*Mark Brandon Read
Paperback Book*

An underworld executioner and notorious criminal, Read—also known as Chopper—vowed never to return to prison after his first release. He became a bizarre celebrity as his autobiography, *Chopper*, became a bestseller. Six months later he was back in jail writing this second installment of his violent exploits.

Speaking at a 1913 National Geographic Society gala, Hiram Bingham III, the American explorer celebrated for finding the "lost city" of the Andes two

Read Free Mark Brandon Read Paperback Book

years earlier, suggested that Machu Picchu "is an awful name, but it is well worth remembering." Millions of travelers have since followed Bingham's advice. When Bingham first encountered Machu Picchu, the site was an obscure ruin. Now designated a UNESCO World Heritage Site, Machu Picchu is the focus of Peru's tourism economy. Mark Rice's history of Machu Picchu in the twentieth century—from its "discovery" to today's travel boom—reveals how Machu Picchu was transformed into both a global travel destination and a powerful symbol of the Peruvian nation.

Rice shows how the growth of tourism at Machu Picchu swayed Peruvian leaders to celebrate Andean culture as compatible with their vision of a modernizing nation. Encompassing debates about nationalism, Indigenous peoples' experiences, and cultural policy—as well as development and globalization—the book explores the contradictions and ironies of Machu Picchu's transformation. On a broader level, it calls attention to the importance of tourism in the creation of national identity in Peru and Latin America as a whole.

weak. Morale is low. And when crew members start disappearing one by one, what at first seems like a random string of suicides soon reveals something far more sinister: There's a serial killer on board. Suspicion falls on Finn, the newcomer to the ship. After all, he's being sent home in disgrace, recalled from the field under the dark cloud of a mission gone horribly wrong. He's also a lone wolf, haunted by gaps in his memory and the elusive sense that something he missed may have contributed to civilian deaths on his last assignment. Finding the killer offers a chance at redemption . . . if he can stay alive

Chopper 6

Swords of Lightning

In this tender-hearted debut, set against the tumultuous backdrop of life in 1973, when homosexuality is still considered a mental illness, two boys defy all the odds and fall in love.

The year is 1973. The Watergate hearings are in full swing. The Vietnam War is still raging. And

homosexuality is still officially considered a mental illness. In the midst of these trying times is sixteen-year-old Jonathan Collins, a bullied, anxious, asthmatic kid, who aside from an alcoholic father and
