

## Mazes Grades Pk 1 Gold Star Edition Home Workbooks

Journey through your favourite fairy tales with Roger Friddy's Maze Book: Follow Me Fairy Tales. Use your finger to follow the grooves in the pages and find your way from one enchanting story to the next. Whether guiding Hansel and Gretel through the woods or leading the prince to Rapunzel's tower, each trail brings a familiar story to life in an engaging way. Other classic tales to explore within the board book's pages include Cinderella, Snow White, The Little Mermaid, Jack and the Beanstalk, and Beauty and the Beast.

The Big Book of Mazes for Kids is packed with mazes to entertain, stimulate, and challenge your kids. These mazes can help improve fine motor skills, problem-solving skills, and visual perceptual skills. Various types, themes, and shapes ensure your child won't get bored.

Results from national and international assessments indicate that school children in the United States are not learning mathematics well enough. Many students cannot correctly apply computational algorithms to solve problems. Their understanding and use of decimals and fractions are especially weak. Indeed, helping all children succeed in mathematics is an imperative national goal. However, for our youth to succeed, we need to change how we â€™re teaching this discipline. Helping Children Learn Mathematics provides comprehensive and reliable information that will guide efforts to improve school mathematics from pre-kindergarten through eighth grade. The authors explain the five strands of mathematical proficiency and discuss the major changes that need to be made in mathematics instruction, instructional materials, assessments, teacher education, and the broader educational system and answers some of the frequently asked questions when it comes to mathematics instruction. The book concludes by providing recommended actions for parents and caregivers, teachers, administrators, and policy makers, stressing the importance that everyone work together to ensure a mathematically literate society.

Fun and Challenging Mazes for Kids is packed with mazes to entertain, stimulate, and challenge your kids. These mazes can help improve fine motor skills, problem-solving skills, and visual perceptual skills. Various types, themes, and shapes ensure your child won't get bored. This big book of mazes includes mazes in a variety of difficulty levels from simpler to more advanced. This maze book is sure to get kids thinking!

**Esperanza Rising** joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! Esperanza thought she'd always live a privileged life on her family's ranch in Mexico. She'd always have fancy dresses, a beautiful home filled with servants, and Mama, Papa, and Abuelita to care for her. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When

Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult circumstances—because Mama's life, and her own, depend on it.

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Pure interactive fun between two covers! A book that begs to be doodled in with 96 wacky prompts, games, and crafts, and adorable creatures to boot, The Kid's Awesome Activity Book is packed with activities that take delightful twists and turns, inviting kids to design, draw, and dream—and encouraging creativity on and off the page. Enter an ancient cave to decode a mummy's message. Find your way through a beehive maze. Write a song for a cat rock band. Design a personalized spaceship—and so much more. Plus, plenty of goodies to return to again and again for hands-on play: paper dolls, finger puppets, bonus stickers, and a giant pullout poster designed to kindle curious minds and active imaginations. A great boredom-buster for travel or rainy days, and a fun birthday or holiday gift. From the author and illustrator of the Doodle Adventures® series and based on the Kid's Awesome Activity Calendar, the book showcases Lovery's inimitable quirky style and humor that clicks with all ages—get the whole family in on the fun!

"God is good and He loves us" is the major theme found in Bible Story Puzzle 'n' Learn! This book contains more than 170 reproducible puzzles with mini-lessons and Scripture verses sure to captivate kids while they learn major Bible stories and concepts. Compiled from our best-selling Fun

Faith-Builders series, these coloring pages, dot-to-dots, and more are perfect supplements to any home, church, or school curriculum and will reinforce God's Word in a way kids will always remember.

**This book serves as a succinct resource on the cognitive requirements of reading. It provides a coherent, overall view of reading and learning to read, and does so in a relatively sparse fashion that supports retention. The initial sections of the book describe the cognitive structure of reading and the cognitive foundation upon which that structure is built. This is followed by discussions of how an understanding of these cognitive requirements can be used in practice with standards, assessments, curriculum and instruction, to advance the teaching of reading and the delivery of interventions for students who encounter difficulties along the way. The book focuses on reading in English as its exemplar, but shows how its framework can be adapted to understand the broad cognitive requirements for reading and learning to read in any phonologically-based orthography. It provides a way for reading professionals to think about reading and its development and gives them mechanisms that, coupled with such understanding, will help them link what children must know to become strong readers to what teaching can best provide through the competent use of available tools. In this way, the book will help reading professionals be both efficient and effective in what they provide all their students and be much better equipped to support those students who struggle to learn to read.**

**Brighter Child(R) Sequencing & Memory helps young children master thinking skills and concepts. Practice is included for numbers, patterns, classification, critical thinking, and more. The workbooks contain the simple instructions, colorful illustrations, and proven activities that will help children be successful in school.*

