The Blue Book of Grammar and Punctuation

A Dictionary of the English Language

I believe in keeping things simple whenever possible, so I'm going to keep this introduction short, so you can focus on the important things. This master plan is simple. Follow it, and you will increase your speaking band score. In this book, you have the tools you need to increase your speaking score to 8.5 by improving your vocabulary, grammar and coherence. I have not included pronunciation guides in the book, as I know that pronunciation comes from hearing English, absorbing the sounds and then practising them. No book can provide this for you unfortunately, and any books that promise to do this are not telling you the truth. The IELTS speaking test is exactly the same for both IELTS Academic and for IELTS general. It lasts for 11 to 14 minutes and consists of three parts. Part one of the IELTS speaking test is basically an introduction for you as the candidate and for the examiner. It gives you both an opportunity to get comfortable and gives the examiner an initial general idea of your level of English. There's no need to feel nervous here. I know that it's very difficult not to feel a little bit nervous but try to think of this as a friendly informal chat with a friend or an acquaintance. The examiner wants you to succeed in the IELTS test, and if you can show your personality and feel relaxed enough to show the examiner your level of English you will succeed.

This excellent self-study book for intense IELTS preparation in a few weeks is designed to help students achieve their best personal score. All the tips, techniques, strategies and advice are focused on maximizing students' score by increasing their task-solving speed and efficiency, and preventing typical mistakes. 'Target Band 7' is loved by teachers as well as students.

Discover everything you'll need to know in order to write well for the IELTS test, whether you are planning to take the Academic or the General Training version. IELTS Writing will help test takers learn several essential skills, including: Task Achievement: follow a three-step model to plan, write, and revise your essays Coherence and Cohesion: practice organizing your writing and connecting ideas Lexical Resource: build your vocabulary and use it correctly Grammatical Range and Accuracy: review rules and practice applying them to your writing Each section leads you step-by-step through the process of writing an essay in response to a particular task. Learn how to apply what you've learned to the types of questions you'll have to respond to on the test and how to complete your responses within the time limits, and more. An Appendix includes a selection of essays written in response to IELTS writing tasks.

IELTS (GENERAL TRAINING) WRITING MODULE'S ESSENTIAL TIPS AND STRATEGIES TO GET 7+ is divided into two parts. In the first part, essential tips and strategies are explained to write three different letters, and

in the second part, how different types of essays are to be planned and written, is described in detail. In both the sections, what the examiners expect from the writing tasks and solved examples are presented for the reference of students. When you are preparing for your IELTS (GENERAL TRAINING) writing module or any other English exam in which your communication skills are tested, you know how difficult it is to score well in these exams. This IELTS (GENERAL TRAINING) writing strategies and target 7+ preparation material is not like any other traditional resource. It has been prepared after observing the issues and the concerns of the common students.
