Sedikit demi sedikit akhirnya menjadi bukit. Mungkin itulah yang menjadi pemikiran kenapa penulis buku harus produktif. Mengharapkan buku terjual 10 ribu dalam 6 bulan saja termasuk cukup sulit bagi dunia perbukuan di Indonesia. Kecuali untuk buku-buku yang memang secara "ajaib" memiliki daya magis tersendiri bagi pembacanya. Untuk inilah, bagi mereka yang sudah memutuskan untuk menekuni penulisan buku secara profesional, menulis produktif adalah keharusan. Jadi, menjadi penulis produktif sangatlah kompleks dan tidak mudah. Namun kalau kita mengerti tata cara dan aturan mainnya, semua akan menjadi mudah dan gampang. Sama persis seperti judul yang diberikan "Jadi Penulis Produktif? Gampang, Kok!" tentunya ini bukan slogan atau hal yang tidak bisa diwujudkan. Tulisan ini bukanlah sesuatu yang bersifat teoritis ilmiah, namun saya tulis berdasarkan pengalaman praktis yang saya alami. Jadi, sifatnya adalah sharing yang memotivasi dan menyemangati siapapun, untuk terus menulis secara produktif. Di seluruh bahasan buku inilah, saya akan berbagi tip-tip secara mendetail tentang bagaimana menjadi seorang penulis produktif. Tentu saja dengan bahasa yang mudah dan familiar. Hanya dengan produktif menulis, seorang penulis terutama penulis buku, bisa survive dengan kondisi perbukuan di Indonesia. Selamat membaca. selamat menulis...menulis... dan menulis... ^-^

"In my mind rose a misty picture of a little girl in a floral dress. As for her face: nothing. I could only hope that she had been pretty. I sat overcome. What a procession of developments in one day! Only that morning I had left Madiun; at midday I was wobbling on a buggy past an ocean of rice fields; tonight, suddenly, I had been renamed by my parents and handed a wife." Thus begins Sastrodarsono's life, returning to his village as a newly-appointed schoolteacher, and by virtue of that position, a member of the "priyayi" - functionary gentry awesomely elevated above the peasantry of his origins. From those most traditional of Javanese institutions - change of name and a virtually imposed marriage-he moves on with his bride to found a line of modernizing generations active across the whole span of recent Indonesian history: the 20th century late-colonial period, Japanese occupation, war of independence and two decades of social disorder ending in the mid-1960s with the rise of Suharto's authoritarian New Order government. The ideal of gentrification threads through this saga, both in the implicit concerns of a variety of characters and in the hopes of wretched villagers for whom the literacy necessary to approach that higher status is largely a forlorn dream.

Beyond summarizing the three volumes on Persona, Shadow and Ego in the Map of the Soul series, this latest book explores the entire BTS album, start to finish, revealing profound insights into the collective psyche of BTS. The title of BTS's latest album, Map of the Soul: 7, captivates the mind with its suggestive and alluring imagery. It came as a surprise to many fans. Expected was an album that would follow upon Map of the Soul: Persona with songs about Shadow or Ego. While the new album does indeed include songs with these themes, it is much more complex and broader in vision than expected. The number 7 suggests mystery. It catches the mind's attention with its symbolic significance. What does this number mean in relation to the idea of a "map of the soul?" This book dives into this mystery and explores the unconscious reaches of our mind. Fans of BTS from around the world will marvel at the depth of meaning in the songs contained in Map of the Soul: 7. They take the listener into deep reflection upon the meaning of striving and ambition, the dangers of worldly success, and the amazing resiliency of the human spirit to recover and go on despite the pitfalls on life's journey. The songs themselves function as a map for souls who are setting out in life and engaging in challenging relationships. The songs are reflective, mirroring what we find within ourselves in our struggles to become and to thrive. When you stand on the threshold of a new land, it is useful to have a map as your guide. The great psychologist of the 20th Century, Carl Jung, created a Map of the Soul that many people in his time found more than a little helpful, even lifesaving. It is even more so now, for people in the 21st Century, caught in the profound complexities of modern life. Armed with this map, people are better able to find their way successfully through life's journey. Today, BTS is putting this map into the hands of their fans. For this great service we are profoundly very grateful.
