"A most extraordinary thing happened in St. Petersburg on the twenty-fifth of March." The opening lines of "The Nose", one of Gogol's best-known stories, and quite possibly the most absurd, are just as promising as any of his works. The simple yet extraordinary plot follows the story of the civil servant Major Kovalyov who wakes up one morning to discover his nose has left his face and is living a life of its own. Strange as it may seem, the nose has even surpassed him by attaining a higher rank! The story is a brilliant portrayal of the preoccupation with social rank in Imperial Russia, a biting satire of the bureaucrats' pursuit of higher position within the Table of Ranks. A masterful combination of brilliant words, witty imagination, and unparalleled humor, it remains one of the most striking stories of all times. It is believed to have influenced masterpieces of world literature, including Dostoevsky's "The Double," Stevenson's "Dr. Jekyll and Mr. Hyde", and Kafka's "Metamorphosis". Nikolai Gogol (1809-1852) was a Ukrainian-born Russian humorist, novelist, and dramatist whose work played a crucial role in the direction of Russian literature. He was considered to be one of the leading figures of Russian realism. His novel "Dead Souls", a satire of the political corruption in the Russian Empire, is viewed by many literary historians as the first great Russian novel. Among his contributions to Russian and world literature are the surrealistic and grotesque "The Nose" and "The Mantle", the satirical "The Government Inspector/The Inspector General", the historical novel "Taras Bulba", the comedy "Marriage", the humorous short stories "Diary of a Madman" and "The Tale of How Ivan Ivanovich Quarreled with Ivan Nikiforovich". His works have influenced generations of readers and still continue to impress with their subtle psychologism and matchless style.

Gregor Samsa wakes up one morning to find himself transformed into a "monstrous vermin". He initially considers the transformation to be temporary and slowly ponders the consequences of this metamorphosis. Stuck on his back and unable to get up and leave the bed, Gregor reflects on his job as a traveling salesman and cloth merchant, which he characterizes as being full of "temporary and constantly changing human relationships, which never come from the heart". He sees his employer as a despot and would quickly quit his job if he were not his family's sole breadwinner and working off his bankrupt father's debts. While trying to move Gregor finds that his office manager, the chief clerk, has shown up to check on him, indignant about Gregor's unexcused absence. Gregor attempts to communicate with both the manager and his family, but all they can hear from behind the door is incomprehensible vocalizations. Gregor laboriously drags himself across the floor and opens the door. The clerk, upon seeing the transformed Gregor, flees the apartment. Gregor's family is horrified, and his father drives him back into his room, injuring his side by shoving him when he gets stuck in the doorway. With Gregor's unexpected transformation, his family is deprived of their financial stability. They keep Gregor locked in his room, and he begins to accept his new identity and adapt to his new body. His sister Grete is the only one willing to bring him food, which they find Gregor only likes if it is rotten. He spends much of his time crawling around on the floor, walls, and ceiling and, upon discovering Gregor's new pastime, Grete decides to remove his furniture to give him more space. She and her mother begin to empty the room of everything except the sofa Gregor hides under whenever anyone comes in, but he finds their actions deeply distressing. He desperately tries to save a particularly loved portrait on the wall of a woman clad in fur. His mother loses consciousness at the sight of him clinging to the image to protect it. When Grete rushes out of the room to get some aromatic spirits, Gregor follows her and is slightly hurt when she drops a medicine bottle and it breaks. Their father returns home and angrily hurls apples at Gregor, one of which becomes lodged in a sensitive spot in his back and severely wounds him.

Franz Kafka (3 July 1883 - 3 June 1924) was one of the greatest writers of the 20th century, but almost nobody was aware of his writing until after his death. Kafka did not intend for his unpublished work to come out after his death, but his wishes were ignored, to the world's benefit. Kafka's work is so profound and unique that the term "Kafkaesque" is now a part of the English language, a reference to surreal distortions and amazing complexities.

In Stanley Corngold's view, the themes and strategies of Kafka's fiction are generated by a tension between his concern for writing and his growing sense of its arbitrary character. Analyzing Kafka's work in light of "the necessity of form," which is also a merely formal necessity, Corngold uncovers the fundamental paradox of Kafka's art and life. The first section of the book shows how Kafka's rhetoric may be understood as the daring project of a man compelled to live his life as literature. In the central part of the book, Corngold reflects on the place of Kafka within the modern tradition, discussing such influential precursors of Cervantes, Flaubert, and Nietzsche, whose works display a comparable narrative disruption. Kafka's distinctive narrative strategies, Corngold points out, demand interpretation at the same time they resist it. Critics of Kafka, he says, must be aware that their approaches are guided by the principles that Kafka's fiction identifies, dramatizes, and rejects.

