to dialectically and culturally fight oppression. He argues that unlike the classical Back to Africa movements, the contemporary ones do not seek to primarily relocate to Africa, but to go to Africa culturally and bring back Africa to the diaspora. This effort can be seen in the Nuwaubian attempts at unearthing and importing classical African traditions, mores, and values in their in their various communities across the United States, especially in Eatonton, Georgia. Their aim was to chart an identity for their adherents and inspire racial pride for people of African descent.

The Sik Life is a storyline based on actual events in my journey through space and time. This depiction of my "alternate reality" was designed to inspire, uplift, and enlighten. This is a testimonial of the utilization of pure mind power and having the knowledge to tap into that vast reservoir of creative and agreeable energy for higher pursuits in life. Through pure mind power I was able to discover hidden truths about self and persevered seemingly insurmountable odds. I was determined to discover my "true self". I woke up one morning quit my job, abandoned my plush suburban apartment, gave my "hot rod" to my younger brother, then proceeded to surrender my sanity and all that I believed in and began traveling a never ending journey of self-discovery. A lot of time and uncompromising effort was put into completing this portion of The Sik Life saga. The idea for this actually began ten years ago while I was incarcerated at the Tri-County Jail in Mechanicsburg, Oh. I would often entertain and enchant fellow inmates with vivid anecdotes, and articulate with unparallel compassion, wild and bizarre life stories. Many were more intrigued by my way of life which at that time was Factology/Nuwaubu taught by the man of our day and time, the master-teacher, Dr. Malachi Z. York, who is currently incarcerated under false pretenses ("Free Dr. York"). I would entertain these cats for hours. Some stories were so entertaining that I would often be compensated to reiterate certain ones.

Nuwaubian Pan-Africanism

Abby explains the Tree of Life metaphysical teachings, disciplines, and techniques from the hieroglyphic texts.

This book is discussing patterns of radical religions thought in popular forms of Black music. The consistent influence of the Five Percent Nation on Rap music as one of the most esoteric groups among the manifold Black Muslim movements has already gained scholarly attention. However, it shares more than a strong pattern of reversed racism with the Bobo Shanti Order, the most rigid branch of the Rastafarian faith, globally popularized by Dancehall-Reggae artists like Sizzla or Capleton. Authentic devotion or calculated marketing? Apart from providing a possible answer to this question, the historical shift of Bobo adherents from shunned extremists to firmly anchored personifications of authenticity in mainstream Rastafarian culture is being emphasized. A multi-layered comparative case study attempts to shed light on the re-contextualization of language as well as expressed dogmatic perceptions and symbolism, attitude towards other religious groups and aspects of ethnic discrimination. Further analysis includes the visibility of artists and their references to historical and moral issues directly derived from two obscure ideologies that managed to conquer airwaves and concert halls.

Biographical Rebuttal to People Magazine

While scholars, media, and the public may be aware of a few extraordinary government raids on religious communities, such as the U.S. federal raid on the Branch Davidians in 1993, very few people are aware of the scope of these raids or the frequency with which they occur. Inspired by the Texas State raid on the Fundamentalist Church of Latter-day Saints in 2008, authors Stuart A. Wright and Susan J. Palmer decided to collect data on all the raids of this kind that have taken place in Western-style democracies over the last six decades. They thus established the first archive of raided groups and then used it see if any patterns could be identified. Their findings were shocking; there were far more raids than expected, and the vast majority of them had occurred since 1990, reflecting a nearly exponential

increase. What could account for this sudden and dramatic increase in state control of minority religions? In Storming Zion, Wright and Palmer argue that the increased use of these high-risk and extreme types of enforcement corresponds to expanded organization and initiatives by opponents of unconventional religions. Anti-cult organizations provide strategic "frames" that define potential conflicts or problems in a given community as inherently dangerous, and construct narratives that draw on stereotypes of child and sexual abuse, brainwashing, and even mass suicide. The targeted group is made to appear more dangerous than it is, resulting in an overreaction by authorities. Wright and Palmer explore the implications of heightened state repression and control of minority religions in an increasingly multicultural, globalized world. At a time of rapidly shifting demographics within Western societies this book cautions against state control of marginalized groups and offers insight into the reasons why the responses to these groups are often so reactionary.

The Ansaru Allah Community, also known as the Nubian Islamic Hebrews (AAC/NIH) and later the Nuwaubians, is a deeply significant and controversial African American Muslim movement. Founded in Brooklyn in the 1960s, it spread through the prolific production and dissemination of literature and lecture tapes and became famous for continuously reinventing its belief system. In this book, Michael Muhammad Knight studies the development of AAC/NIH discourse over a period of thirty years, tracing a surprising consistency behind a facade of serial reinvention. It is popularly believed that the AAC/NIH community abandoned Islam for Black Israelite religion, UFO religion, and Egyptosophy. However, Knight sees coherence in AAC/NIH media, explaining how, in reality, the community taught that the Prophet Muhammad was a Hebrew who adhered to Israelite law. Muhammad's heavenly ascension took place on a spaceship; and Abraham enlisted the help of a pharaonic regime to genetically engineer pigs as food for white people. Against narratives that treat the AAC/NIH community as a postmodernist deconstruction of religious categories, Knight demonstrates that AAC/NIH discourse is most productively framed within a broader African American metaphysical history in which boundaries between traditions remain quite permeable. Unexpected and engrossing, Metaphysical Africa brings to light points of intersection between communities and traditions often regarded as separate and distinct. In doing so, it helps move the field of religious studies beyond conventional categories of "orthodoxy" and "heterodoxy," challenging

assumptions that inform not only the study of this particular religious community but also the field at large.

A True Story of Unprecedented Evil

Back to Our Root

The untold story of the heretical thinkers who dared to question the nature of our quantum universe Every physicist agrees quantum mechanics is among humanity's finest scientific achievements. But ask what it means, and the result will be a brawl. For a century, most physicists have followed Niels Bohr's Copenhagen interpretation and dismissed questions about the reality underlying quantum physics as meaningless. A mishmash of solipsism and poor reasoning, Copenhagen endured, as Bohr's students vigorously protected his legacy, and the physics community favored practical experiments over philosophical arguments. As a result, questioning the status quo long meant professional ruin. And yet, from the 1920s to today, physicists like John Bell, David Bohm, and Hugh Everett persisted in seeking the true meaning of quantum mechanics. What Is Real? is the gripping story of this battle of ideas and the courageous scientists who dared to stand up for truth.
