We live in an age when love and power have become virtually interchangeable. Intimate Terrorism is a profound and beautifully written exploration of this condition that draws from psychology, literature, popular culture, current events, and the author's own therapeutic practice to examine the contemporary crisis of intimacy--and suggest what we all might do about it. In doing so it offers one of the most probing readings of the American psyche in years.

This book is part of the Macmillan English Grammar In Context series, a three-level grammar practice series with a difference. Incorporating contextual examples in grammar practice activities, Macmillan English Grammar In Context is a grammar book that can be used in both the classroom and for self-study. Key Features: Grammar explanations with traditional practice activities and contextual examples Cross-curricular content areas include: literature science, geography, history and social sc Elementary Language Practice

Thousands of books and articles have been written about the murder of JFK, many of which are large in volume and short on facts. Quite often, these works try to reinvent the wheel, attempting to cover every single area of the assassination, as well as many tangential and unessential points, as well. The reader is often left exhausted and confused. The sheer volume of pages, conflicting facts, and theories leaves one unsatisfied and, quite frankly, not sure exactly what did happen on 11/22/63. This book seeks to separate the wheat from the chaff. It is 55-plus years later: it is time for real, honest answers in an easy-to-read and understand format. Proof of a conspiracy; no theories; to-the-point; a perspective on the assassination for the millennial age and beyond.

Based on years—decades—of primary source research and having read countless books on the subject.

This text is designed to revise and consolidate grammar points at the level of CAE and Proficiency exams, and this edition has been revised to include proficiency material in the format of the 2002 exam. It is available with or without key.

Honest Answers about the Murder of President John F. Kennedy

Practical Faster Reading provides the basis for a reading improvement course lasting a total of 30 class hours and has proved popular with students and teachers in a variety of settings.

Thirty passages covering a wide range of topics of general interest and accompanying exercises give practice in the reading skills needed at upper-intermediate and more advanced levels. Substantial increases in reading speed are usually attained with improvements in

comprehension and vocabulary. The full answer key for self-checking also makes this useful for the student working alone.

Key texts on the origins of capitalism brought together for the first time. In writing these celebrated essays Robert Brenner had an electric impact on the debate regarding the transition from feudalism to capitalism. His epochal 1976 essay in Past and Present launched what became known as the "Brenner debate." His 2007 lecture at the British Academy was an elegant synthesis of his views and has generated a new discussion. The magnitude of Brenner's contribution to the world of ideas cannot be underestimated. This series of brilliant essays represent what is probably the most powerful single contribution from a materialist viewpoint to historical thought of the past half century. Property and Progress brings these texts together in a single volume for the first time. Intellectually audacious and academically rigorous, they vary in range, offering novel perspectives on the nature of pre-capitalist and capitalist societies, socio-economic evolution in the medieval and early modern period through to the industrial revolution and a provocative comparison between England and the Yangtze Delta in China.

reference and practice for beginning students of American English : with key

Also based on the highly-successful Language Practice Series, this low-level grammar practice book presents basic grammar in easy-understand explanations with cartoons and diagrams to help at this early stage in learning English. A variety of exercise types are used to give thorough practice of form and meaning with regular revision units to consolidate students' knowledge. 15 units of learning and practicing topic-related vocabulary are included as well as sections dealing with spelling rules. In this text, particular focus is given to functional language, with units on areas such as greetings, excuses, directions and descriptions, agreeing and disagreeing. This gives students a wider view of grammar and vocabulary in context in a variety of immediately useful everyday situations.
