Milady Standard Esthetics Fundamentals, 11th edition, is the essential source for basic esthetics training. This new edition builds upon Milady's strong tradition of providing students and instructors with the best beauty and wellness education tools for their future. The rapidly expanding field of esthetics has taken a dramatic leap forward in the past decade, and this up-to-date text plays a critical role in creating a strong foundation for the esthetics student. Focusing on introductory topics, including history and opportunities in skin care, anatomy and physiology, and infection control and disorders, it lays the groundwork for the future professional to build their knowledge. The reader can then explore the practical skills of a skin care professional, introducing them to the treatment environment, basic facial treatments, hair removal, and the technology likely to be performed in the salon or spa setting. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Milady's Master Educator fills a void in the education of instructors of cosmetology, barber-styling, esthetics, nail technology, and massage. Those studying to be instructors will use the CD-ROM while learning the profession. It will later serve as a resource during their teaching careers. The forty video clips found on the CD-ROM are reproduced from the eight video tapes that are part of Milady's Master Educator program. These clips serve to reinforce recommended concepts and methodology. Exam review questions, complete with rationales for correct and incorrect answers, aid students as they prepare for licensing. The CD-ROM helps to maintain and rekindle that fresh student perspective and serves as inspiration to the practicing teacher.

The Complete Spa Book for Massage Therapists For Trainees to Become Educators in the Fields of Cosmetology, Barber Styling, Massage, Nail Technology, and Esthetics

Milady has evolved for over 85 years to become what it is today, the cornerstone of beauty and wellness education. We are very excited and proud to announce the latest edition of Milady Standard Cosmetology, the most commonly used resource in cosmetology education. For decades since our first textbook published, it has been our commitment to provide students with the foundation in the principles and skills needed to master the science and art of cosmetology, and with this latest version that commitment has not waived. For the new edition, celebrity stylist Ted Gibson served as Creative Director on the project. The result is a brilliant new design with over

750 new photos and a gorgeous layout, providing a visually stunning resource to engage today's learner. We also recruited a team of twelve authors, made up of top professionals and educators in the industry, to provide the most current information on concepts and techniques. During our extensive peer review and development process, we were asked for a resource that placed emphasis on essential content needed for licensure success, and we feel confident that we delivered. Milady Standard Cosmetology will continue to be a source of education that students can count on, not only while in school, but throughout their careers. The Laser and Light addition is the first of its kind, offering a unique approach into the science and technology of laser and light systems. The reader will be exposed to all aspects of this specialized field whether one is working in a medical spa, day spa, or medical clinic. This book is designed to address areas of hair removal and facial / body rejuvenation from a beginning conceptual level into practical hands-on application. Detailed information of treatment protocols is explored starting with the initial consultation and skin care, to the selection of the appropriate cosmetic device, to the delivery of the laser/light technology. The management of the client's goals and maximization of each treatment's outcome is also emphasized for the reader. As one gains knowledge of this exciting new specialty, the selection and acquisition of the appropriate cosmetic device is also thoroughly examined.
