standards-based*

reform emerged in the United States and the United Kingdom, the idea has spread across the world, as an approach to systemic reform. It might appear that there is a world-wide “tsunami” of standards-based

This volume makes
it very clear,
however, that there

reform and
countries change –*

using standards and
assessments as part
of their process.*

*What becomes very
obvious is that the
language may be the
same but the words
reflect different
contexts and can
represent very
