Tyrus of Kenatos has made it his life's work to banish the plagues that ravage the kingdoms. He believes the answer to ending the devastation lies in the Scourgelands. Yet, Tyrus's first expedition into the cursed woods failed after being defeated by mysterious minions who stalked and killed most of his band. Now a prisoner in his own tower, Tyrus has summoned his nephew Annon--a Druidecht possessing innate magic called the fireblood--on the guise of finding a hidden treasure with which to purchase his twin sister Hettie's freedom. But in reality, Tyrus is using his niece and nephew, and their magic, as an opportunity to escape and resume his desperate mission. And to aid them, he has enlisted the warrior-monk Paedrin--who is almost as green as the siblings when it comes to traveling these troubled lands. The trio is determined, and along the way they grow to trust each other--and new additions to the group--in order to accomplish their missions...whether or not those missions are one and the same. But the Arch-Rike--ruthless ruler of Kenatos--has learned of these plans, and has sent the fearsome Kishion to destroy all those that oppose him. Now Tyrus and his unwitting allies must face down not only the plague, but this new enemy--and fulfill their quest before a fresh horror is unleashed on the world....

Neither girl feels that she belongs. Each seeks to break free of imposed rules. But both girls will be needed for the coming storm that threatens to overturn both their worlds.

Wall Street Journal bestselling author Jeff Wheeler continues his wondrous Harbinger series in which two young women unite as two worlds approach the brink of war... Though relations between Princess Seraphin Fitzempress and her father have been strained, Sera's royal position has remained unchallenged. An education in the enigmatic magic is a necessary one, should Sera plan to rise in her station and invoke her powers during war. But the emperor's death now leaves both Sera and her ambitious father eligible for the throne--a contest the prince regent intends to win. Even if it means an alliance with a rival empire. Sera's hope lies in Cettie, a waif raised in the world below, whose life has intertwined with Sera's in the most unexpected ways. The Mysteries come easily to Cettie, and her studies have begun to yield new insight into her growing powers. But those same powers put Cettie in the path of those who would destroy her. Now as the threat of war ignites and an insidious sickness spreads throughout the kingdom, Sera and Cettie will need to gather their courage and fight for each other's lives...and for the future of their endangered world.

Five years ago, bioengineer Peter Bernhardt spearheaded an innovation in nanotechnology that changed the course of evolution. Until everything was taken from him--his research, the people he loved, and finally his life. Uploaded as an artificial intelligence, Peter is alive again thanks to a critical reactivation by fellow AI Carter Potsdam. But a third sentient computer program, Major Tom, is tearing the United States apart, destroying its leaders and its cities. Major Tom's mission: rebuild a new America from the ruins and reign as uncontested monarch. Carter knows that only a revolutionary like Peter can reverse the damage to a country set on fire. Caught in a virtual world between an alleged ally and an enemy, pieces of Peter's former self remain: the need for vengeance, empathy for the subjugated people of a derelict world, and doubt in everything he's been led to believe. To rescue what's left, he'll need to once again advance the notion of evolution and to expand the meaning of being human--by saving humanity.

A Girl from Nowhere

The Lore of the Evermen

Before the Broken Star

The End of Enlightenment

A debut historical fantasy that recasts Jane Austen's beloved *Pride & Prejudice* in an imaginative world of wyverns, dragons, and the warriors who fight alongside them against the monsters that threaten the kingdom: gryphons, direwolves, lamias, banshees, and lindworms. They say a Rider in possession of a good blade must be in want of a monster to slay—and Merybourne Manor has plenty of monsters. Passionate, headstrong Aliza Bentaine knows this all too well; she's already lost one sister to the invading gryphons. So when Lord Merybourne hires a band of Riders to hunt down the horde, Aliza is relieved her home will soon be safe again. Her relief is short-lived. With the arrival of the haughty and handsome dragonrider, Alastair Daired, Aliza expects a battle; what she doesn't expect is a romantic clash of wills, pitting words and wit against the pride of an ancient house. Nor does she anticipate the mystery that follows them from Merybourne Manor, its roots running deep as the foundations of the kingdom itself, where something old and

dreadful slumbers . . . something far more sinister than gryphons. It's a war Aliza is ill-prepared to wage, on a battlefield she's never known before: one spanning kingdoms, class lines, and the curious nature of her own heart. Elle Katharine White infuses elements of Austen's beloved novel with her own brand of magic, crafting a modern epic fantasy that conjures a familiar yet wondrously unique new world.

For Carreth Y'gethin, a legendary warrior and powerful Stonemage, the war against Nagash is merely a distraction from the Lumineth's true purpose - to hone their spiritual equilibrium and prevent their realm falling back into the madness that once plagued it. But when Carreth's sister is horrifically killed fighting the undead, he finds himself inexorably drawn back into the struggle. As the Ossiarch Bonereapers invade Hysh, Carreth is charged by Teclis himself to defeat one of Nagash's most dangerous generals, who is destined to destroy the Light of Eltharion, the Lumineth's greatest champion. The Stonemage must conquer the warring emotions within and slay this champion of Death, lest the light of Hysh fade from the Mortal Realms forever...