*Who has been so deep and so fiend hard for a story to read, have unearthed an ancient treasure: a mystery from the dusty ages, when a kid could be a hero and fight for the good of all... 12-year-old Zet and his sister Kat love running their family pottery stall. But it's a struggle to keep afloat, now that their father is away fighting the Hyksos invaders. When the siblings learn about a valuable scroll that's gone missing, Zet and Kat decide to join forces. If they can find it, they'll win a huge reward for their family. Their problems will be over! Little do they know what troubles lie ahead. The chase leads Zet and Kat into the hotspots of ancient Egypt—from stunning temples to the Nile river, through a mysterious land of hieroglyphics, Egyptian gods, mythology, and majesty that the world has never forgotten. A modern children's classic "A big hit in our library, can't keep it on the shelf." - E. Crow, Librarian "Action FINDER "Peters is such a natural and gifted storyteller, so adept at bringing the sights and sounds and smells of ancient Egypt alive, that readers of all ages will be swept along." - Historical Novel Society 6th grade ELA/SS: "My co-teacher and I have used this book for the past 2 years and the students absolutely love it!" Janine Taft. The short, exciting chapters make it perfect for school reading lists. Great for boys and girls age 9-12 (Lexile: 490-570) Packed with fascinating ancient Egypt facts kids will love. Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant one with a pickle on top. And Phoney Bone wants to build a giant statue... of himself! Whose idea will win out? In Smiley's Dream Book, Smiley Bone walks through the woods on a beautiful morning. During his journey, he meets a flock of friendly and playful birds. Smiley is having such a good time that he must find a fantastical way to keep up with his new friends as they soar into the big, blue sky. These wonderfully funny tales, told with lively artwork and expressive word balloons, will engage young readers like the best Sunday comics.

Home Workbooks are available for prekindergarten through grade 3 students, and feature titles in a wide variety of skill areas to suit any need.

The long boat of the Marjorie W. was floating down the broad Ugambi with ebb tide and current. Her crew were lazily enjoying this respite from the arduous labor of rowing up stream. Three miles below them lay the Marjorie W. herself, quite ready to sail so soon as they should have clambered aboard and swung the long boat to its davits. Presently the attention of every man was drawn from his dreaming or his gossiping to the northern bank of the river. There, screaming at them in a cracked falsetto and with skinny arms outstretched, stood a strange apparition of a man. "Wot the 'ell?" ejaculated one of the crew. "A white man!" muttered the mate, and then: "Man the oars, boys, and we'll just pull over an' see what he wants." When they came close to the shore they saw an emaciated creature with scant white locks tangled and matted. The thin, bent body was naked but for a loin cloth. Tears were rolling down the sunken pock-marked cheeks. The man jabbered at them in a strange tongue. "Rooshun," hazarded the mate. "Savvy English?" he called to the man. He did, and in that tongue, brokenly and haltingly, as though it had been many years since he had used it, he begged them to take him with them away from this awful country. Once on board the Marjorie W. the stranger told his rescuers a pitiful tale of privation, hardships, and torture, extending over a period of ten years. How he happened to have come to Africa he did not tell them, leaving them to assume he had forgotten the incidents of his life prior to the frightful ordeals that had wrecked him mentally and physically. He did not even tell them his true name, and so they knew him only as Michael Sabrov, nor was there any resemblance between this sorry wreck and the virile, though unprincipled, Alexis Paulvitch of old...

The Highlights Book of Things to Write is the essential book that every young writer will love. Kids ages seven and up will find over 175 creative writing prompts, open-ended questions, games, activities, and more designed to get their imaginations flowing. This writing companion journal to the Highlights Book of Things to Do opens doors for kids to flex their creativity. From open-ended writing prompts that invite kids to explore themselves and their world, to word games, writing tips, and how-tos, this book is the ultimate way for kids to express themselves through their words. As kids explore this illustrated, flexi-bound book, they will enhance their writing skills and expand their imaginations by creating characters, writing short stories, trying out various styles of poetry, learning how to write about the things they care about, and so much more. Kids can put themselves on the page and look back on this keepsake in years to come. Winner, Mom's Choice Award, Gold

The Survival Series that celebrates the awesome history of us. "a must for every reading list!" The spine-chilling story of the Salem Witch Trials is told through the eyes of a brave orphan in this powerful survival adventure. From bestselling author Scott Peters and Salem Witch whiz Juliet Fry. On a stormy night, young orphan, Hannah, is terrified to see witches' fingers tapping at her bedroom window. When her best friends tell her witches are sending their spirits to attack them to pinch them and jab them with needles-Hannah's alarm grows. But then her friends start accusing neighbors of practicing magic, dark arts, and witchcraft. Unfortunately, some of the accused are good people that Hannah has known all her life. Hannah is faced with a terrible choice: to side with her friends, or to fall under suspicion for refusing to name names. Can Hannah appease her friends and escape this scary trial? Can this brave but frightened colonial girl escape disaster?Set in Salem, Massachusetts, 1692, this is the 6th children's book in the I Escaped Series about brave kids who face real world challenges and find ways to escape. Sure to appeal to fans of books like I Survived by New York Times Bestseller Lauren Tarshis, The Witch of Blackbird Pond by Elizabeth George Speare, Little Witch by Anna Elizabeth Bennett, What Were The Salem Witch Trials, and The Witches by Roald Dahl. An important, relevant read about bravery and kindness during a terrible tragedy in American history.

In the battle between mazes and kids, who will win? Your child might, if he/she has the patience and right strategy to get out of all these mazes. Answering mazes is a fun learning experience that will help improve your child's ability to think of strategies quite fast. Start your child's training with one book of mazes at a time.

A new maze book based on real maps and on made-up maps! Many of the mazes contain extra puzzles to solve and challenges to complete en route, and the mazes get gradually more and more difficult throughout the book, pushing children to develop their problem-solving and visual recognition skills.
