Milady's Skin Care and Cosmetic Ingredients Dictionary, third edition, is a multi-purpose resource for cosmetic professionals and consumers alike. Part one puts cosmetics in the context of skin care. It provides an overview of skin physiology. In order to understand how and why a product works it is essential to understand how the skin works. It gives an overview of the complexity of cosmetic chemistry particularly with respect to product penetration, and highlights the current challenges facing cosmetic formulators. In addition, it offers comprehensive discussion of the various skin types and conditions in order to help professionals in their product selection. Lastly, it defines common cosmetic industry terminology used by cosmetic manufacturers, professional estheticians, marketers and the media. The second part is dedicated to helping cosmetic users identify the function and purpose of specific ingredients. It is an alphabetical dictionary that lists and describes not only active principles but all other categories of ingredients that comprise a skin care cosmetic. As scientific knowledge of skin physiology and cosmetic chemistry advances, so do cosmetic products.

This volume puts everything in context in an easy to read, easy to understand, user-friendly format.

Milady's Standard Esthetics: Advanced

Milady Standard Makeup

Any successful business has to keep an ear to the ground and remain one step ahead of competitors. Savvy professionals recognize an expanding market and develop the products and services to tap into it. For the aesthetician, that expanding market segment is the multi-ethnic clientele and the tool to help achieve success in this segment is Milady's Aesthetician Series: Treating Diverse Pigmentation. Building a successful career in esthetics hinges on the ability to identify and treat the skin concerns of this diverse population. Treating Diverse Pigmentation teaches treatments for skin of color that include: the causes of aging and how it affects each race's unique facial anatomy; a guide through several different skin analysis classification systems; review studies analyzing the racial differences in the anatomy, physiology, and histology of pigmented skin; and case-by-case studies that help the reader recognize skin diseases and disorders common to people of color. The text was created for licensed aestheticians and other professionals working in skincare, including RNs and dermatologists, as well as students. Considering that the majority of the world's population is ethnically diverse, the aesthetic professional with an eye on the future will not hesitate to take advantage of Treating Diverse Pigmentation. *This spiral full-color supplement to Milady Standard Esthetics: Advanced can be used in conjunction with the textbook or on its own to brush up on key procedures. Each step is clearly explained and is accompanied by full-color photos. At the end of each chapter you will find a rubric, to note, organize and interpret data gathered from observations of student or professional performance. The Step-By-Step Procedures has been updated to match the contents of Milady Standard Esthetics: Advanced, 2e. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.*

*This supplement tests students' knowledge of how they should apply the information they have learned to real-life situations. This text asks that the apply that knowledge to situations that more closely reflect what they are likely to encounter as a salon employee, demonstrating that they know how to use the information they have learned. The questions are more complex than Exam Review questions, often describing a salon stylist or other professional who has a client with a combination of conditions, problems or attitudes. The student will have to take desired results, both from a technical and a communication perspective. Answers are included in the back of the book.*

*This practical book provides both esthetic students and professionals alike with advanced scientific, theoretical and technical information in one easy-to-use and reader-friendly guide. This guide contains specific details on topics including sun damage, retinoids and therapy for photoaging skin, chemical peeling and more. A valuable supplement to Milady's Standard Textbook should be incorporated into school curriculums, helping to better prepare future estheticians for the world in which they will operate.*

Milady has evolved for over 85 years to become what it is today, the cornerstone of beauty and wellness education. We are very excited and proud to announce the new Milady Standard Cosmetology, the most commonly used resource in cosmetology education. For decades since our first textbook published, it has been our commitment to provide a strong foundation in the principles and skills needed to master the science and art of cosmetology, and with this latest version that commitment has not wavered. For the project, Gibson served as Creative Director on the project. The result is a brilliant new design with over 750 new photos and a gorgeous layout, providing a visually stunning and engaging learning experience for the learner. We also recruited a team of twelve authors, made up of top professionals and educators in the industry, to provide the most current information on concepts and techniques. Through an extensive peer review and development process, we were asked for a resource that placed emphasis on essential content needed for licensure success, and we feel confident that Milady Standard Cosmetology will continue to be a source of education that students can count on, not only while in school, but throughout their careers.
