Creating Letters, E-mails, and Mailing Labels Will Be Easy With

The Mail Merge Wizard & This Illustrated Guide Imagine you have letters or e-mails that you need to send to many, many people.

Most of the content is the same, but you need to show recipient specific information in each letter. You don't want to type

multiple documents and personalize each one. That would take

hours. You know there is a faster way than copying and pasting.

That is where Mail Merge comes in! No longer cringe when

creating correspondences. Let Microsoft Office Word take care of

most of the work for you and use the Mail Merge Wizard. You

provide: • the content • the recipient list and let the Wizard

do the rest. Mailing labels and envelopes are no problem for the

Mail Merge Wizard. Use the Rules feature to further automate the

mail merge. What will you learn? After reading this manual, you

will be able to customize form letters using merged fields, and

connect Word to Excel lists, and Outlook to define those fields.

You will also learn to create your own lists. You will create

mass e-mails, and mailing labels. You will also be able to

customize your merged documents with Fill-in fields, and text

that only appears on documents if that document meets certain

conditions. Keyboard shortcuts and a cheat sheet at the end of

this manual will help you create mail merges even faster. Who

should purchase this manual? This manual is for people whose job

responsibilities include working with labels, envelopes, form

letters, and mass e-mails, and who want to save time, and

customize documents. What will you need to know before starting

this manual? To ensure your success, knowledge of basic features

of Word, Outlook, and Excel is recommended. ??? Examples &

For the past three decades, the Shelly Cashman Series has effectively introduced computer skills to millions of students. With Office 2010, we're continuing our history of innovation by enhancing our proven pedagogy to reflect the learning styles of today's students. In Microsoft Office 2010: Introductory you'll find features that are specifically designed to engage students, improve retention, and prepare them for future success. Our trademark step-by-step, screen-by-screen approach now encourages students to expand their understanding of the Office 2010 software through experimentation, exploration, and planning ahead. Brand new end of chapter exercises prepare students to become more capable software users by requiring them to use critical thinking and problem-solving skills to create real-life documents.