The #1 New York Times Bestseller Now featuring a sneak peek at Christina's forthcoming novel The Exiles, coming August 2020. "A lovely novel about the search for family that also happens to illuminate a fascinating and forgotten chapter of America's history. Beautiful."—Ann Packer Between 1854 and 1929, so-called orphan trains ran regularly from the cities of the East Coast to the farmlands of the Midwest, carrying thousands of abandoned children whose fates would be determined by pure luck. Would they be adopted by a kind and loving family, or would they face a childhood and adolescence of hard labor and servitude? As a young Irish immigrant, Vivian Daly was one such child, sent by rail from New York City to an uncertain future a world away. Returning east later in life, Vivian leads a quiet, peaceful existence on the coast of Maine, the memories of her upbringing rendered a hazy blur. But in her attic, hidden in trunks, are vestiges of a turbulent past. Seventeen-year-old Molly Ayer knows that a community service position helping an elderly woman clean out her home is the only thing keeping her out of juvenile hall. But as Molly helps Vivian sort through her keepsakes and possessions, she discovers that she and Vivian aren't as different as they appear. A Penobscot Indian who has spent her youth in and out of foster homes, Molly is also an outsider being raised by strangers, and she, too, has unanswered questions about the past. Moving between contemporary Maine and Depression-era Minnesota, Orphan

Train is a powerful novel of upheaval and resilience, of second chances, and unexpected friendship.

Franz Kafka, the author has very nicely narrated the story of Gregou Samsa who wakes up one day to discover that he has metamorphosed into a bug. The book concerns itself with the themes of alienation and existentialism. The author has written many important stories, including 'The Judgement', and much of his novels 'Amerika', 'The Castle', 'The Hunger Artist'. Many of his stories were published during his lifetime but many were not. Over the course of the 1920s and 30s Kafka's works were published and translated instantly becoming landmarks of twentieth-century literature. Ironically, the story ends on an optimistic note, as the family puts itself back together. The style of the book epitomizes Kafka's writing. Kafka very interestingly, used to present an impossible situation, such as a man's transformation into an insect, and develop the story from there with perfect realism and intense attention to detail. The Metamorphosis is an autobiographical piece of writing, and we find that parts of the story reflect Kafka's own life.

Absurdist fiction is a genre of fictional narrative (traditionally, literary fiction), most often in the form of a novel, play, poem, or film, that focuses on the experiences of characters in situations where they cannot find any inherent purpose in life, most often represented by ultimately meaningless actions and events that call into question the certainty of existential concepts such as truth or value. The critic Augst Nemo selected seven short stories of the absurd for his appreciation: - A Country Doctor by Franz Kafka - In the Penal Colony by Franz Kafka - Before the Law by Franz Kafka - Ex Oblivione by H. P. This collection of new translations brings together the small proportion of Kafka's works that he thought worthy of publication. It includes Metamorphosis, his most famous work, an exploration of horrific transformation and alienation; Meditation, a collection of his earlier studies; The Judgement, written in a single night of frenzied creativity; The Stoker, the first chapter of a novel set in America and a fascinating occasional piece, The Aeroplanes at Brescia, Kafka's eyewitness account of an air display in 1909. Together, these stories reveal the breadth of Kafka's literary vision and the extraordinary imaginative depth of his thought.

"Before the Law" (German: "Vor dem Gesetz") is a parable contained in the novel "The Trial" (German: "Der Prozess"), by Franz Kafka. "Before the Law" was published in Kafka's lifetime, first in the New Year's edition 1915 of the independent Jewish weekly "Selbstwehr", then in 1919 as part of the collection "Ein Landarzt" ("A Country Doctor"). "The Trial", however, was not published until 1925, after Kafka's death. "One of the most astonishing and revelatory pieces of writing ever produced by this twentieth-century literary icon, presented in both the original German and the English translation. Kafka's letter to his father is at once an exploration of his relationship to his father, his need to write, and the source of his fear—one that his father prompts in him but that is beyond the scope of Kafka's memory and power of reasoning. There is no greater text about authority, the disfiguring effects of shame, and, in particular, Kafka's lifelong need to have his father's unobtainable approval!"--

"Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. Speak was a 1999 National Book Award Finalist for Young People's Literature.

