The Law of Success first published in 1925, was originally released as a set of 15 separate booklets before being consolidated into a single-tome book. There were 118 limited edition copies, which were given to many of America's most successful individuals, all of whom had contributed to the content of the book. The Law of Success in 16 Lessons is an edited version of Napoleon Hill's first manuscript, which was reworked under the advisement of several contributors. This version was initially published in 1928 as a multi-volume correspondence course. Later editions consolidated the material into a single book. According to Hill, the work was commissioned at the request of Andrew Carnegie, at the conclusion of a multi-day interview with Hill. It was allegedly based upon interviews with over 100 American millionaires, including self-made industrial giants such as Henry Ford, J. P. Morgan, John D. Rockefeller, Alexander Graham Bell and Thomas Edison, across nearly 20 years. The Law of Success was first presented as a lecture, and was delivered by its author in many major cities and in many smaller localities throughout the United States over a period of more than seven years.
