Handy notebook with 64 pages of ruled paper for notes, phone numbers, addresses, more. On the cover: full-color reproduction of Renoir's delightful "Young Girls at the Piano" (1892).

All parents and teachers have one thing in common: we want our children to understand and be able to use math. Written by a veteran homeschooling mom, Let's Play Math offers a wealth of practical, hands-on ideas for exploring math from preschool to high school. Whether you want to balance and enrich a traditional curriculum or launch an off-road mathematical adventure of your own, this book helps you introduce your children to the "Aha!" factor--the thrill of conquering a tough challenge. True mathematical thinking involves the same creative reasoning that

children use to solve puzzles. Your children will build a stronger foundation of understanding when you approach math as a family game, playing with ideas.
