We see how, with the rapidly increasing uniformity of our culture as media's influence spreads, more languages have become extinct or are under threat of extinction. The OPD Second Canadian Edition English/Chinese is an illustrated, theme-based dictionary for second-language learners. This four-colour dictionary defines words through pictures, and presents each new word in context. The OPD English/Chinese, along with the monolingual workbooks and many other components, can be used as a reference book or as text for high school or adult ESL students at the beginner level. For years, the first monolingual Canadian edition of the OPD has been the industry leader among picture dictionaries. The second edition expands on the topics covered, providing more depth of vocabulary in the areas that matter most to students and offers Chinese speakers the additional advantage of having words and phrases defined in their native language. The illustrations have been completely updated in a more realistic style that is visually appealing to adult learners. The second edition also contains two new features: Introductory Pages and Story Pages. The Introductory Pages have been added to the beginning of each theme to give lower-level students a basic overview of key vocabulary words, and to give a starting point for discussion and an introduction to the theme for more advanced students. The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills. The OPD English/Chinese is designed for use both in and out of the classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in pairs or small groups, while the pronunciation guide in the index allows

students to check their pronunciation when they are studying on their own.

Specially written for 6- to 9-year-olds, this dictionary includes 800 words organized into 50 topics and comes complete with songs and chants by Carolyn Graham. Themes are selected to appeal to this age range and two CDs include all the vocabulary, mini-dialogues and songs/chants.

Presents color illustrations based on topics such as plants, animals, the human body, the kitchen, musical instruments, and school, each with labels that identify pictured objects in English and Chinese.

My First Bilingual Book-Gratitude (English-Farsi)

Making Out in Turkish is a fun, accessible and thorough Turkish phrase book and guide to the Turkish language as it's really spoken. Sana hayranım!

Seni tekrar ne zaman göreceğim?—(I adore you! When can I see you again?) Answer this correctly in Turkish and you may be going on a hot date.

Incorrectly, and you could be hurting someone's feelings or getting a slap! Turkish classes and textbooks tend to spend a lot of time rehearsing for the same fictitious scenarios but chances are while in Turkey you will spend a lot more time trying to make new friends or start new romances—something

you may not be prepared for. If you are a student, businessman or tourist traveling to Turkey and would like to have an authentic and meaningful experience, the key is being able to speak like a local. This friendly and easy-to-use Turkish phrasebook makes this possible. Making Out in Turkish has been carefully designed to act as a guide to modern colloquial Turkish for use in everyday informal interactions—giving access to the sort of catchy Turkish expressions that aren't covered in traditional language materials. Each expression is given in authentic Turkish (turkce) so that in the case of difficulties the book can be shown to the person the user is trying to communicate with. In addition, phonetic spellings are also included making speaking Turkish a breeze. For example "Okay"—Tamam, is also given as ta-MAHM. This Turkish phrasebook includes: A guide to pronouncing Turkish words correctly. Explanations of basic Turkish grammar, such as, double letters, vowel harmony, agglutination, questions, and negation. Complete Turkish translations including phonetic spellings. Useful and interesting notes on Turkish language and culture. Lots of colorful, fun and useful expressions not covered in other phrasebooks. Titles in this unique series of bestselling phrase books include: Making Out in Chinese, Making Out in Indonesian, Making Out in Thai, Making Out in Korean, Making Out in Hindi, Making Out in Japanese, Making Out in Vietnamese, Making Out in Burmese, Making Out in Tagalog, Making Out in Hindi, Making Out in Arabic, Making Out in English, More Making Out in Korean, and More Making Out in Japanese.

A shimmering evocation, by turns intimate and panoramic, of one of the world's great cities, by its foremost writer. Orhan Pamuk was born in Istanbul and still lives in the family apartment building where his mother first held him in her arms. His portrait of his city is thus also a self-portrait, refracted by memory and the melancholy—or hüüzün— that all Istanbulers share: the sadness that comes of living amid the ruins of a lost empire. With cinematic fluidity, Pamuk moves from his glamorous, unhappy parents to the gorgeous, decrepit mansions overlooking the Bosphorus; from the dawning of his self-consciousness to the writers and painters—both Turkish and foreign—who would shape his consciousness of his city. Like Joyce's Dublin and Borges' Buenos Aires, Pamuk's Istanbul is a triumphant encounter of place and sensibility, beautifully written and immensely moving.