The Play

This carefully crafted ebook: "The Metamorphosis + In the Penal Colony (2 contemporary translations by Ian Johnston)" contains 2 books in one volume and is formatted for your eReader with a functional and detailed table of contents. The Metamorphosis is a novella by Franz Kafka, first published in 1915. It has been cited as one of the seminal works of fiction of the 20th century and is studied in colleges and universities across the Western world. The story begins with a traveling salesman, Gregor Samsa, waking to find himself transformed (metamorphosed) into a large, monstrous insect-like creature. The cause of Samsa's transformation is never revealed, and Kafka never did give an explanation. The rest of Kafka's novella deals with Gregor's attempts to adjust to his new condition as he deals with being burdensome to his parents and sister, who are repulsed by the horrible, verminous creature Gregor has become. "In the Penal Colony" is a short story by Franz Kafka written in German in October 1914, and first published in October 1919. The story is set in an unnamed penal colony. Internal clues and the setting on an island suggest Octave Mirbeau's The Torture Garden as an influence. As in some of Kafka's other writings, the narrator in this story seems detached from, or perhaps numbed by, events that one would normally expect to be registered with horror. In the Penal Colony describes the last use of an elaborate torture and execution device that carves the sentence of the condemned prisoner on his skin before letting him die, all in the course of twelve hours. As the plot unfolds, the reader learns more and more about the machine, including its origin and original justification. Franz Kafka (1883 - 1924) was a German-language writer of novels and short stories, regarded by critics as one of the most influential authors of the 20th century. Kafka strongly influenced genres such as existentialism. Most of his works, such as The Metamorphosis, The Trial, and The Castle, are filled with the themes and archetypes of alienation, physical and psychological brutality, parent-child conflict, characters on a terrifying quest, labyrinths of bureaucracy, and mystical transformations.

This essential collection of Franz Kafka's writings includes classic as well as new translations: "The Metamorphosis" "The Judgment" "A Country Doctor "In the Penal Colony" From A Hunger Artist ("First Sorrow," "A Little Woman," "A Hunger Artist," "Josephine, the Singer; or, The Mouse People") "The Hunter Gracchus" "The Great Wall of China" "Letter to His Father">

#1 NEW YORK TIMES BESTSELLER • The twentieth anniversary edition of the classic story of an incredible group of students and the teacher who inspired them, featuring updates on the students' lives, new journal entries, and an introduction by Erin Gruwell Now a public television documentary, Freedom Writers: Stories from the Heart In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of "unteachable, at-risk" students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank's diary as her guide to combat intolerance and misunderstanding. Her students began recording their thoughts and feelings in their own diaries, eventually dubbing themselves the "Freedom Writers." Consisting of powerful entries from the students' diaries and narrative text by Erin Gruwell, The Freedom Writers Diary is an unforgettable story of how hard work, courage, and determination changed the lives of a teacher and her students. In the two decades since its original publication, the book has sold more than one million copies and inspired a major motion picture Freedom Writers. And now, with this twentieth-anniversary edition, readers are brought up to date on the lives of the Freedom Writers, as they blend indispensable takes on social issues with uplifting stories of attending college—and watch their own children follow in their footsteps. The Freedom Writers Diary remains a vital read for anyone who believes in second chances.

This book, from the Center for Gifted Education at William & Mary, provides gifted and advanced learners challenging activities to master and engage with the Common Core State Standards for English Language Arts through four mini units. Each mini unit is packed with activities that enrich and extend grade-level ELA content for grade 8. Included texts have messages and characters that are developmentally suitable for students. Through higher order reasoning questions, resulting discussions, and student-created products associated with these texts, gifted and advanced students' needs are met while still maintaining messages and characters to which students can relate. Students will be exposed to themes such as "life is what you make it," "don't judge a book by its cover," nature and vulnerability, and respect. Each theme was chosen with advanced eighth-grade students in mind and their emerging need to learn more about themselves, their world, and how to work through adversity to accomplish their goals. The Theory of the Avant-garde

Convinced that all aspects of modern culture have been affected by avant-garde art, Poggioli explores the relationship between the avant-garde and civilization. Historical parallels and modern examples from all the arts are used to show how the avant-garde is both symptom and cause of many major extra-aesthetic trends of our time, and that the contemporary avant-garde is the sole and authentic one.
