

Mated To The Storm Dragon Elemental Mates Book 1

She tried to steal his gold. He stole her heart. Elyn Pearson never expected to fall for her captor. After a botched theft leaves her in debt to a mob boss, she takes on a new assignment, only for the gargantuan hunk of a guard to grab her before she's even picked the lock. Now he's bringing her food and saying he's going to bust her out. A lifetime of living among habitual backstabbers tells Elyn to expect more of the same, but her heart has other ideas. For Vlad Teres, the human woman might just be the salvation this dragon shifter is looking for. A black mark on his past has driven him from his hometown, but he never intended to fall in with a bunch of evil shifters. Once he hears what they intend to do to Elyn, Vlad knows he must act, and act soon. Something deep within him feels compelled to protect this beautiful human. There's only one hitch in his plan: his best friend, another shifter who isn't so eager to leave this new life behind. Vlad takes Elyn to the one place he knows they'll be safe, and the last place he wants to go back to: Five Peaks. There he figures they'll be safe from his enemies. Spending so much time with the thief has unintended consequences though, and before either of them realize it, they've become more than just captor and prisoner. But if their fated bond is to last forever, they will have to put aside their fears and work together to stop his past from destroying everything. Jotham was one of the oldest of the paranormal world, and a dragon shifter. He had been one of the attending Councilmen for the mating Games, since its creations. It is a time, for most, to come and have some fun, play some games, and hopefully find their mate. However, for Jotham, it was the time of his worst nightmare. Someone had taken his daughter over a hundred years ago. Discovering that Councilman Troy, his supposed friend, was behind his daughter's disappearance was something Jotham had a hard time dealing with. When he was first approached about the sinister actions of his fellow councilman, Jotham had not believed the men's accusations. Then Ricky, Ian, Joop, their mates, and family proved their words were true. Discovering his daughter had died was heartbreaking, but then he saw a picture in a file and knew the little girl looking back at him could only be one person...his granddaughter. Ricky and Ian convinced him that maybe one of the victims might be able to help them find the other captives. That is how he met his destiny.... his Q... his mate. Q had never helped him live outside the labs and captivity. So many people and no ability to communicate was terrifying. Then he saw the most beautiful sight in the world. His koala wanted to pounce and claim the man...but then he found out Jotham was a man of power and that type of person had only brought him fear and pain. Can Q push past his fear and help his mate find his granddaughter and others still being imprisoned? Can Q push his fear even harder aside and allow his dragon mate to claim him? Or will all be lost forever?

Claiming a dragon is as easy as a single touch, but claiming his heart is another matter entirely. The tribes have been dying beneath the desert sun for as long as they can remember. With fewer and fewer males birthed, there is little hope of survival. Humanity is doomed. The yearly blooming is a season of fertility and new life-and the time when the males choose new brides. But Elyia has no desire to become another wife amongst many to a spoiled man. She longs for more. She longs for love. When the Red Star appears in the sky on the night she is to be chosen, Elyia knows it is her chance to make her own choice. She ventures out beneath the blood moon to prove the old legends true-to claim a dragon as her mate. But even if Elle can forge the legendary bond with her dragon, can she win the most important prize of all? Can she conquer the dragon's heart? --- VENVY NEEDED MEN To Touch a Dragon by Naomi Lucas To Desire a Dragon by Amanda Milo To Tame a Dragon by Tiffany Roberts To Seduce a Dragon by Poppy Rhys I never should have let Stoph drag me to that Psychic Fair. Metaphysical nonsense doesn't suit me. Seattle doesn't suit me, and I think I might be allergic to patchouli. I'm definitely allergic to car accidents, to giant elk falling from the sky, and most importantly, to the huge, blue dragon that's attached its obnoxious tail to my navel. Just try having a smart-ass dragon nattering in your brain twenty-four-seven. Better yet, don't try it. I recommend skipping the entire, batshit crazy, ordeal. Avoid black cats. Don't get that Reiki treatment, and definitely don't wake up alone, surrounded by other dragons who know way more than you do about what the hell is going on. I can handle it, though. I got this covered. Just as soon as I figure out how to get away from the urban highlander who thinks I'm his mate. Just as soon as I work out how to detach... I wouldn't recommend that. You see what I mean? Crazy. Now I have to escape, to convince the nutty dragon clan that I am not their leader, and to come up with some way to get rid of... You could try exorcism? I get the feeling this isn't going to be easy.

Storm Dragon

Dragon Shield: Guardians of Chaos

Mayah, princess of the Draken House of Al-Maddehir, has been haunted by ghosts for years. Visions, dreams, and nightmares—ghosts reaching out to her, begging her to save them. But how do you save people who are already dead? Tristan Barnes is supposed to be Mayah's healer, reaching into her mind with his white wolf powers to fix the damage, slay the ghosts, and coax her lost dragon back out into the world. It's bad enough that he's lost his professional distance and fallen head over paws for his sexy, feisty patient. Even worse, being near Mayah is opening up old wounds. His hard-won sanity and stability are slipping away, and the ghosts of his own past are coming back to haunt him—literally. But what will happen when they find out they're seeing the same ghosts—and that they aren't really ghosts at all? Tristan and Mayah will have to break all the rules, and face their own fears, to finally save the ghosts—and each other. Their love will span the ages...and two very different worlds. Caught in a magical storm and deposited in modern-day Oregon, twin dragon princes Darius and Connor are looking for a way home. Instead, they find something most unexpected—their mate. When Josie patches up the injured man on her doorstep, her snowcat instincts tell her he's much more than a man. And so is his brother. She also knows her dragon lovers cannot fly free in the modern world. The only way to return them to their rightful place is to face the failures of her past, and leave the safety of her forest cabin to seek her estranged grandfather's counsel. She learns the painful truth: returning Darius and Connor to where they belong could mean giving up everything. Even her only chance for true love. But fate has other plans for the trio. Magic swirls all around them. Whether it is for good or ill, only time will tell... Note: Contains a fiery hot mate/s a trois, a wild cat-woman and two highly dragon studs in black leather. *Ky the Searcher wants nothing more than to save his dying clan. Women are few and far between for the Dragons of Zambia. With so few females born, it is now time to search for suitable mates amongst the covens of the planet. Ky and his ranger brothers have been dispersed to the four corners of the planet, tasked to find women both honorable and worthy to be dragons' mates. But, at the first village, he finds a diamond in rough. His life mate. The witches of Willow's coven might be so beautiful they make a man forget his name, but below the exterior is little more than vanity and pettiness. Men come from far and wide to mate with the beauties. So why, when the Dragon Ky arrives, would he be any different? Why would he possibly see anything past the plain woman whose beauty burns on the inside? But the vulnerable within her covern rely on her. Can she take a step for what she wants and leave them at risk? If Ky and Willow can get through a wall of opposition with a little help from an interfering old familiar, they might find what they each thought never to have. True love Her kiss will shatter realms... Dragon shifter and artisan blacksmith Hadrian is determined to strengthen his fellow Pyr warriors in the battle against the Fae by forging them talons of steel. He won't be seduced by the sensual promise of a firestorm that has to be a spell—even to help a beautiful warrior escape the clutches of the Fae Queen. Rania is a swan-maiden and Fae assassin, who has made a deal with the Dark Queen to break the curse over her brothers. All she needs to do is kill Hadrian, but this dragon shifter won't die easily. But the Dark Queen's betrayal compels Rania to ally with the vital dragon shifter in a last-chance effort to save her brothers and herself. Can Hadrian unfurl the painful secrets of Rania's past to give them a future? Can Rania help Hadrian to realize the power of his own legacy to defeat the Fae?
