NEW YORK TIMES BESTSELLER • The superbly researched, spellbindingly told story of athlete, showman, philosopher, and boundary breaker Leroy “ Satchel ” Paige “ Among the rare biographies of an athlete that transcend sports . . . gives us the man as well as the myth. ” —The Boston Globe Few reliable records or news reports survive about players in the Negro Leagues. Through dogged detective work, award-winning author and journalist Larry Tye has tracked down the truth about this majestic and enigmatic pitcher, interviewing more than two hundred Negro Leaguers and Major Leaguers, talking to family and friends who had never told their stories before, and retracing Paige ’ s steps across the continent. Here is the stirring account of the child born to an Alabama washerwoman with twelve young mouths to feed, the boy who earned the nickname “ Satchel ” from his enterprising work as a railroad porter, the young man who took up baseball on the streets and in reform school, inventing his trademark hesitation pitch while throwing bricks at rival gang members. Tye shows Paige barnstorming across America and growing into the superstar hurler of the Negro Leagues, a marvel who set records so eye-popping they seemed like misprints, spent as much money as he made, and left tickets for “ Mrs. Paige ” that were picked up by a different woman at each game. In unprecedented detail, Tye reveals how Paige, hurt and angry when Jackie Robinson beat him to the Majors, emerged at the age of forty-two to help propel the Cleveland Indians to the World Series. He threw his last pitch from a big-league mound at an improbable fifty-nine. (“ Age is a case of mind over matter, ” he said. “ If you don ’ t mind, it don ’ t matter. ”) More than a fascinating account of a baseball odyssey, Satchel rewrites our history of the integration of the sport, with Satchel Paige in a starring role. This is a powerful portrait of an American hero who employed a shuffling stereotype to disarm critics and racists, floated comical legends about himself – including about his own age – to deflect inquiry and remain elusive, and in the process methodically built his own myth. “ Don ’ t look back, ” he famously said. “ Something might be gaining on you. ” Separating the truth from the legend, Satchel is a remarkable accomplishment, as large as this larger-than-life man.

In this breathtaking debut novel by Felix Gilman, one man embarks on a thrilling and treacherous quest for his people's lost god—in an elaborate Dickensian city that is either blessed ...or haunted. Arjun arrives in Ararat just as a magnificent winged creature swoops and sails over the city. For it is the day of the return of that long-awaited, unpredictable mystical creature: the great Bird. But does it come for good or ill? And in the service of what god? Whatever its purpose, for one inhabitant the Bird sparks a long-dormant idea: to map the mapless city and liberate its masses with the power of knowledge. As the creature soars across the land, shifting topography, changing the course of the river, and redrawing the territories of the city's avian life, crowds cheer and guns salute in a mix of science and worship. Then comes the time for the Bird's power to be trapped—within the hull of a floating warship called Thunderer, an astounding and unprecedented weapon. The ship is now a living temple to the Bird, a gift to be used, allegedly, in the interests of all of Ararat. Hurlled into this convulsing world is Arjun, an innocent who will unwittingly unleash a dark power beyond his imagining—and become entangled in a dangerous underground movement that will forever transform Ararat. As havoc overtakes the streets, Arjun dares to test the city's moving boundaries. In this city of gods, he has come to search among them, not to hide. A tour de force of the imagination, and a brilliant tale of rebellion, Thunderer heralds the arrival of a truly gifted fantasy writer who has created a tale as rich, wondrous, and captivating as the world in which it is set.
