The sixth volume of the personal correspondences of British literary giant T. S. Eliot. The letters of T. S. Eliot collected in this sixth volume were written during the years the Nobel Prize–winning poet, playwright, critic, and essayist called, "the happiest I can ever remember in my life." Penned in large part during his tour of Depression Era America, these letters reflect Eliot's resolve to end his torturous eighteen-year marriage to his wife, Vivienne, and offer fascinating descriptions of the author's encounters with F. Scott Fitzgerald, Edmund Wilson, Marianne Moore, and other notable figures.

"...vivid and enchanting... [You and Me, Always] can be enjoyed on a rainy afternoon with a pot of tea and some scones." — Kirkus International bestseller Jill Mansell crafts a deliciously romantic story about love, loss and secrets that just can't be kept Nothing stays secret forever, least of all love... On the morning of her twenty-fifth birthday, Lily Harper opens the very last letter written to her by her beloved mother, who died when she was eight. Learning about the first and only real love of her mom's life is a revelation. The same momentous day, Lily meets Eddie Tessler, an actor fleeing fame who could change her world in unimaginable ways. But her childhood friend Dan has his own reasons for not wanting Lily to get too carried away by Eddie's attentions. As secrets past and present begin to emerge, Lily's not sure what-or who-to believe. But one thing is clear: in the beautiful Cotswold village of Stanton Langley, nothing will ever be the same again... Praise for Making Your Mind Up: "Mansell's gentle humor and enormous heart always ensure a treat for her readers." -RT Book Reviews, 4 stars

It's Romeo and Juliet all over again... As a teen, Maddy Harvey was a bit of an ugly duckling. Luckily she's blossomed since then, and Maddy thanks God for this small miracle when a tall, handsome stranger comes to her rescue one starry summer's night. Instant attraction turns to disaster-in-the-making when Maddy learns the identity of her superhero: Kerr McKinnon. Of all the colorful residents of the small Cotswold town of Ashcombe, why did it have to be him? Romance as family feud as the Montagues and the Capulets have nothing on the Harveys and the McKinnons. Johnny LaVenture, sculptor extraordinaire and her personal childhood nemesis, is back in Channing's Hill and tormenting her as if he'd never been away. Meanwhile Cleo's sister Abbie has a problem of her own-husband Tom has become distant and withdrawn, and she's determined to find out why. But will the shocking truth mean the end of their idyllically happy marriage? Indigenous dispossession, a cruel penal history, gay-rights battles; exceptional landscapes, unusual wildlife, environmental activism; colonial architecture, arts and crafts, a thriving creative scene—all are part of the story of Tasmania. And they find their expression in the unparalleled collection of Hobart's TMAG. In Island Story, Ralph Crane and Danielle Wood select almost sixty representative TMAG objects: from shell necklaces to a convict cowl, colonial scrimshaw to a thyllacine pincushion, contemporary photography to a film star's travelling case. Each is matched to texts old and new, by writers as diverse as Anthony Trollope, Marie Bjelke-Petersen, Helene Grung, Jim Everett, Heather Rose and Ben Walter. This is the perfect gift for anyone interested in the island everyone is talking about. Ralph Crane is the author or editor of more than twenty academic books. Age on Deep South "The collection is strong...The editors pull no punches." Sun-Herald on Deep South "Offers readers a glimpse into the imagery and symbolism that has come to shape how outsiders perceive the island." Australian on Deep South

Artificial intelligence-enabled digital platforms collect and process data in bulk and about users. These companies are largely self-regulating in Western countries. How do economic theories explain the rise of a very few dominant platforms? Mansell and Steinmueller compare and contrast neoclassical, institutional and critical political economy explanations. They show how these perspectives can lead to contrasting claims about platform benefits and harms. Uneven power relationships between platform operators and their users are treated differently in these economic traditions. Sometimes leading to advocacy for regulation or for public provision of digital services. Sometimes indicating restraint and precaution. The authors challenge the reader to think beyond the inevitability of platform dominance to create new visions of how platforms might operate in the future.

In whose interests should a corporation be run? Over the last thirty years the field of "stakeholder theory" has proposed a distinctive answer: a corporation should be run in the interests of all its primary stakeholders - including employees, customers, suppliers and financiers - without contradicting the ethical principles on which capitalism stands. This book offers a critique of this central claim. It argues that by applying the political concept of a "social contract" to the corporation, stakeholder theory in fact undermines the principles on which a market economy is based. The argument builds upon an extensive review of the stakeholder literature and an analysis of its philosophical foundations, particularly concerning the social contract tradition of John Rawls and his predecessors. The book concludes by offering a qualified version of Milton Friedman's shareholder theory as a more justifiable account of the purpose of a corporation.

Prior to the outbreak of the Pacific War, Guam was a paradise for US military and civilian employees stationed on the island. Shortly after the attack on Pearl Harbor, however, the Japanese invaded the tiny island, captured the Americans, and shipped them to Japan. Drawing on interviews with survivors, diaries, and archival records, the author documents the mostly unknown story of these American POWs. The men endured horrific hardships, many of which are chronicled in this book for the first time. Also included are moving stories of their liberation, transportation home, and the aftermath of their ordeal.
