Essentials of
Organisational
Behaviour*

Taking a managerial
approach and
demonstrating the
application of
behavioural science
within the

Read Online Management And Organisational

workplace, this text focuses on the essential topics of organisational behaviour. The Essentials text is a new concise version of the long established market leader Management & Organisational Behaviour which has set standards in

Read Online Management And Organisational

pedagogy and authorship that few texts have matched.

The accessibility of writing style and clarity of presentation makes unfamiliar theory relevant, easily understood and logically applied to the world of work. In 12 chapters, the

Read Online Management And Organisational

Essentials version focuses on the core topics of the discipline in a recognisable sequence, starting from the level of individual, though to the group, and finally the organisation.

This text encourages

Behaviour Laurie

and develop their critical thinking. A new title to reflect the focus on organisational behaviour and written specifically for undergraduate first year students. There is a strong movement today in management to encourage

Read Online Management And Organisational

management
practices based on
research evidence.

In the first volume of
this handbook, I
asked experts in 39
areas of
management to
identify a central
principle that
summarized and
integrated the core
findings from their

Read Online Management And Organisational

specialty area and then to explain this principle and give real business examples of the principle in action. I asked them to write in non-technical terms, e.g., without a lot of statistics, and almost all did so. The previous handbook proved to

Read Online Management And Organisational

Behaviour Laurie
J
be quite popular, so I was asked to edit a second edition. This new edition has been expanded to 33 topics, and there are some new authors for the previously included topics. The new edition also includes: updated case examples,

Read Online Management And Organisational

updated references
and practical

exercises at the end

of each chapter. It

also includes a

preface on evidence-
based management.

The principles for

the first edition were

intended to be

relatively timeless,

so it is no surprise

that most of the

Read Online Management And Organisational

principles are the same (though some chapter titles include more than one principle). This book could serve as a textbook in advanced undergraduate and in MBA courses. It could also be of use to practicing managers and not

Read Online
Management And
Organisational
Behaviour Laurie
Resource

departments. Every practicing manager may not want to read the whole book, but I am willing to guarantee that every one will find at least one or more chapters that will be practically useful. In this time
